

Son of Global Crimes

by Josef Kemény 11/12/2018

Anyone cannot be Son of Crimes. He is characterized by his way of leading a double life using different names. His parents were anonymous, and he was put into different families without their knowledge.

Let us take a closer look at one of the families and try to follow their bloody and criminal path to the End of Time. Note that this topic is composed according to what I know and distinct clues and evidence collected from, among other sources, the Internet.

This topic deals with the Scherff family in Dölitzsch, Germany, during the 1930s

The Scherff family in Dölitzsch during the 1930s. On the picture we can see the father, George Scherff Sr, his wife Mrs Scherff his son George Scherff Jr. We also have paternal grandmother Scherff, a number of children and the guests Reinhard Gehlen, Josef Mengele, Martin Bormann (who holds the grandmother's right hand) and Otto Skorzeny. (The guests were members of Gustaf Hitler's secret inner circle between 1933 and 1945). Two persons are missing: paternal grandfather Scherff and the maternal grandfather. Who took this family photo?

The name Scherff is German and Jewish (Askenazi Jews) and comes from the place-name Scherf or Scherfede near Warburg.

Jews lived there in those days and they certainly still do. Using the name *Scherff* as a starting point, I will analyse this family.

In those days, Ashkenazi Jews lived in and around Scherfede.

Mother and son

The photo clearly states that G Scherff was the son of mother Scherff. He looks like his mother, there are certain traits in his face coming from her. The mother does not look particularly Jewish, but the question is: Who was his father? She seems to be around 75 – 80 years old, her son around 55. But the question remains: Who was his biological father?

The mother/son concept gives us an additional clue. Was the mother married to another man and gave birth to his son? This might be the case. The man died and she married a Jew named Scherff. What happened to this Scherff? He was either adopted by G Scherff Sr or stole the family name Scherff. – And then, what happened to this Scherff? There was probably an accident and his family died, except the father, Scherff. We do not really know what happened to him. ‘

There is one more question: when was George Scherff Sr born? According to an American document he was born in 1895 in the US, but if we take a close look at the family photo above (taken between 1933 and 1935) he seems to be around 55 years old. So, according to this photo, he was born between 1875 and 1880.

There is another powerful clue supporting the fact that he was born round 1875: George Scherff was Nikola Tesla’s secretary. Nikola Tesla was a great inventor and scientist who worked in his laboratory in the US as early as in the late 1900s. See the exchange of letters below:

As early as in 1899 Tesla was motivated to develop a transportable system for wireless telecommunications. This was one of his missions while at the Colorado Springs lab, as can be seen from the following two snippets of correspondence:

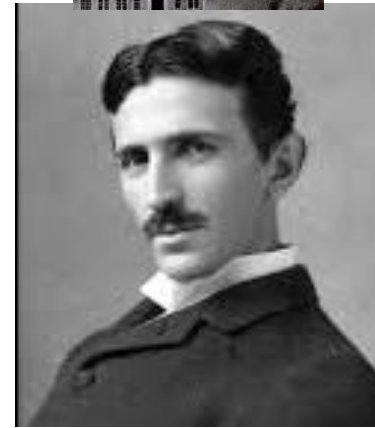

Francis J. Higginson
Rear-Admiral, U.S.N.,
Chairman.

Dear Sir:
I would like to ask you if you if [sic] you can not [sic] arrange to establish a system of wireless telegraphy upon the Light-Vessel No. 66, Nantucket Shoals, Mass., which lies off about 60 miles south of Nantucket Island. . .
Hoping you will give this proposition your early consideration, I am
Respectfully yours,
(Signed)

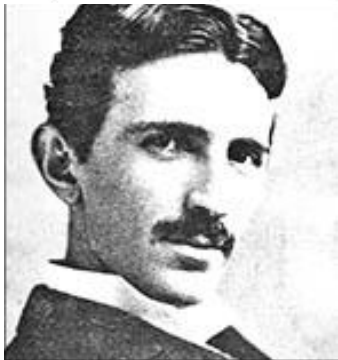

Francis J. Higginson
Rear-Admiral, U.S.N.,

And in a **July 1899** letter from the Colorado Springs lab, Tesla writes to an assistant:

Dear Mr. Scherff,

We want as soon as possible four sizes of this little instrument completed in annexed sketch and there ought to be two pieces of each size, that is, 8 pieces in all. These pieces are to go on the clockworks as Mr. Uhlman will surely understand.

. . . Push this work through as quickly as possible, as I am preparing myself for the plant at Nantucket (for the government) and want to have as much work done as possible before I return.

Yours sincerely,

Prescott Sheldon Bush, 1895-1972
George Scherff Sr around 1875-1972

George Scherff Sr was Nikola Tesla's assistant. His American name was Prescott Sheldon Bush, born in 1895 in the US, student at Yale. There is a forged document on Robert Samuel Bush who was born in 1895 in the US, son of Robert Samuel Bush. According to the source his biological son Clarence Harold Bush was born around 1888 and later on adopted a child. Prescott Sheldon Bush was officially the son of Samuel Prescott Bush, but this Bush had a son, Robert Sheldon Bush, born in 1896, dead, murdered, in 1900. More info at **Industry, Deity**, page 43. George Scherff was around 24 years old and already Nikola Tesla's assistant.

Martin Bormann, 1900-

If we study this family photo carefully, we can expect physical reflexions in the son from his mother and father. There are traces from the mother and his biological father. The next question is when he was born and the identity of his biological father. Is it possible that the son George Scherff Jr, was the son of George Scherff Sr in his marriage with Mrs George Scherff? But, in that case, when was he born? Another clue from the photo above.

Martin Bormann, born in 1900, 33 - 35 years old, Reinhard Gehlen born in 1902, 31 - 33 years old, Otto Skorzeny, born in 1908, 27 - 28 years old, and Josef Mengele born in 1911, around 23 - 24 years old. The photo was taken between 1933 and 1935, two of them are more than 30 years old. We can see that Martin Bormann and George Scherff Jr both are in naval uniform, they were both military staff.

We can see that Bormann liked mother Scherff and holds her right hand. It can also mean that George Scherff Jr and Bormann were good friends. Bormann then lived in Dölitzsch near Scherff's villa. George Scherff Jr looks fairly mature, between 23 - 25 years old. We cannot establish his exact date of birth, but if the photo was taken between 1933 and 1935, he ought to have born between 1910 and 1915. They all seem to be friends gathering around George Scherff Sr.

Martin Bormann, 1900-

If we study Martin Bormann carefully we detect a certain likeness with both George Scherff Sr and Mrs George Scherff. This gives us an additional clue to Martin Bormann's family relationships, his parents and siblings.

Christian Religion

The Martin Bormann family, according to the Internet: His father Teodor worked for the post office and had two wives, Louise (Grobler) and Antonie Bernhardine (Menning). He had two children with Louise, Walter and Else. Louise died in 1898. Then Teodor Bormann married again, this time with Antonie and had two sons, Martin and Albert. There was a third child in the family, but there are no records on this child.

In **1903** Teodor Bormann died. Antonie Bernhardine then married Albert Vollborn, according to the Internet.

Also the mother of M. Bormann

The reason behind this discovery is that Martin Bormann reminds us of both George Scherff Sr and Mrs George Scherff. This makes us have a closer look at his family. His father could beget children children and all his children, with two different women, looked like him. This is why I think Theodor Bormann had a young brother called George Scherff Sr, as also he looked like Theodor Bormann's three sons who could also beget children. More information on page 8.

The name Scherff is Jewish and comes from Scherfede in Germany. Which is the difference between emblem A and B? The A emblem depicts a vase in the shape of a red heart. Three 6-pointed stars rest on the red vase. The yellow 6-pointed star is a Star of David as a symbol of the Jews. The colour yellow is a symbol for the Sun, the Lion, three stars represent Trinity in Christianity. Three green stems are placed into the vase with three 5-pointed stars. These are also Christian symbols. The emblem's message is this: Deep down you are a Jew, but it is alright to convert to Christianity. If you are a Christian it is also possible to appear as a Jew, although you are not. In this way you can mislead the world. Emblem B tells us that deep down you are a Jew and only Jews come from a Jew. 'Three' is a Christian symbol, e.g. Trinity and three Christs.

The Scherff family. The family name is Jewish, but the members of the family are Christians.

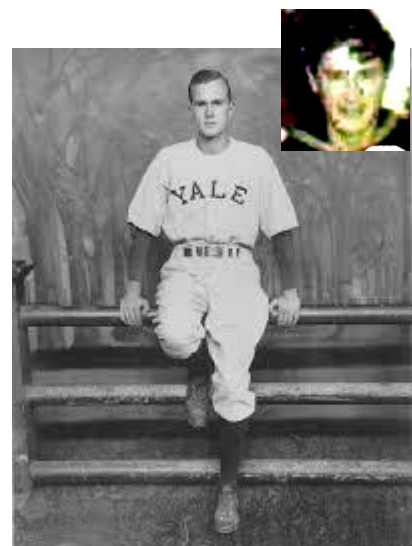

George Scherff Sr and Gustav Hitler

George Scherff Jr.

Gustav Hitler and George Scherff Sr

One further indication that the Scherff family were Christians. Next to Gustaf Hitler is George Scherff Sr in the most secret group surrounding G Hitler. He killed around six million Jews and they had nothing to do with Hitler's top-secret gang.

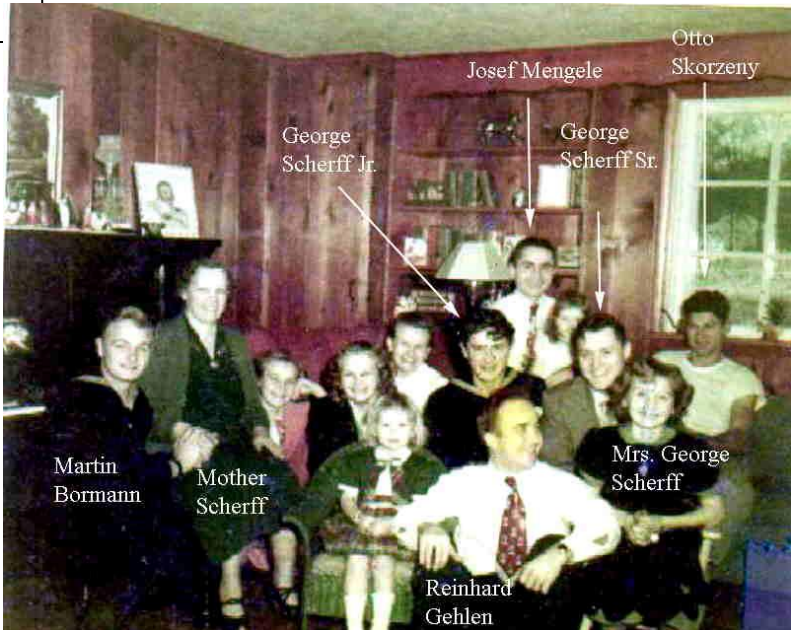

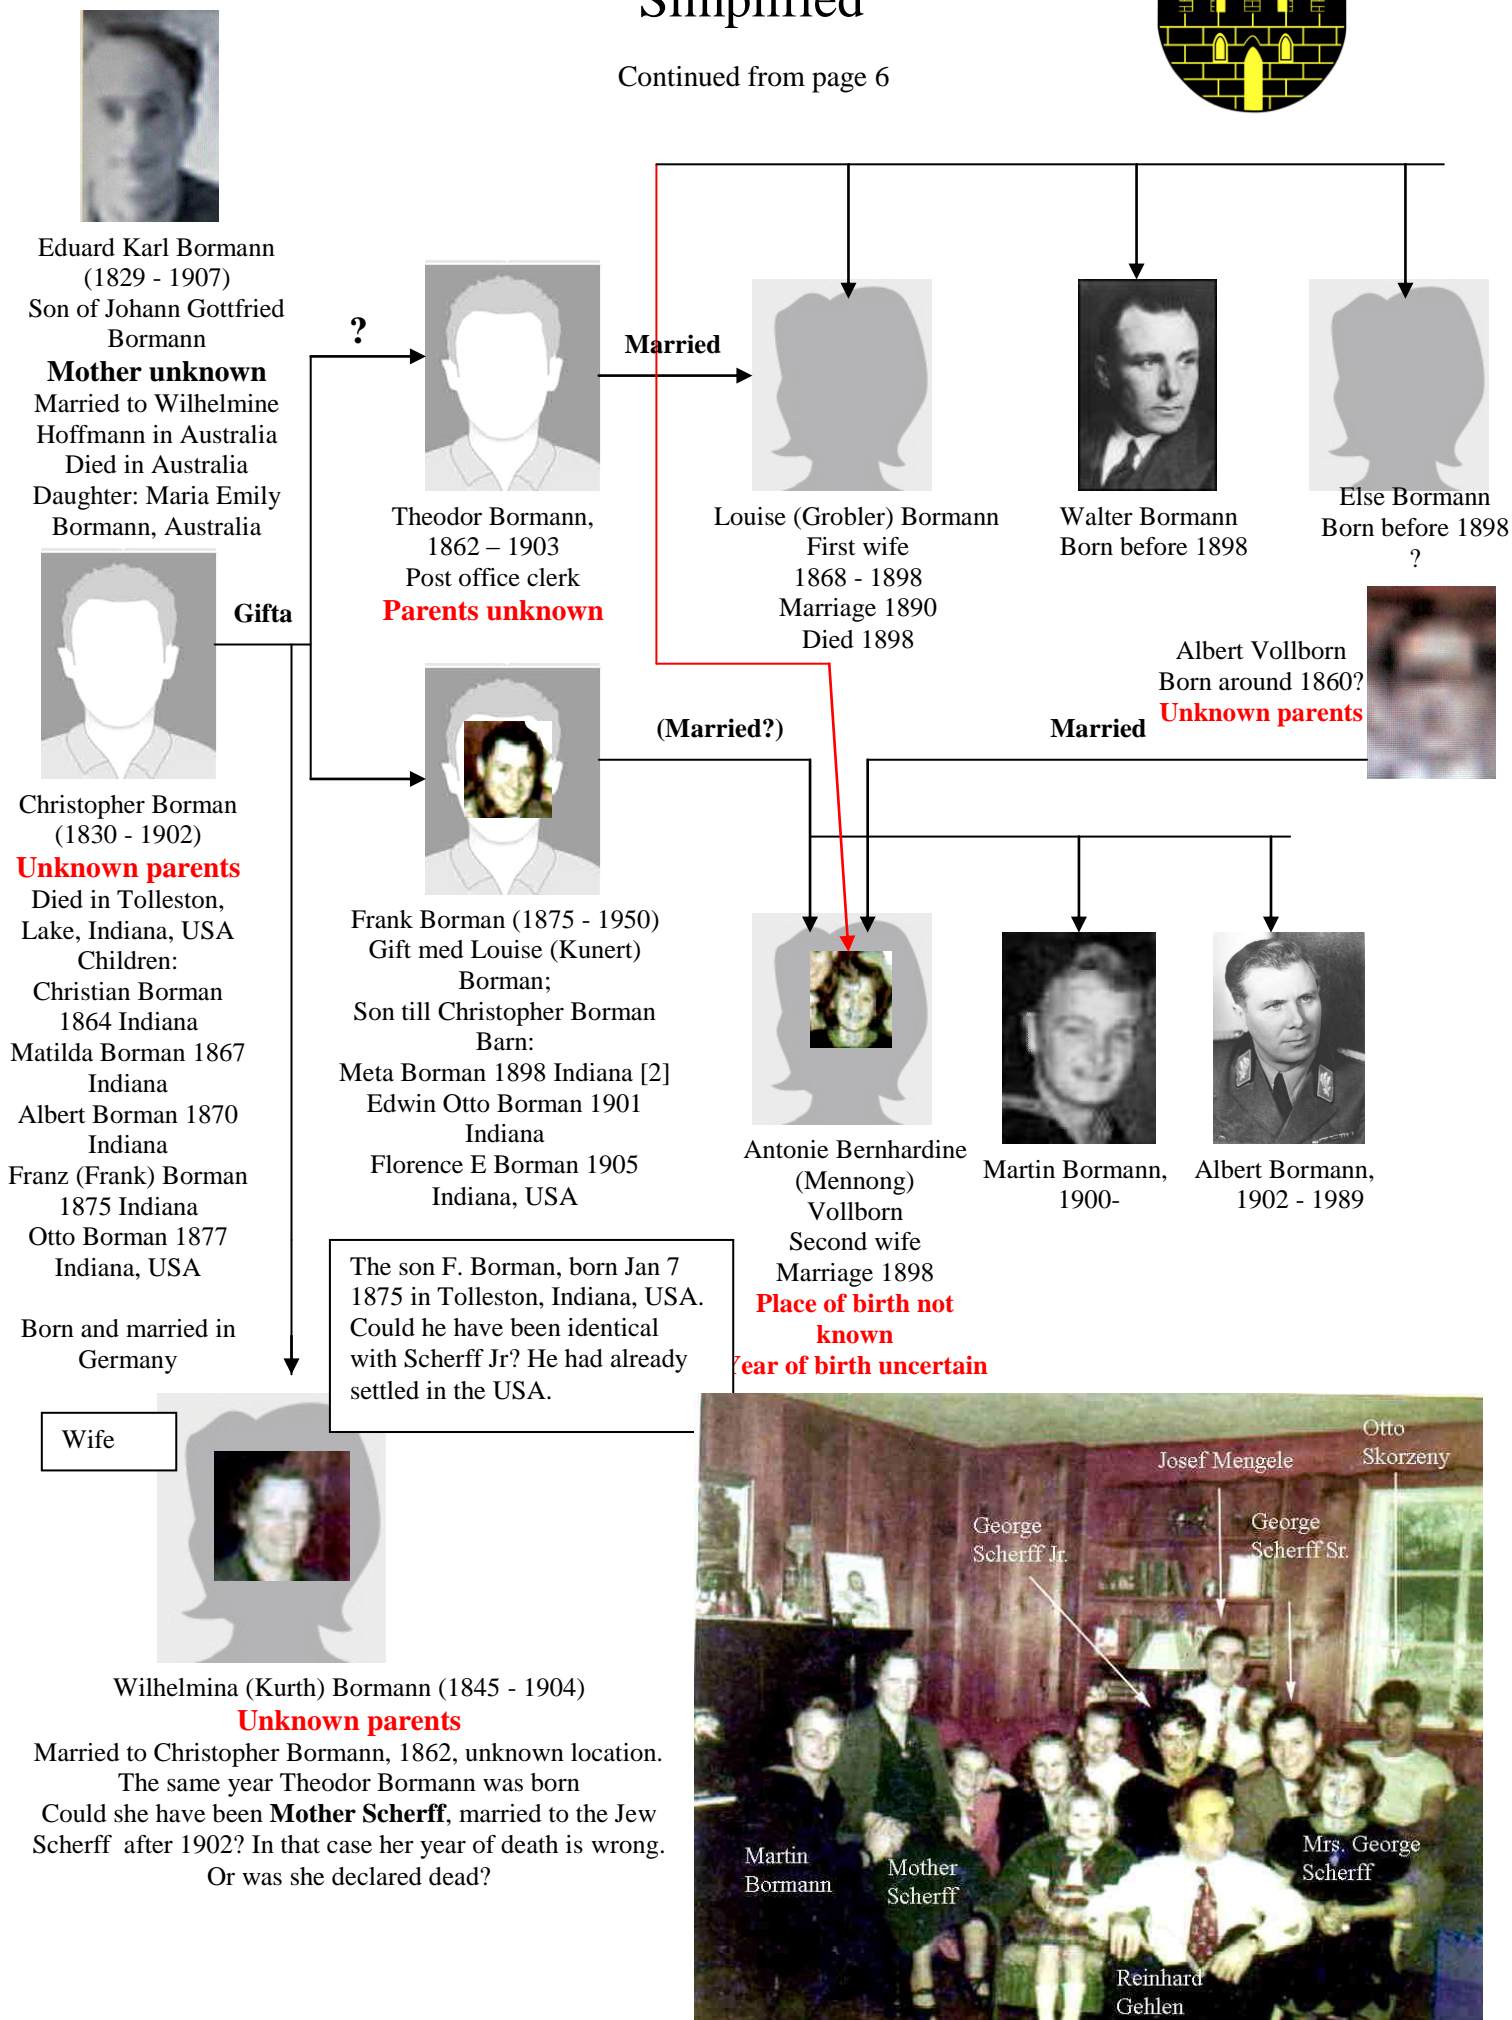

The picture is a genuine document and documents do not lie. It reveals that the Scherff family were Gustav Hitler's closest friends during his government between 1933 and 1945.

Bormann's family tree Simplified

Continued from page 6

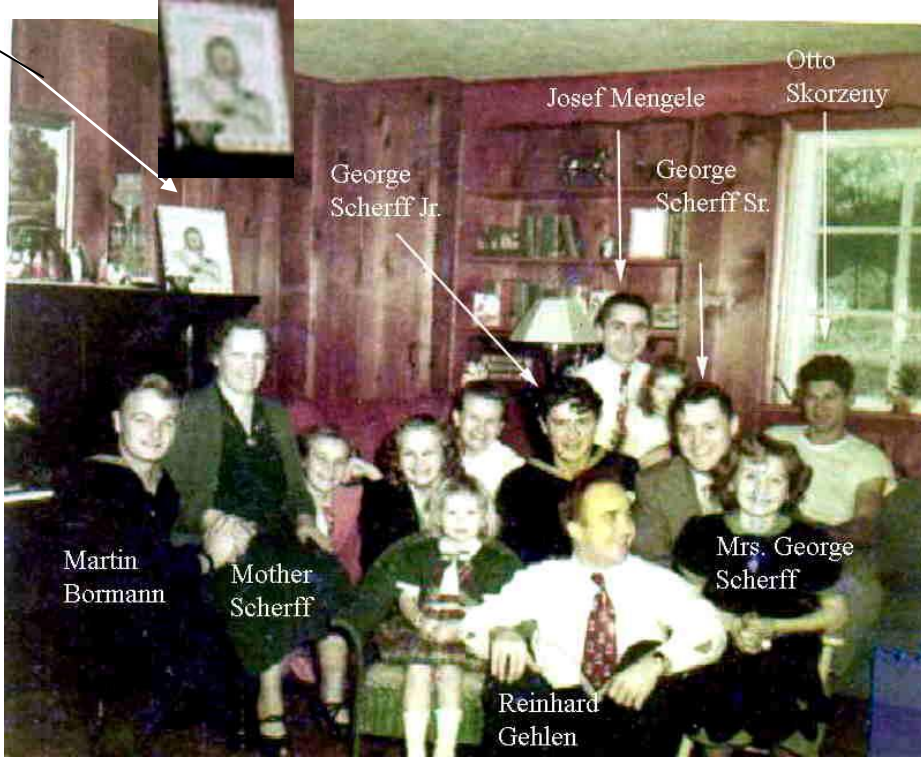

This is a very intricate situation. Wilhelmina (Kurth) Bormann was married to Christopher Bormann, parents unknown. They married in 1862, the year Theodor Bormann was born, also parents unknown. According to the source they went to the US in 1863 and their first USA-born child appeared in 1864. F Bormann was born in 1875. Could it be that the mother was declared dead in 1904, returned to Germany and married Scherff? Her husband Christopher Bormann died in 1902, the children were adults. This is why she could leave the US and return to Germany where she married the Jew Scherff. She probably had no financial problems. Who Scherff was and what happened to his family, we do not know. (Maybe there was an accident which killed the family except the father, Scherff)

Anyway, they lived in the small Dölitzsch community and the son, F Bormann, could settle there with his Scherff family and simultaneously work in the US, using the names Bormann or Scherff. Anyone who reads this might ask if there is any evidence that Scherff also worked in the US. Yes, there is. – We know for sure that Scherff Sr was Nikola Tesla’s assistant in the US as early as in the late 1800s. Tesla worked in his laboratory in New York and wrote a letter to his assistant Scherff SR in July 1899. There are more letters from Tesla to Scherff Sr in 1918.

This can prove that George Scherff Sr led a double life. Teodor Bormann’s widow married again to a man named Albert Vollborn. We do not know what happened to Albert Vollborn, maybe his wife, Antonie Bernhardine (Mennong) Vollborn became a widow again. There is also a possibility that Scherff Sr married Teodor Bormann’s and Albert Vollborn’s widow and had a son with her, **George Scherff Jr**, around 1910. A reincarnation of Eduard Karl Bormann.

F. Bormann’s/Scherff Sr’s wife Louise (Kunert) Borman died in 1974 in the US, almost 100 years old and unaware of her husband’s double life. I do not know the whereabouts of the brothers Martin and Alfred Bormann, but the photo clearly shows Martin holding Mother Scherff’s right hand. It is possible that she was Martin’s paternal grandmother. He lived close by. Maybe the photo was taken by the young brother Albert.

N.B. Above the mother, Mrs Scherff, is a portrait on the piano probably of a man. Can he be the original Scherff ?

Eduard Karl Bormann

George Scherff Sr/Frank Bormann
Probably Christopher Bormann’s son.

Martin Bormann

Albert Bormann

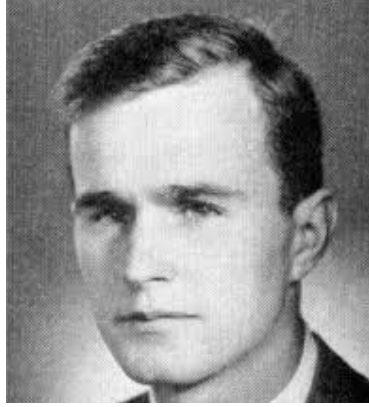

Walter Bormann

Teodor Bormann’s sons with two women, see above.
We can also see that, according to the pictures, Martin, Albert and Walter were George Scherff Jr’s half brothers on the paternal side.

Note that it is my own, personal observations that give the background to the origin of George Scherff Sr and George Scherff Jr. The strongest clue is that Martin Bormann resembles both George Scherff Sr and Mrs Scherff, especially Scherff Sr, and he has a personal relation to Mother Scherff according to the family photo above. The evidence is not complete, but good enough to provide us with a reason to study Martin Bormann's family. The lineage seems to start with Christopher Bormann via George Scherff Sr, only the name seems to be Jewish. G Scherff was established in the US as early as in the late 1800s and he was Nikola Tesla's assistant. At the same time he lived and worked in Germany and the two Scherffs were secret members of Gustav Hitler's gang after 1933. Nothing was impossible in that family, laws and rules were ignored. Strange family where important members have no place of birth or date of birth, they are removed, see page 8 above. Therefore it is not easy to find information on George Scherff Sr and Jr. But pictures are also documents and give us circumstantial clues regarding their origin.

After the end of the Second World War in 1945, the Scherff family lived in the US using the family name Bush. The American Samuel Prescott Bush, 1863 – 1948, became the new father of **Prescott Sheldon Bush**. Was it an adoption or quite simply a scam? Samuel Prescott Bush died in 1948 and his biological son Robert Sheldon Bush, born in 1896, died in 1900. It was easy to accomplish the scam. As I understand it, the Bush family was planned early, since **George Walker Bush** is a reincarnation of, among others, **Reynold Bush**, 1567 – 1656.

We can briefly summarize that **George Walker Bush** comes from England, **John Bush Sr** and from Germany, **Christopher Bormann/Scherff**. More info at **Industry, Deity**, pp 42 - 44.

A brief biography on John Edgar Hoover.

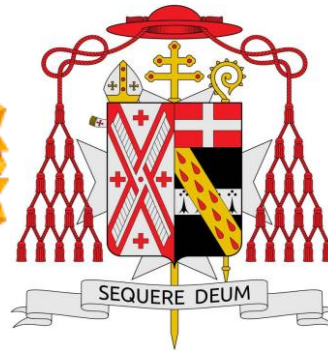

J. Edgar Hoover was the head of the FBI during 48 years, from May 10 1924 to his death in 1972, the longest period of time served by anyone in American administration. During his time in office he served under eight different presidents. Nobody dared challenge Hoover who certainly possessed compromising material and secret personal files on most American politicians.

Hoover often went beyond his authority, he was blamed for having blackmailed well-known individuals in politics, administration, the army and big business, and also for having illegally persecuted politicians. Hoover's COINTELPRO program used Mafia-like methods to split up groups such as Socialist Workers' Party, Ku Klux Klan, Black Panthers' Party, Nation of Islam and Southern Christian Leadership Conference.

There have been rumours that Hoover was a homosexual and that the Mafia in the US had pornographic photographs of Hoover and his closest assistant, Clyde Tolson, in homosexual activities. This was behind Hoover's alleged reluctance to fight organised crime. The suspicions around Hoover's sexual preferences and his relations with Tolson were mainly based on the fact that they were both bachelors and that Hoover lived at home with his mother until she passed away, when Hoover was 43 years old. Nothing has ever been proved (according to this short biography he was very powerful in the US, almost as powerful as the president).

On January 4, 1953, George Scherff Sr, Tesla's personal assistant visited Nikola Tesla in his hotel room. They discussed important issues such as the financing of some projects. Nikola Tesla called Scherff Sr 'curious' since he always wanted to know what was going on and what was to come according to plans. However, he **hated** George Scherff Jr and vice versa, Scherff Jr hated Tesla.

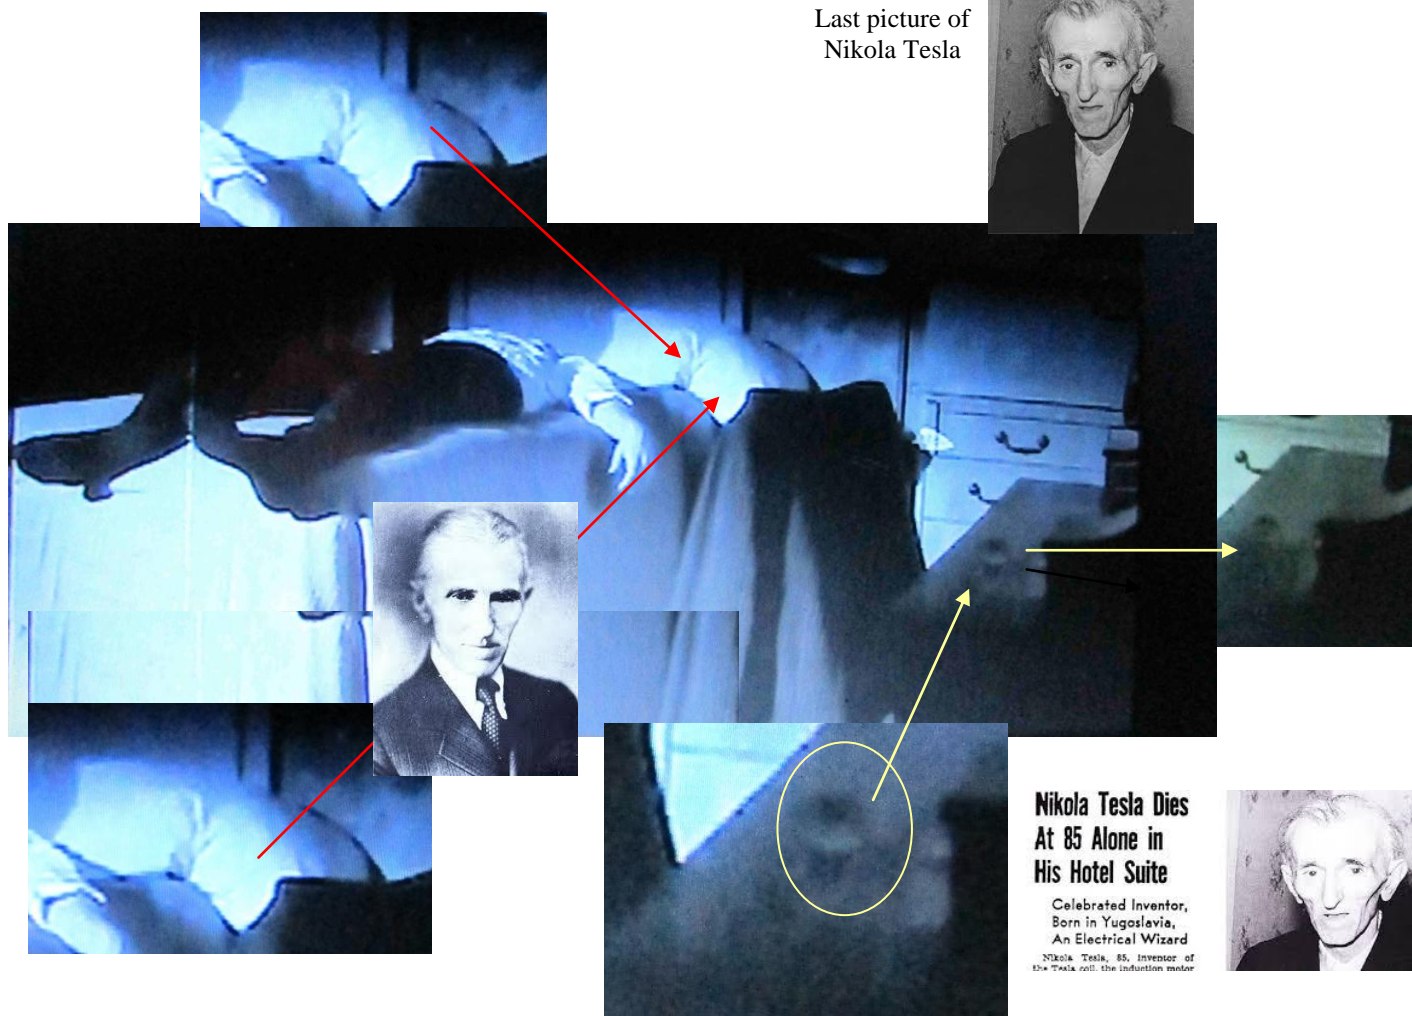

On January 6, 1943, Nikola was murdered in his hotel room in New York.

The FBI has, in September 2016, made public some documents concerning the death of the inventor Nikola Tesla. The FBI singles out Sava Kosanovic as the main suspect of the murder.

In 2017 – 2018 the writer Erik Orion was interviewed about the Tesla murder in a tv documentary. The murder was carried out by Otto Skorzeny and Reinhard Gehlan. He gave a detailed account of how the murder was accomplished. – They greeted Tesla who asked them to come in and he brewed some tea. They pretended to come from the American OSS. When he turned his back, Gehlen got hold of his arms and Skorzeny suffocated him with a pillow. Nobody believed this story. As far as I know, the FBI never carried out a proper investigation.

I always maintain that after something has happened, there is some trace, weak or strong, in this case of the Tesla murder. If we carefully study the picture above made public by the FBI in September 2016, we find the solution of the murder. Here, the reader of this text can place himself/herself in the New York hotel room where the murder was carried out on January 6 1943.

Last picture of Nikola Tesla

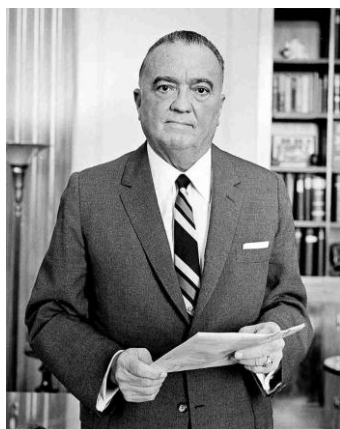

Nikola Tesla Dies At 85 Alone in His Hotel Suite

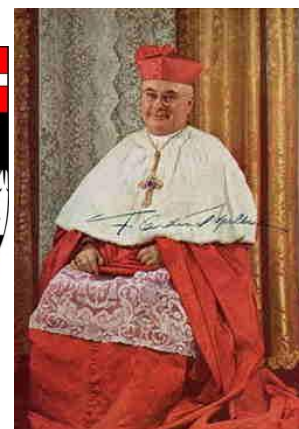

Celebrated Inventor, Born in Yugoslavia, An Electrical Wizard

I believe that Erik Orion had not seen this picture of Tesla before the interview. I again give you the story: 'They greeted Tesla who asked them to come in and brewed **tea**. They pretended to come from the American **OSS**. When he turned his back Gehlan got hold of his arms and Skorzeny suffocated him with a pillow.' If we study photos we can see the **teapot** on the desk. Tesla's jacket is on the desk chair. He was standing in front of the bed and Gehlen kept firm hold of his arms while Skorzeny suffocated him with the pillow. After his death he was thrown upon the bed. The photo depicts two pillows and the teapot on the desk. The room is empty, the documents are gone. The conclusion is that Erik Orion's story completely tallies with the picture above. We can maintain that the FBI handed out evidence of the Tesla murder indicating that Skorzeny together with Gehlan murdered Nikola Tesla, commissioned by Scherff Jr. Officially, Nikola Tesla died in room 3327 on January 7, 1943, from failure of the heart.

Drops of blood, symbol of murder

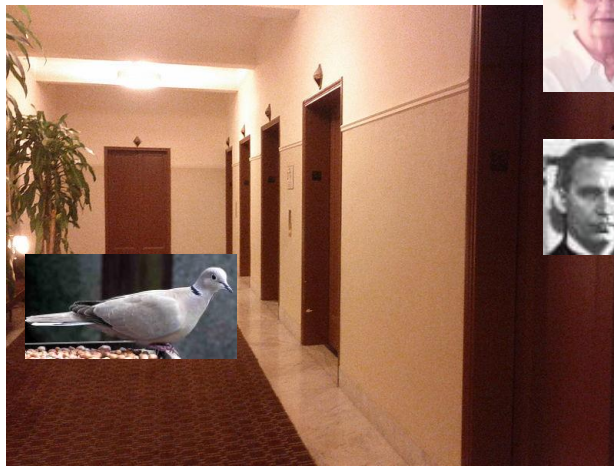

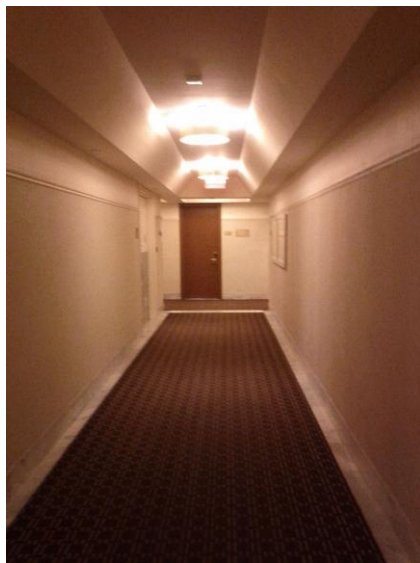

Cardinal and Arch Bishop Francis Spellman of New York, 1943

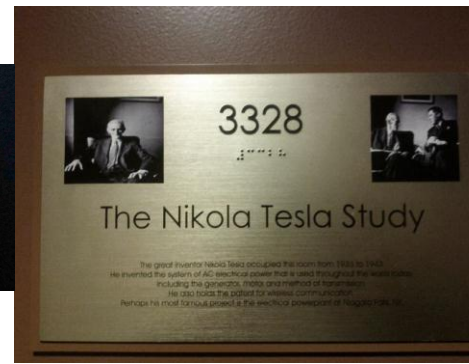

Behind the murder of Nikola Tesla was George Scherff Jr who gave the orders, the FBI boss Hoover and Cardinal and Arch Bishop Spellman of New York (Pope Pius XII's favourite), also involved in the actual murder. It was probably J Edgar Hoover who sent Gehlan and Skorzeny to the hotel in order to kill Tesla. He recommended the murderers to say to Tesla that they came from the OSS. Tesla had confidence in the OSS under the leadership of President Roosevelt, since Tesla secretly had worked for the USA. Cardinal Spellman was a homosexual, as was Hoover. He also took part in criminal activities and had Nazi contacts via the Vatican. He was the Pope's American favourite. Spellman's cardinal coat of arms depicts, among other items, drops of blood as a symbol of criminal activities, e.g. murder. At that time, the head of the FBI had almost limitless power in the US. Tesla was the son of Milutin Tesla, priest in the Serbian Orthodox Church and his mother Duka was the daughter of a Serbian Orthodox priest. His religion was not good enough for the Vatican and for the Jesuits.

Nikola Tesla was murdered on the Orthodox Christian Christmas Eve. He had a black suit, the jacket was on the desk chair. He was probably about to celebrate Christmas when the murderers hit...

On July 15 1942 King Peter II of Yugoslavia visited Nikola Tesla on his hotel, the New Yorker.

Today we know that the the designer, engineer, inventor and scientist Nikola Tesla was murdered on January 6 1943 in his hotel room in New York. His death was made public on January 7, Christmas Eve according to Orthodox-Christian tradition. – The most important question is why he was murdered, an innocent man who had devoted his life to peace and humanity. Why, why, and again, Why?

We find the clues in the dark, secret world. This world does not belong to humanity, it is Mammon’s world and there we find the clues which lead us to the solution of the murder case. The first clue is floor 33 and the number of the hotel room, 3327. According to numerology both floor **33** ($33= 3+3=6$) and room number **3327** ($3327=3+3+2+7=15=1+5=6$) end in the digit **6**. **He was murdered on January 6**. He lived his last 10 years in this room. The clues tell us that his murder was carefully planned in advance to be carried out on this appropriate day, January 6, 1943.

In 1943 the gates to 'Mammon’s World' or 'Gate' were opened. According to the main source, George Scherff Sr, he visited Tesla at his hotel on January 4 1943. Scherff Sr was Tesla’s personal assistant and almost everything concerning Tesla’s activities in the US such as contacts, financing and other important business were handled via his assistant. Tesla called him 'curious'. Scherff wanted to know everything that concerned Nikola Tesla. Scherff Sr gathered information on Tesla during his last days, that was what made his last visit on January 4 important.

The second clue is a white dove which affected him. Towards the end of his life he said, among other things, that a certain white dove visited him every day and their love for each other was mutual. Many biographers mention that Tesla viewed the death of the dove as 'the last blow' against him and his business. During his last year he suffered from extreme light and sound sensitivity. Now we have an important clue, but what does the white dove and his love mean in this context?

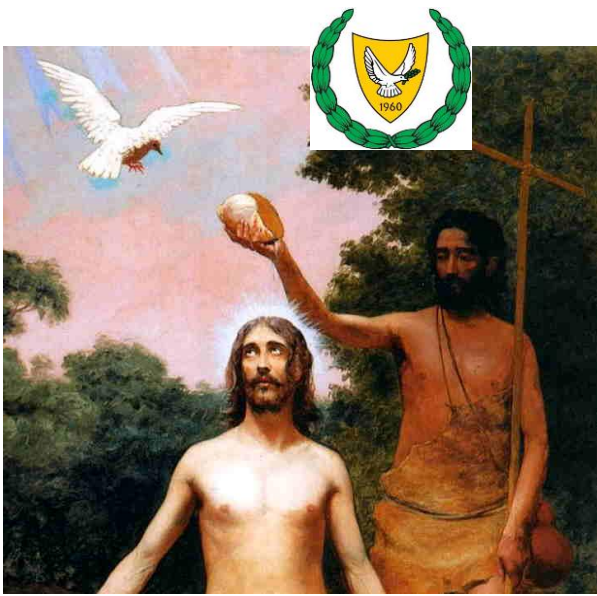

A white dove as a symbol of peace

In Christian religion the white dove is a symbol of the 'Holy Spirit'. We can also find it in the Orthodox religion.

It is also a symbol of a woman, i.e. the Holy Spirit is a female soul.

The white dove is a symbol of peace and woman, a female symbol.

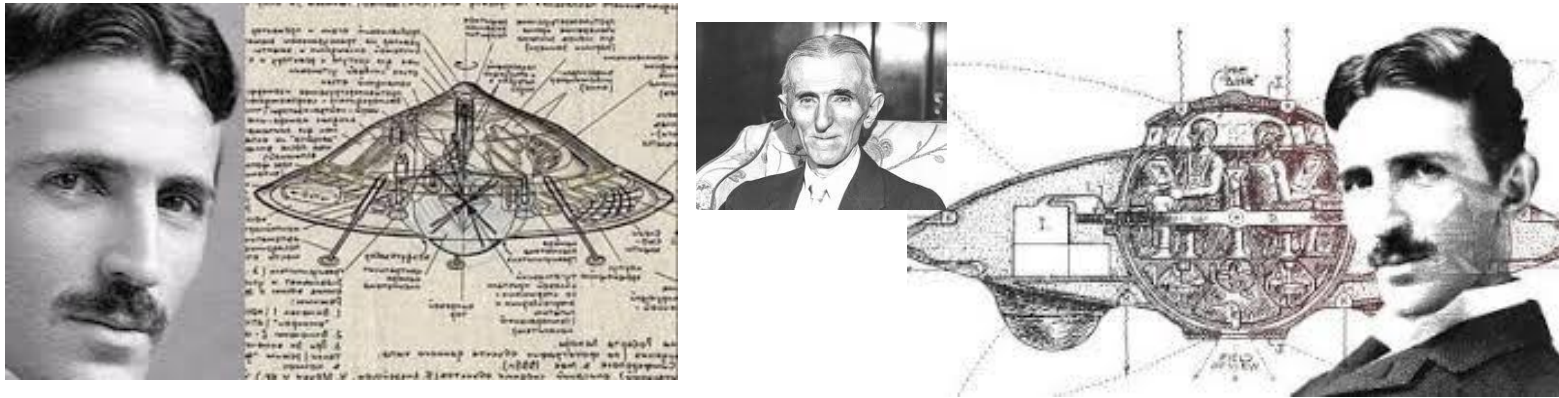

The white dove as a symbol of the Holy Spirit in Christianity. Also in Orthodox religion and the national coat of arms of Cyprus.

Nikola Tesla left behind possibly the best clue to his death, the white dove. I do not know if he saw or met the white dove in his vision, a female soul in the shape of a dove. He had this vision together with a penetrating light in his hotel room and heard the dove on a daily basis outside his hotel. The message is the white dove.

On January 6, 1943 Nikola Tesla was murdered in his hotel room in New York by Otto Skorzeny and Reinhard Gehlen. The murder on **6** January coincides with floor 33—**6** and hotel room 3327—**6** according to numerology. This means that the murder was carefully planned in advance by Scherff Jr and the FBI. A paper message not found in the hotel room, **do not disturb**, was placed on the door handle outside the room to avoid unnecessary attention after the murder. They disappeared without a trace, assisted by the FBI and Scherff Jr. The murder is also connected to the death of the white dove. On January 7 Tesla’s body was found by the maid Alice Monaghan who chose to ignore the sign on the door handle. Then the FBI arrived. They confiscated all Tesla’s documents, things and his oscillator. The most important documents with information on the creation of anti-gravity surrounding a flying machine (UFO/flying saucer) were permanently seized by the FBI.

In 1911, Nikola Tesla told The New York Herald that he was working on an anti-gravity “flying machine”.

Back to Tesla's white dove. This dove leads us to the double dove, see above, but also to a dove which has eyes and can see and to a dove which is blind but has no sin. One dove dies, the second one lives. The dove which can see dies and takes us to Revelation where UFO/space ships gather as symbolic white clouds. This also takes us to the production of flying machines or space ships, called 'flying saucers.' When time is ripe, someone will return to Earth in such a space ship, a white cloud. In Nazi Germany they produced a flying machine named 'Die Glocke'. In the USA Nikola Tesla handled his own flying machine.

Nazi Germany, also called 'The Third Reich', was founded in 1933 and was supposed to survive until the End of Time, 2012. That was when the black sun, the neutron star, would again appear in our solar system. If Gustav Hitler had won the Second World War, the Third Reich would have welcomed the black sun in 2012. More info at **Industry, The Maya Calendar and Omega.**

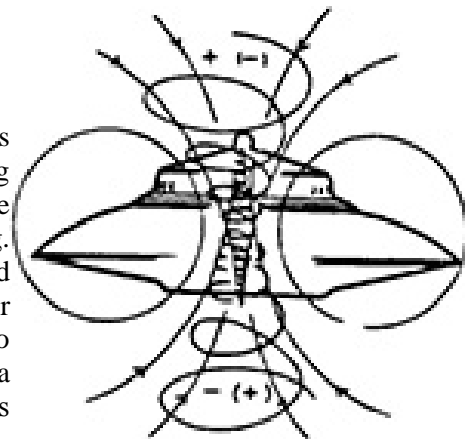

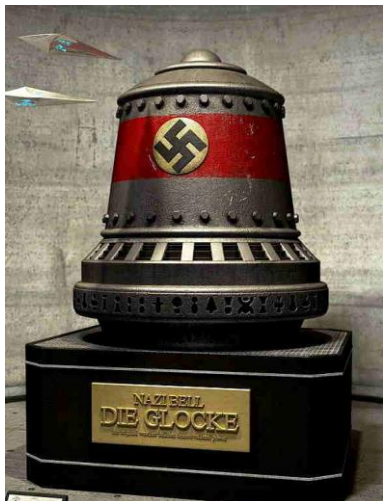

Black sun, neutron star, Nemesis

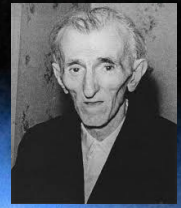

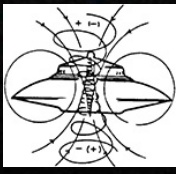

Black sun, neutron star, Nemesis

In those days Nikola Tesla worked together with Otis T Carr with the project 'flying machine' OTC-XI'. He also worked with the anti-gravity system.

Simultaneously, in Germany, East Prussia, research was going on regarding UFO and the production of flying machines. The projects were called Haunebu and die Glocke, managed by SS-Oberführer Jakob Sporrenberg. The UFO research and anti-gravity experiments carried out by the allies were top secrets. – When Scherff Sr visited Tesla for the last time, on January 4, he probably to wanted to study the secrets of anti-gravity, but Tesla refused. I believe this was the cause of Nikola Tesla's death.

We can finally conclude that Nikola Tesla himself told the world about the white dove, maybe the strongest clue we have regarding his death. The cause of his death was a combination of religion and technology.

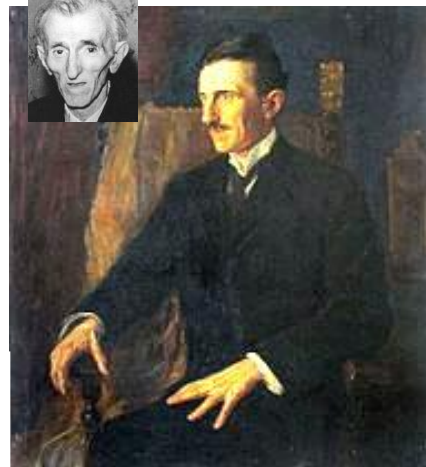

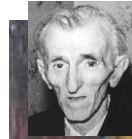

1844-1893

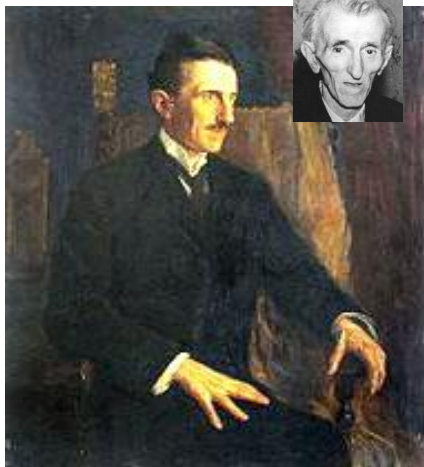

Tivadar Puskás

Tivadar Puskás was a Hungarian inventor, known for his work with the telephone switchboard.

In 1880 Tesla moved to Budapest in Hungary to work for Tivadar Puskás at the national telecommunication company. Tesla and Puskás worked together and Tesla mastered the Hungarian language.

Tesla on the Blue Portrait from 1916, painted by the Hungarian Princess Vilma Lwoff-Parlaghy.

Short summary of Nikola Tesla: Born on July 10 1856 in Smiljan, The Austrian Empire (present-day Croatia). Lived in the Austrian Empire, Austria-Hungary, France and the US. Citizenship: Austrian-Hungarian (1856 – 1891), American (1891 – 1943). Tesla mastered several languages. Besides Serbian/Croatian he mastered seven other languages: Czech, English, French, German, Italian and Latin. Women were also close to him, e.g. Dorothy Skerritt.

Nikola Tesla was a vegetarian.

An interesting question: Who was Nikola, really? We know that he was before his time, he was superior to almost everybody else. As early as in Tesla's days some people believed that he really was an angel persona from Venus who had been sent to Earth with knowledge for humanity. Some people, like present-days Nuwaubianists, still believe this. Are there further clues that may confirm that he came from Venus? – Tesla's future flying machine would have a cigar or saucer shape. In Adamski's and other book on UFO these types of space ships come from, among other places, Venus. Simultaneously, in Nazi Germany, there was research on and production of flying machines, assisted by aliens who had Venus connections. So, it is quite possible that Tesla came from planet Venus. More info at **Industry, The Ark: The Cosmic Global Flood**, pp 25 - 29.

I finally think about Tesla and Einstein. Tesla criticized Einstein's theory of relativity. – Tesla said: 'I maintain that space cannot be bent for the simple reason that it cannot have any property. We could as well suggest that God has properties. He has not, only characteristics and we have created them. We can only talk about properties when we are dealing with matter which occupies space. Being able to state that space is bent is like saying that something can be affected by nothing. I, and many others, refuse to write our names below such a concept.'

I can add to these high levels of knowledge that both Tesla and Einstein were right. If we know the form of the world we live in, with matter that fills it at different levels of frequency, dark matter, we can say that space is bent around the edges. God is not the creator of the world, but God possesses characteristics which point to high levels of knowledge. – More info at **Industry, The Ark: The Cosmic Global Flood**, pp, 45 - 58 regarding Albert Einstein's background.

I can add this: My father, Tibor Kemény, designer and jack-of-all-trades, also knew all the secrets surrounding flying saucers and repeatedly said that he had built one himself. He showed me how to build one. It is good to also have a high level of technology knowledge for human purposes.

The Little White House
President FDR's mysterious death

President Franklin D. Roosevelt,
4 March 1933 – 12 April 1945

Note that when I use the word 'murder' in this context it is my own construction of important clues I had when I wrote *Evolution*, pp 23 – 36, about The War Refugee Board, WRB. This was an American Authority which was active during the end of the Second World War 1944 – 45. Its purpose was to save European Jews from the Holocaust. President Franklin D Roosevelt worked behind the scene and the authority came close to saving Raoul Wallenberg and was a safe haven for the Jews. President Roosevelt suddenly died on April 12 1945, shortly before the end came to Gustav Hitler on April 30. This was the most important month at the end of the Second World War. I immediately asked myself why Roosevelt died during this month. Why, why, and again Why? OK, he was ill, but anyway...

Gustav Hitler, using the name Adolf Hitler, came to power in Nazi Germany in January 1933. Franklin Roosevelt started his time in the White House in March 1933. G Hitler's reign lasted 12 years and Roosevelt died on April 12. This is the first clue I can find and I take in my hand.

Einstein's och Szilárd's letter to Roosevelt

Albert Einstein
Old Grove Rd.
Massau Point
Peconic, Long Island
August 2nd, 1939

F.D. Roosevelt,
President of the United States,
White House
Washington, D.C.

Sir:

Some recent work by E.Fermi and L. Szilard, which has been communicated to me in manuscript, leads me to expect that the element uranium may be turned into a new and important source of energy in the immediate future. Certain aspects of the situation which has arisen seem to call for watchfulness and, if necessary, quick action on the part of the Administration. I believe therefore that it is my duty to bring to your attention the following facts and recommendations:

In the course of the last four months it has been made probable - through the work of Joliot in France as well as Fermi and Szilard in America - that it may become possible to set up a nuclear chain reaction in a large mass of uranium, by which vast amounts of power and large quantities of new radium-like elements would be generated. Now it appears almost certain that this could be achieved in the immediate future.

This new phenomenon would also lead to the construction of bombs, and it is conceivable - though much less certain - that extremely powerful bombs of a new type may thus be constructed. A single bomb of this type, carried by boat and exploded in a port, might very well destroy the whole port together with some of the surrounding territory. However, such bombs might very well prove to be too heavy for transportation by air.

-2-

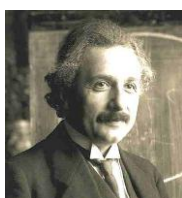

The United States has only very poor ores of uranium in moderate quantities. There is some good ore in Canada and the former Czechoslovakia, while the most important source of uranium is Belgian Congo.

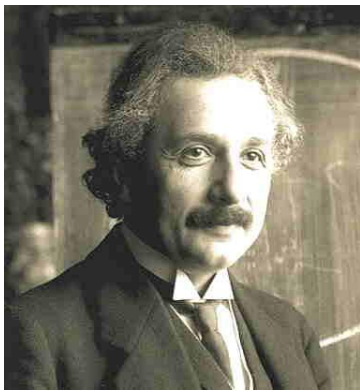

In view of this situation you may think it desirable to have some permanent contact maintained between the Administration and the group of physicists working on chain reactions in America. One possible way of achieving this might be for you to entrust with this task a person who has your confidence and who could perhaps serve in an unofficial capacity. His task might comprise the following:

- to approach Government Departments, keep them informed of the further development, and put forward recommendations for Government action, giving particular attention to the problem of securing a supply of uranium ore for the United States;
- to speed up the experimental work, which is at present being carried on within the limits of the budgets of University laboratories, by providing funds, if such funds be required, through his contacts with private persons who are willing to make contributions for this cause, and perhaps also by obtaining the co-operation of industrial laboratories which have the necessary equipment.

I understand that Germany has actually stopped the sale of uranium from the Czechoslovakian mines which she has taken over. That she should have taken such early action might perhaps be understood on the ground that the son of the German Under-Secretary of State, von Weizsäcker, is attached to the Kaiser-Wilhelm-Institut in Berlin where some of the American work on uranium is now being repeated.

Yours very truly,
A. Einstein

In August 1939 Szilárd wrote a letter to President Roosevelt about the urgent need for American atom bomb research. Albert Einstein signed the letter on Szilárd's initiative. The letter was later called 'the letter from Einstein' or 'the Einstein-Szilárd's letter', see above. The letter also mentions Enrico Fermi. At the time Nazi Germany had a successful atom research and these four scientists were worried.

Leó Szilárd moved to Germany in 1919. He came to Humboldt-Universität zu Berlin where he attended lectures by, for example, Albert Einstein. Szilárd fled to England from the Nazis in 1933. As he believed that a new war in Europe was imminent he moved to the US where he arrived in 1938. Edward 'Ede' Teller received his university education in Germany, first in Karlsruhe and after that by Werner Heisenberg in Leipzig. Since he was a Jew he first, in 1934, emigrated to Copenhagen where he worked with Niels Bohr and a year later to the US. Both Leó Szilárd and Edward Teller knew about the German atom research. – This letter can be the second clue...All four of them were more or less involved in the development of the atom bomb.

Dr Howard Bruenn (1905–1995)
the President's doctor

On March 30, 1945, F.D.R. went to his house in Warm Springs, for vacation and rest until April 14. Among all stories about President F D Roosevelt's death, I have chosen Dr Howard Bruenn's memo called "Full text of "Interview With Dr Howard G. Bruenn, Cardiologist to President Franklin D. Roosevelt".

On April 11 1945 photographer Nicholas Robbins visited the President's home and took photos in the presence of the valet and the doctor.

The President had breakfast, he felt fine.

He is on a car trip...

Time for lunch...

Elizabeth Shoumatoff, the artist who portrayed the President.

The public baths where Howard Bruenn was swimming when Secret Service brought the message.

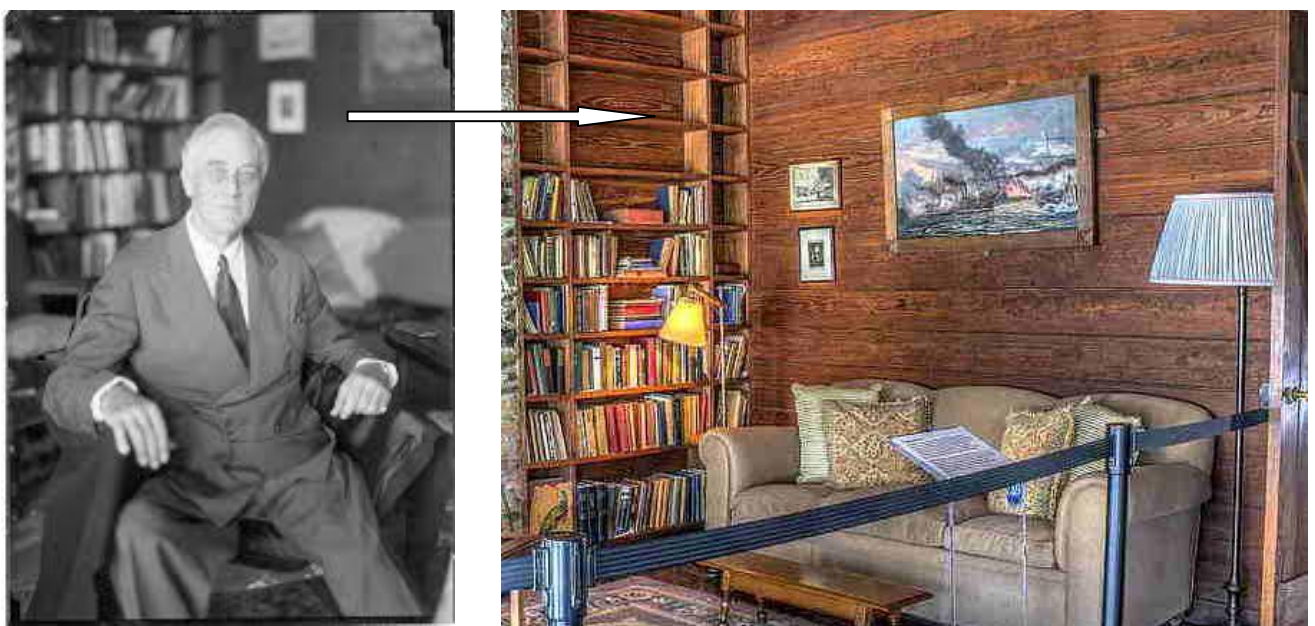

On 12 April 1945, in Warm Springs, this is what happened according to Dr Howard Bruenn, the President's physician. F.D.R. had breakfast in the morning together with his cousins Margaret Suckley and Laura Franklin Delano. They then took a ride in the car. F.D.R. felt fine and Bruenn wanted to take a bath and swim. He went to the public baths where Secret Service appeared and said something had happened to the President.

'They escorted me to the villa and he was unconscious. Arthur Prettyman, the President's valet, carried him to the bedroom, put him on the bed and did what he could, which was not much. Then he contacted Ross McIntire in Washington. He informed Mrs Roosevelt and the doctor Paullin who went to his car and drove here immediately. It took him around two hours.

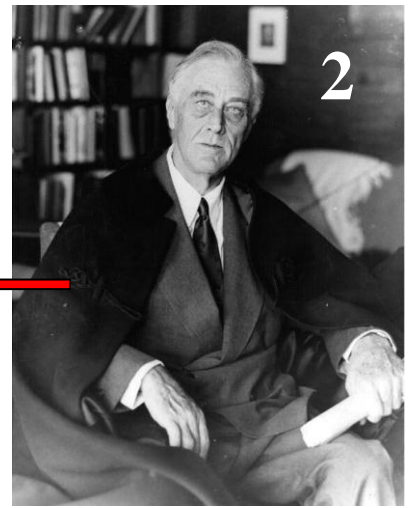

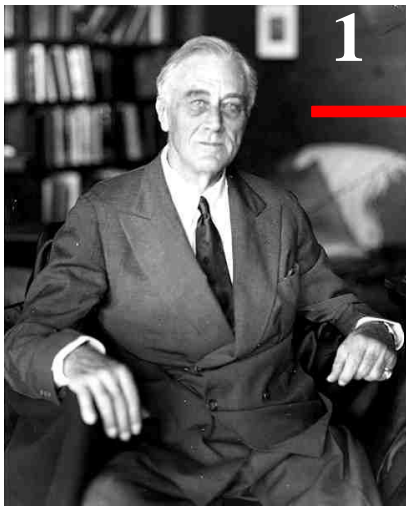

I was by his bed and administered artificial respiration, then his heart stopped and he stopped breathing. Paullin came and we tried to start his heart again, but it did not work – nothing worked.

Elizabeth Shoumatoff had started painting the President's portrait around midday on April 12. Roosevelt had lunch when he said 'I have a terrible headache.' Then he slumped in his chair, unconscious and died at 3.35 in the afternoon. There was never time for the artist to finish her portrait.'

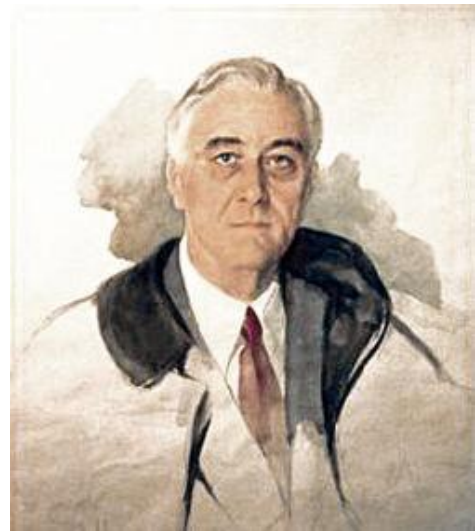

If we carefully consider Dr Howard Bruenn's story which I have briefly rendered above, we notice that his account of what happened on April 12 in Warm Springs, Georgia, does not tally with what really happened. We can accept that President Roosevelt had breakfast and then went for a ride in the car, he was fine according to Bruenn. Then it was time for lunch. The fact that a president has a meal and simultaneously has his portrait done is unlikely. It has never happened before in history. There is another version stating that Elizabeth Shoumatoff started working on the portrait before lunch and took a break during the meal.

This is the room where President Roosevelt was portrayed by photographer Nicholas Robbins (Nicholas Kotzubisky) for the last time on 11 April 1945. It was probably the President himself who picked this room.

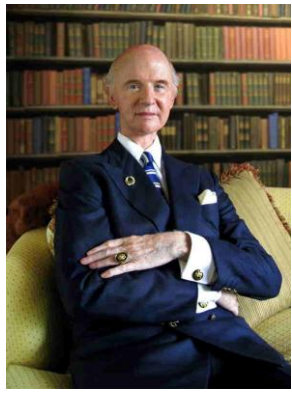

We can clearly see that the portrait is an exact copy of the pictures taken one day earlier. The portrait is a combination of picture #1 and #2.

We can see that that the portraits are based on the photos taken the days before in this room.

Photo and portrait look almost the same. The portrait was painted from a photo. This means that the artist Elizabeth Shoumatoff was not in the house when the president died and that she did not use him personally as a model.

Arthur Prettyman
valet/assistant

The murder of President Franklin D Roosevelt was carried out on April 12, 1945, according to one source.

Dr Howard Bruenn reported to the White House that the President felt fine and that he had found his eight dollars which he had lost earlier. A party in an old-fashioned style was being prepared and everything looked alright.

The staff and the President gathered for lunch at noon. At 12.30 p.m. Arthur Prettyman served the President a cup of gruel with cream and a glass of a green liquid. In one of them there was cyanide added by the doctor, Bruenn. After having drunk it, FDR immediately slumped in his chair. We know that cyanide is extremely dangerous, if you drink or eat it you will certainly die. Dr Howard Bruenn declared the President dead at 3.35 p.m. Cause of death: stroke.

Doctor Howard

Vilhelm D. Hassett was Roosevelt's 'confidential' assistant and he was at the President's bed during his last hours.

Hassett kept a diary and this tells the story of the President's last hours, marked by the cyanide poisoning. FDR called him 'bishop' because he was a Jesuit.

Everything we know about the poisoning seems to be fictitious. The photographer **Nicholas Robbins** and Lucy Mercer visited the President on April 11 and he took some photos of the President. Then he handed the photos over to Lucy Mercer who gave them to the artist Elizabeth Shoumatoff who could then paint a half-finished portrait of the President. Nicholas Robbins and people from Secret Service (and MI6) were not in the house when the President was killed. Lucy Mercer went to a priest to get an alibi if they would accuse her of having taken an active part in the conspiracy against President Roosevelt. Three years later she died She was born in Russia.

There was no agent present from the British Secret Service/MI6 when the President was murdered.

70 hours after the murder the President was murdered according to pre-determined arrangement. It was not possible for the American people to see him. There was no autopsy, the cyanide could certainly be seen on his face.

The 63-year-old President Franklin Delano Roosevelt was at the top of his life when he was murdered. In August 1921 the President was struck by what was then believed to be polio and was paralysed from the waist down. In the early 1900s a diagnose could not be positively confirmed. A report from 2003 states that it could also have been Guillain-Barrés syndrome. There was, anyway, no effective at all in 1921. He also suffered from recurrent breathing problems.

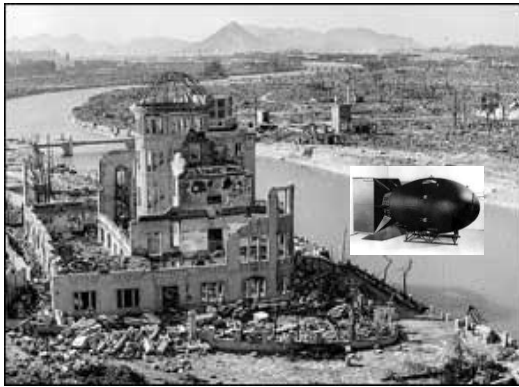

In February 1945 Roosevelt endured the long journey to the Soviet Union, for the Yalta Conference where he met with Josef Stalin and Winston Churchill. Roosevelt had been asked to stay behind due to his failing health, but he chose to go anyway. His main goal for the conference was to found the United Nations and create peace. Roosevelt returned to Washington, he was very satisfied and made a keynote speech to the Congress on March 1, 1945. He then, for the first time, told the audience that he had a handicap to explain why he was speaking to the Congress sitting down. He started his speech with the words 'I hope you will excuse the unusual situation that I remain seated during the presentation, but it becomes much easier for me than wearing five kilos of steel on my legs.'

Roosevelt aimed for o fourth time in office since he felt alert enough to be able to work another four years as the President of the USA. He was born on January 30, Aquarius, which is the most human of the twelve signs of the Zodiac. The was most human American President and he would never had dropped atom bombs over Japan. – The question is why he was murdered. There are several distinct answers to that question.

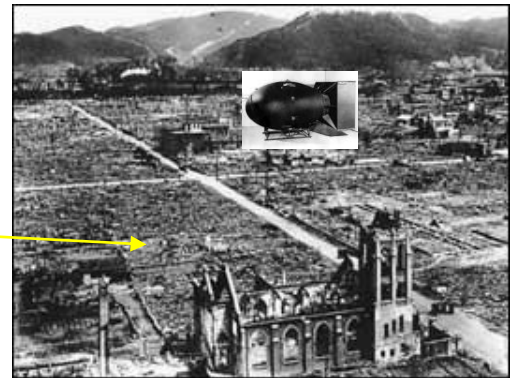

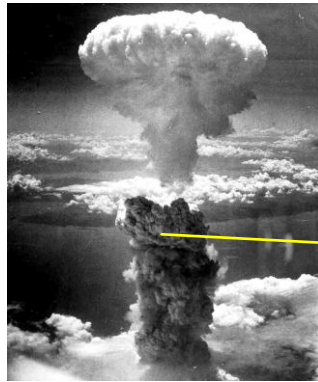

Atom bombs, continued from page 20. Hitler already had atom bombs. There are at least two books dealing with this subject: *Die Atombombe und das Dritte Reich* by Edgar Mayer and Thomas Mehner, and *Hitlers Bombe*, written by the former East German historian Rainer Karlsch. At a test explosion of a tactical nuclear device on **12 March 1945 at 22.15** in the province of Thuringia, on the military exercise grounds of **Ohrdruf**, Gustav Hitler and his SS General Hans Kammler sacrificed around 700 people (ex POWs and concentration camp slaves) in order to test the efficiency of the bomb as a weapon of mass destruction. The result was (to Hitler) satisfying.

G. Hitler had many ready-to-use atom bombs. He gave away two of them to Japan. The rest of them he gave to the USA, but Roosevelt, being the President, did probably not want to hear about atom bombs being used as weapons of mass destruction. This is one reason to why he was murdered, and atom bombs were also constructed in the US.

The following President, Truman, had nothing against G Hitler's atom bombs. The scientist **Edward Teller** wrote a personal letter to the President after the end of the Second World War. He wanted the President to refrain from using atom bombs. We know that Truman's minister Jimmy Byrnes exercised considerable influence on him. As far as I understand, the US found out via G Hitler that Japan had received two atom bombs which were hidden in Hiroshima and Nagasaki.

Hiroshima August 6, 1945.

Nagasaki August 9, 1945

Since the USA was at war with Japan it was necessary to use atom bombs. Japan could also use them against the US. When you want to hurt a nation, you attack the capital. In this case it would have been Tokyo, but that city was not the main target for the US, instead they targeted Hiroshima and Nagasaki. If you want to disarm an atom bomb, you need to drop an ordinary bomb on the area where the atom bomb is hidden Hiroshima and Nagasaki. As far as I understand, the US have never attacked Japan with atom bombs. They were ordinary bombs which hit atom bombs hidden in the two cities. I believe it was a mistake to murder Roosevelt. The story that the US used atom bombs against Japan was preserved in history. The inhumane effect of the weapons was directed against innocent people as President Truman's weapon of victory.

Why did Gustav Hitler give away his atom bombs to Japan and the US? He was responsible of the lives of 50 million people in Europe, but he did not want to use the worst weapon of mass destruction against ordinary people, so he let the final battle take place between Japan and the US. But the 'agreement' also stated that he and his closest circle would be allowed to travel to, for example, Latin America and the US.

Flying vehicles

Hitler's most secret weapon: **Die Glocke/ The Bell Project** and **Haunebu** called the **V-7 project**, flying vehicles.

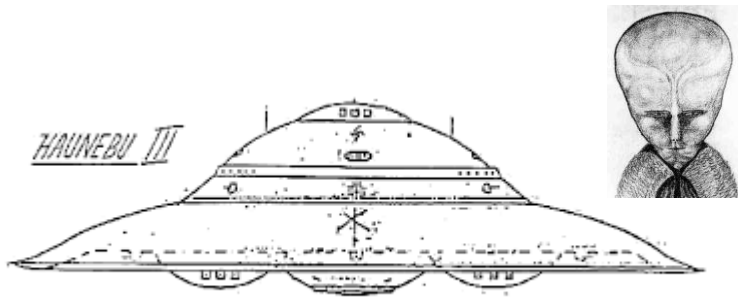

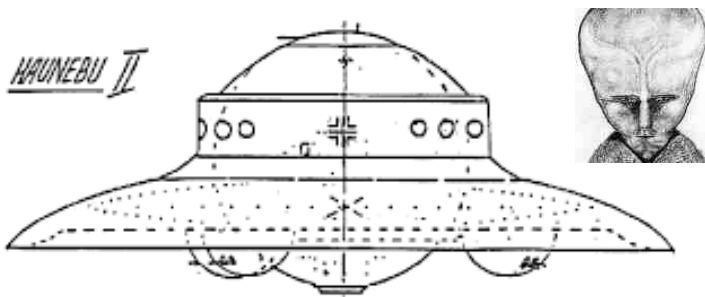

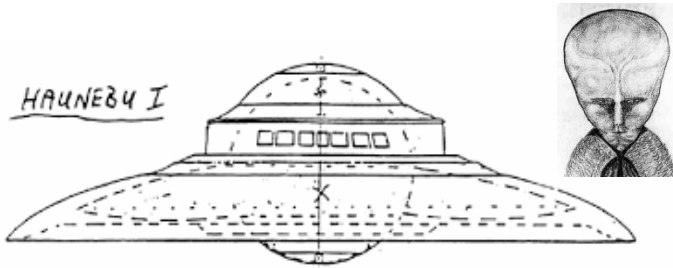

Die Glocke/ The Bell Project

Space research and spaceflights.

The base was located in East Prussia from where spaceflights were carried out and where the Nazi Germans had a UFO and base for research. The kilometre-long base was blasted into the mountain. On the mountain was a powerplant and a circle. Along the circle there was an underground power line. An officer of the SS who was taken prisoner told the allies astonishing stories about UFO research and anti-gravity experiments. A BBC documentary told the story of a shut-down UFO base in southern Poland in 2008. We often say 'no smoke without a fire'. More info at **Industry, Omnipotent Akhenaten**, pp 33-34 and **The Lamb's Will**, pp 17-18 and 96. In spring 1945 the Glocke vehicles were transported in a German, especially equipped plane with SS General Hans Kammler on board, to the US. The plane landed in the southern part of the US. – What did Roosevelt know about these space vessels?

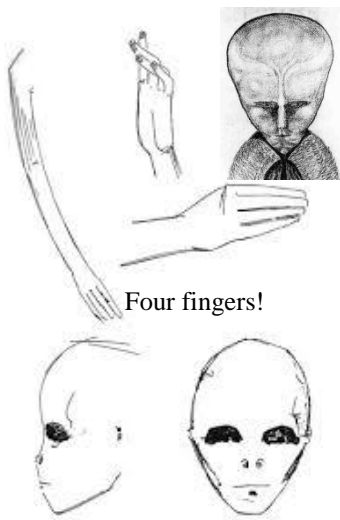

Haunebu and Vril test models, a secret V-7 project

The spacecraft, the flying saucer Haunebu, was produced in East Prussia in Nazi Germany. The test flight is said to have been carried out in 1938. The pictures may confirm that the craft worked well after having taken off. Seven craft were probably produced.

It is fairly clear that the vessels look like George Adamski's spacecraft from planet Venus in 1952. As far as I understand, aliens, the Greys, assisted with the construction of these Haunebu saucers. They had total control, but their vessels were never used in a war. After the end of the war, the Little Grey Men took their vessels and left.

Four fingers!

A picture which says it all. Gustav Hitler and an alien, one of the Greys, met and shook hands at the space centre in East Prussia.

The spacecraft **Haunebu** was produced with the name **V-7**. As far as I understand, Revelation refers to the figure 7 which returns to the Earth when time is ripe. – A white cloud is a symbol of a flying spacecraft/saucer. – What did Roosevelt know Roosevelt about these spacecraft?

Support for Jews and Horthy/Hungary

War Refugee Board, WRB, was an American authority active during the final years of the Second World War, 1944 – 1945. Its assignment was to save European Jews from the Holocaust. The WRB was involved when Raoul Wallenberg was sent to Budapest to save as many Jews as possible in Hungary and neighbouring countries such as Poland. President Roosevelt supported Horthy in the struggle against Nazi Germany. More info at **Industry, Evolution**, pp 23 - 38.

Jews and Hungary was an extremely sensitive topic for Gustav Hitler, he regarded himself as a reincarnation of Saint Stephen. Neither did he want to release Adolf Hitler to Argentina. – This is very interesting since Gustav Hitler always used Adolf's given name. He probably murdered Adolf in 1936. Argentina was the goal for Adolf Hitler's escape in 1945, according to the FBI. But first, let us again have a look at Adolf Hitler and a living relative of his, Romano-Luka.

Adolf Hitler's characteristic face is unsymmetrical, he is squint-eyed as was his father and all his four brothers. I can see that this man, Romano-Lukas Hitler, is not identical with Adolf Hitler. When it comes to Gustav Hitler, there is nothing. Neither his face/photo nor his signature reminds us of Adolf Hitler. This RL Hitler is said to be a distant member of the Hitler family. – Who is he?

The man on the identity card, picture 2, is Romano-Lukas Hitler. This man's signature resembles Adolf Hitler's, at least the name Hitler. He too is squint-eyed and has an unsymmetrical face. Johann Georg Hiedler and Johann Nepomuk Hiedler were brothers. Alois has been associated with Johann George Hiedler and changed on his own initiative his name to Hitler. Alois was the biological father of, among others, Adolf and Gustav Hitler. According to the source, Alois was the son of Maria Schicklgruber and was born in 1837 as an extra-marital child. Let us in this Romano Lukas context try to find the Hitler origins.

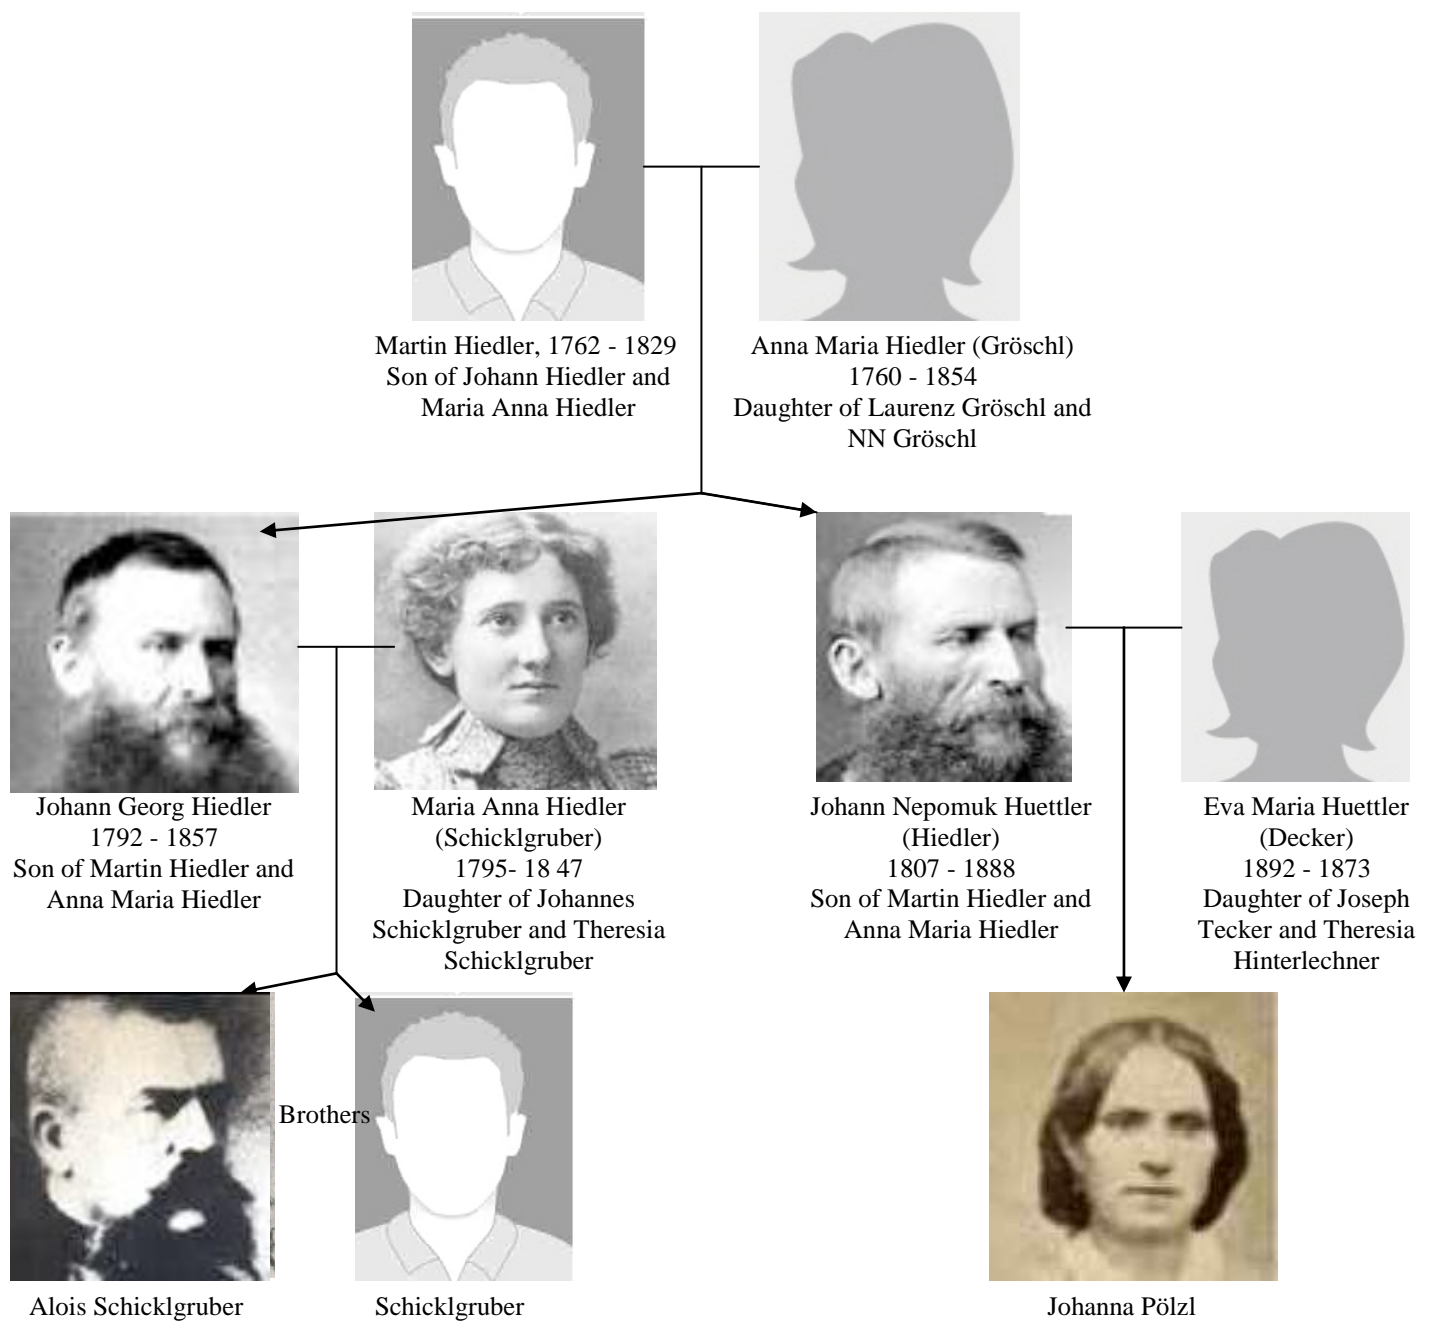

Adolf Hitler

A common characteristic is that Alois Hitler and his sons are all squint-eyed. Romano Lukas looks like both Adolf and Gustav Hitler. Beyond his looks, Romano Lukas's signature resembles that of Adolf Hitler. This RL Hitler as an unsymmetrical face, as has Adolf Hitler.

He writes about himself: 'Adolf Hitler's father Alois had a younger brother. His grandson was my father. My parents fled from communist East Germany and died in Bratislava, Slovakia. I was handed over to a convent and was then taken care of by a Polish family. I eventually returned to Germany and worked as a first officer on a ship.' – We cannot doubt that this Romano Lukas Hitler belongs to Adolf's family. But there is one problem. According to the sources, Alois Hitler did not have a young brother – or did he? Let me look back to Germany and, using his story, try to find out about his origin, unknown nowadays. Tiden.

Romano Lukas Hitler, 1950-, Schicklgruber IV, Squint-eyed

Romano-Lukas Hitler's origin takes us back to Alois Hitler's younger brother Schicklgruber. Despite the fact that his paternal grandfather was Alois's younger brother, he (and his handwriting) remind us of, among others, Adolf. This is in his blood, Romano Lukas knows exactly who he is. He is the great grandson of the younger brother Schicklgruber/Hitler. – When Alois Sr was born, his mother Maria Anna Hiedler (**Schicklgruber**) was single, as she probably was when the second son was born. George Hiedler took care of the eldest son, but who cared for the next one? Was his younger brother secretly Johan Nepomuk Huettler (Hiedler)?

Charlotte Eudoxie Alida Lobjoie, 1898 - 1951,
mother of Jean-Marie Loret. Her portrait was
painted by Adolf Hitler in her house in France.

Two of Hitler's descendants, Jean-Marie Loret and Romano-Lukas Hitler. They look like each other despite the fact that one of them is a descendant of Alois Hitler's younger brother Schicklgruber/Hitler.

Hiedler/Hitler's family tree is mysterious because it has been manipulated to be just that. It is not a true reflexion of reality. The Jewish doctor **Eduard Bloch** was the Hitler family's GP. During Psychologist Langer's interview with Eduard Bloch in 1943, this came up: 'I learned to know them all when I treated his mother for blood cancer. I gave her an injection every day.' 'How was their relationship?' 'The relationship between mother and son... Their mutual worship was unusual.' 'How did it manifest itself?' 'When I asked Hitler and his **two married sisters** to come to me. I was going to tell them that their mother was dying. His reaction was touching. His pale face was distorted, and his eyes were streaming with tears. **The girls, on the other hand**, were calm, composed. At that moment I was made aware of the strong ties between mother and son. During many years as a doctor I have of course witnessed many scenes like this one. But this one affected me more. I have never seen anyone as crushed by sorrow as Adolf Hitler.' This was in **1907**, the year Klara Hitler died. – The interview with Doctor **Eduard Bloch** also revealed that Adolf had two adult and married sisters, but they cannot be found in Alois Hitler's family tree. Ida Hitler was officially declared dead when Paula in 1888 when Paula Hitler was 11 years old. Alois's younger brother and all his descendants are also missing. Alois's sons Gustav, Otto, and Edmund, all officially declared dead, returned later as Adolf Hitler's doubles. In 1933 – 1945 Gustav Hitler created a gigantic chaos which still affects us and was at its peak in the US during President Roosevelt's time in office.

TITLE HITLER HIDEOUT			CHARACTER OF CASE SECURITY MATTER - G

SYNOPSIS OF FACTS: [REDACTED] reports contact with [REDACTED] (phonetic). Claims to have aided six top Argentine officials in hiding ADOLF HITLER upon his landing by submarine in Argentina. HITLER reported to be hiding out in foothills of southern Andes. Information obtained by [REDACTED] from [REDACTED] unable to be verified because of [REDACTED] disappearance. Attempts to locate [REDACTED] negative. No record of him in police or INS files.

REFERENCE: Los Angeles letter to Bureau, 8-17-45

DETAILS: [REDACTED] Hollywood, California, [REDACTED] reported to a [REDACTED] on the City Desk of the Los Angeles Examiner newspaper that upon his leaving the Melody Lane Restaurant at Hollywood and Vine on or about July 28, 1945, he met a friend of his who at the time was engaged in a conversation with an individual who later identified himself as [REDACTED] (phonetic). [REDACTED] friend whose identity he does not wish to disclose because of reasons that will later be explained, remarked to [REDACTED] that he would like to have him meet [REDACTED] as it was quite evident that [REDACTED] had a problem on his mind. [REDACTED] continued that after being introduced to [REDACTED] as friend left and he spent several hours with [REDACTED] and obtained the following information.

[REDACTED] disclosed to [REDACTED] that he wished to find some high government official who would guarantee him immunity from being sent back to Argentina if he told him the following information. According to [REDACTED] he

was one of four men who met HITLER and his party when they landed from two submarines in Argentina approximately two and one-half weeks after the fall of Berlin. [REDACTED] continued that the first sub came close to shore about 11:00 p.m. after it had been signaled that it was safe to land and a doctor and several men disembarked. Approximately two hours later the second sub came ashore and HITLER, two women, another doctor, and several more men, making the whole party arriving by submarines approximately 50, were aboard. By pre-arranged plan with six top Argentine officials, pack horses were waiting for the group and by daylight all supplies were loaded on the horses and an all-day trip inland toward the foothills of the southern Andes was started. At dusk the party arrived at the ranch where HITLER and his party, according to [REDACTED] are now in hiding. [REDACTED] most specifically explained that the subs landed along the tip of the Valdes Peninsula along the southern tip of Argentina in the gulf of San Matias. [REDACTED] told [REDACTED] that there are several tiny villages in this area where members of HITLER's party would, eventually stay with German families. He named the towns as San Antonio, Videma, Neuquen, Muster, Carmena, and Reason.

[REDACTED] maintains that he can name the six Argentine officials and also the names of the three other men who helped HITLER inland to his hiding place. [REDACTED] explained that he was given \$15,000 for helping in the deal. [REDACTED] explained to [REDACTED] that he was hiding out in the United States now so that he could later tell how he got out of Argentina. He stated to [REDACTED] that he would tell his story to the United States officials after HITLER's capture so that they might keep him from having to return to Argentina. He further explained to [REDACTED] that the matter was weighing on his mind and that he did not wish to be mixed up in the business any further.

According to [REDACTED], HITLER is suffering from asthma and ulcers, has shaved off his mustache and has a long "but" on his upper lip.

[REDACTED] gave the following directions to [REDACTED] "If you will go to a hotel in San Antonio, Argentina, I will arrange for a man to meet you there and locate the ranch where HITLER is. It is heavily guarded, of course, and you will be risking your life to go there. If you do go to Argentina, place an ad in the Examiner stating, [REDACTED] call Hempstead 8458, and I know that you are on the way to San Antonio."

The above information was given to [REDACTED], reporter on the Los Angeles Examiner on July 23, 1945.

The writer contacted [REDACTED] in an attempt to locate [REDACTED] in order that he might be vigorously interviewed in detail concerning the above story. [REDACTED] reiterated the information set out above, adding that the friend to whom [REDACTED] was talking in front of the Melody Lane Restaurant was a friend of his by the name of "JACK," last name unknown, but that since the introduction he has had further conversation with "JACK" and "JACK" advised him that while he was eating his lunch at the Melody Lane Restaurant [REDACTED] sat at his table

In mid-March 2014, the FBI released new documents which confirm that Hitler was granted asylum in Argentina, thanks to the US. The then head of the OSS (later the CIA) Allan Dulles is mentioned as a helping hand.

The source: 'Why, then, would all countries involved, Argentina, the US, England, Norway, Spain, Italy, Switzerland, Germany and Russia chose the same path towards secrecy?' - (Except, of course, President Roosevelt). The answer is simple in this context. Gustav Hitler was a reincarnation of, among others, Izates II/Jesus/the Lamb, God of Israel, which they all knew. Gustav Hitler all the time worked in Adolf's name and Adolf had a number of doubles. But it seems as if those involved did not know who Adolf Hitler really was.

'The first one was on **April 12**, when I told him that Roosevelt, the American President, had died. From his second home in Warm Springs, Franklin Delano Roosevelt's remains were taken to his final place of rest. Hitler started to dance and congratulated himself, as if he himself was behind Roosevelt's death. He cried out: This means that I will win the war'!

Document from April, 1945

Now, let me look back to the Nuremberg judge and commander Michael Musmanno and his interviews (1945 – 48) with the staff from Gustav Hitler's bunker in Berlin in 1945. His question (above) was put to Heinz Lorenz, press agent in the bunker in 1945. The answer was not only striking, it also pointed to the fact that he was behind the murder of President Roosevelt. His infiltration into the White House had been surprisingly successful. He had also involved the Brits via Scherff Sr and Jr. Money was no problem and the Americans sold the White House and the American soul to Gustav Hitler. – The most notable issue was his last sentence:

'This means I will win the war'! - He indirectly won the war via the USA, his atom bombs on Japan, and he can also hint at the struggle between the Lamb and Babylonia in Revelation.

The pope's man in Nazi Germany

Gustav Hitler ordered Arch Bishop Casper Klein to remove all traces of SCHERFF. Nobody in the future would be able to find out anything about George Scherff Sr and his origin.

This Arch Bishop Klein practised his religion among Gustav Hitler's bloody activities in Nazi Germany. He, like other Catholic bishops in Germany, constantly spread the Nazi/Christian religion favoured by G Hitler. It was similar to the Christian religion which Saint Stephen brought to Hungary after the fall, assisted by, among others, the Germans and the Pope, of the heathen realm of Prince Géza.

There was a Walter Scherff around Gustav Hitler between 1939 and 1945. There is no written information about him or about his parents, no origin and no family information, no data at all. What is most interesting about this W Scherff is the question whether there is any physical connection to George Scherff Sr and Martin Bormann.

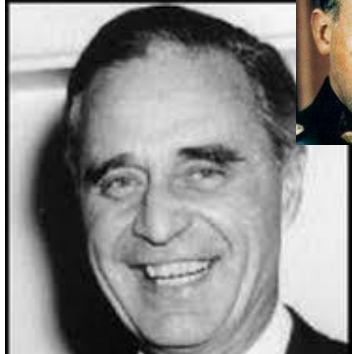

Major General Walter Scherff (1 November 1898, in Cannstatt – 24 May 1945, in Saalfelden) was a German army officer and military historian appointed by Adolf Hitler to the Oberkommando der Wehrmacht in May 1942 to compile the history of the war.

He served in a Panzer Battalion and was promoted Oberstleutnant in 1939, Oberst in September 1941 and Generalmajor in September 1943. He was injured in 1944 by the 20 July plot bomb at the Wolf's Lair headquarters in Rastenburg, East Prussia.

In these pictures of Walter Scherff, he resembles Scherff Sr and Martin Bormann, there is a certain biological connection between them. Scherff is a Jewish family name, but does he look like a Jew? – Who was this Walter Scherff? Born on November 1, 1898, in Bad Cannstatt, committed suicide on May 24, 1945, by swallowing a cyanide capsule, according to the source. He was a great admirer of G Hitler. Could he have been the son of George Scherff Sr? Did the family live in Cannstatt which is part of Stuttgart in Baden-Württemberg in Germany, previously an independent city with roots in the Roman Empire? We know nothing about this Scherff. G Hitler ordered him to destroy vast amounts of documents. – Did he really commit suicide?

Gustav Hitler's good friends during his Nazi years: George Scherff Sr, George Scherff Jr, Josef Mengele, Martin Bormann, Reinhard Gehlen and Otto Skorzeny. These six men were friends during the 1930s, they helped each other guided by G Hitler. They were members of Gustav Hitler's closest circle of friends. After the end of the war they ended up in the USA with new names and identities. One example is Martin Bormann who was officially declared dead in 1945, Otto Skorzeny in 1975, but they also continued their lives in the US. These six men remained good friends after the war and they helped each other no matter what. These are examples of sustainable friendship under the auspices of Bush Sr and Bush Jr. Among them was the mass murderer Otto Skorzeny, a reckless murderer. Before he died he met the writer Erik Orion in the USA and told him about a ruthless murder of Nikola Tesla. The murder of Tesla pursued him for the rest of his life. Nikola Tesla was an old friendly man who all his life had worked for peace in the name of humanity. To kill an old, innocent man like that (after he had offered him tea) was too much and he could not get rid of the feeling of guilt until he finally confessed to everything. Afterwards he felt relieved. He handed over many pictures to Erik Orion, among them the family picture above, a document from the 1930s. The photo reveals everything thanks to Otto Skorzeny. But this does not change anything for George Scherff Jr, George Herbert Walker Bush Jr. They regret nothing. See above, pp 13-14.

February 25, 1942, California Un-identified Object or The Battle of Los Angeles

Los Angeles is a city with exceptionally many observations of UFO. Thousands of them are registered in official archives. Most of them have logical and/or scientific explanations depending on whether you are for or against UFO. But certain observations cannot be explained, they are classified. On February 25, 1942: Something appears in the sky above Los Angeles. Three months after Pearl Harbor, the anti-aircraft (AA) defence tries to find out if it is Japanese aircraft. They focussed at a certain point in the sky, then the AA started firing. Everybody in the neighbourhood was out in the streets watching.

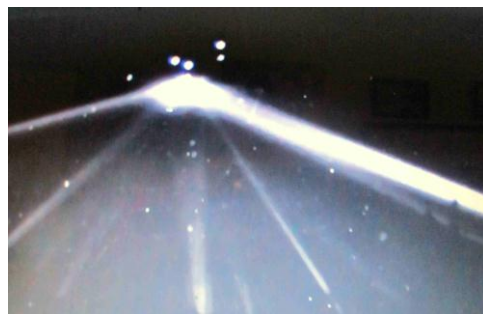

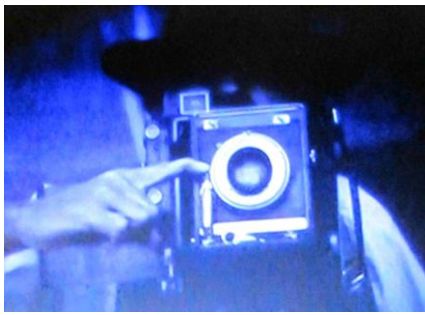

The only existing photo from February 25, 1942.

Seventeen-year-old Bill Thompson describes that night: 'I saw a large, round object at around 1,000 feet. It stopped right above us. And I saw other, smaller objects moving close to it.' According to the FBI agent and UFO investigator Ben Hansen this could have been Los Angeles's first and best documented UFO. – 'If look to the west we can see Santa Monica (see pictures above)- The object appeared at the hills over there. It slowly moved inland to Baldwin Hill and Culver City. Here the object turned back to the coastline, to Long Beach and the sea.' The last observation took place at 4.13 a.m. Then the object disappeared without a trace. No bombs were used and no one was hurt. The deaths were not caused by exploding grenades but by car accidents and heart failures connected to that night's dramatic events. Despite the firing of 1,400 grenades not one single object was shot down. It made both soldiers and civilians wonder about what they had just seen. Was it false alarm, a botched air raid or, as they say today, a UFO?

The published documents mention one particular event shortly before 2 a.m. on February 25. The radar spotted an object 190 kilometres off the coast of Los Angeles. The object was eastbound towards Malibu and turned south at Santa Monica towards Los Angeles. At 02.21, when the object approached the city, blackout was ordered. At 02.30 the free use of weapons was allowed. At 02.43 an officer saw something in the sky south of central Los Angeles. Facing a possible new Pearl Harbor, the LA inhabitants took no risks, the documents state. – The Japanese maintained that they had no planes above Los Angeles.

To make you understand this better, I refer you to UFO investigator Ben Hanse, see below.

This well-known photo was published in the Los Angeles Times.

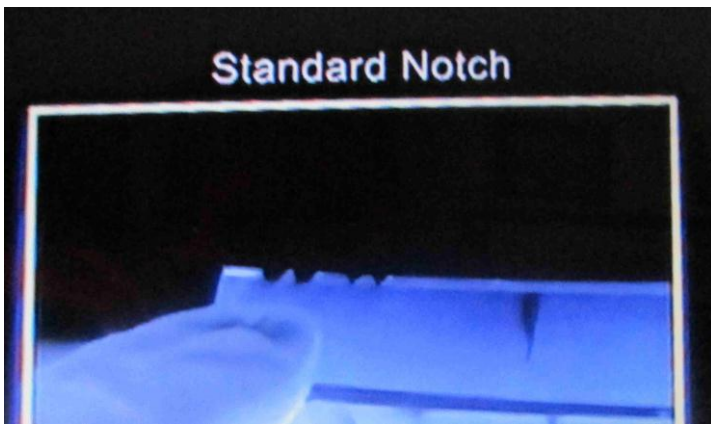

Ben Hansen, the UFO investigator, said, after having seen the photo for the first time, that this proved that a UFO had been caught in the searchlights. – Hansen would soon find something that had never before been found.. He went to the site where the photo was taken

Most people think that the photo was shot near Baldwin Hill, behind him. This is a good theory, the profiles of the hills fit the picture and it tallies with the distance completed above land. But is there anything in the searchlight? The only way to see that is to study the negative. The only one who could help him was the archivist Simon Elliot at the UCLA. He took care of four million photos from Los Angeles Times. See the negative below.

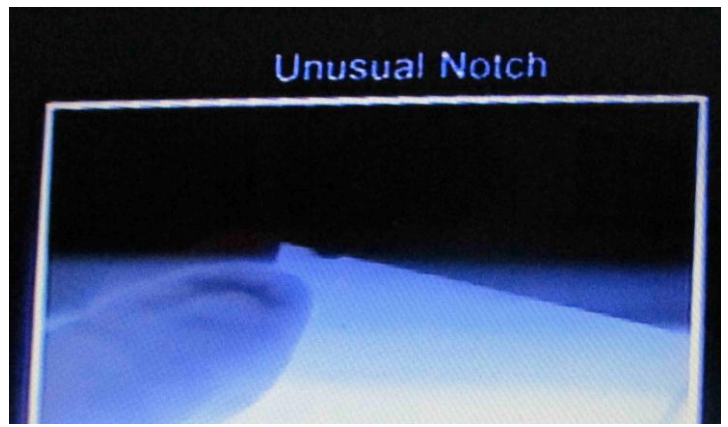

It is underexposed! Hansen did not expect it to be that pale. We can see the searchlight, but not the profiles of the hills. Here is the photo which was published in the newspaper. The original has been substantially touched-up. This means that you need to copy the negative, enhance details and even paint the celluloid. – Has it been done to make the photo more striking? Has it been done to create something that was not really there? Are there details which cannot be spotted in the published picture? – But before the analysis starts, Elliot sees something he has not seen before, the notch codes at the edge of the negative. It has a different notch code, it was taken using a new kind of film. – Of the four million negatives the L.A. Times collection, this is the very first from this new kind of film.

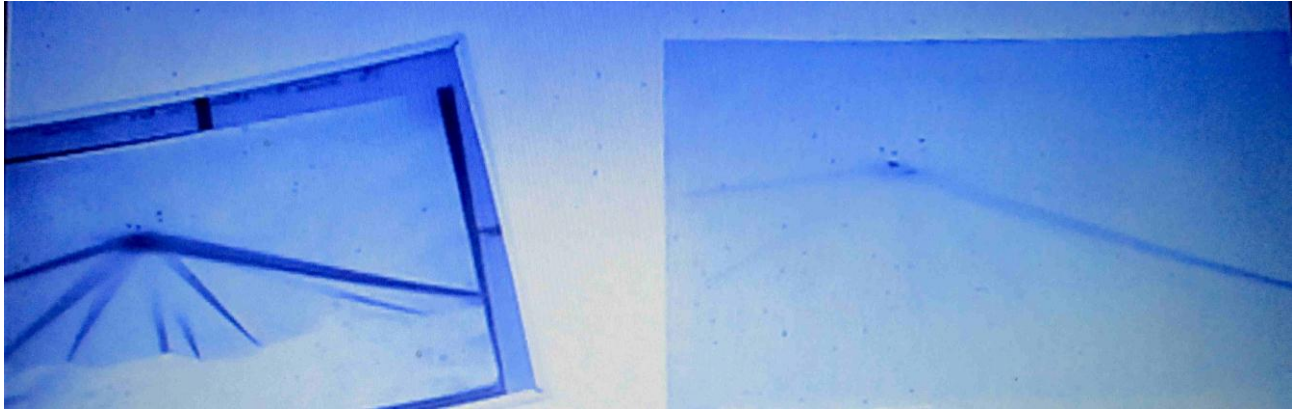

Standard Notch

Standard notch

Unusual Notch

Non-standard notch

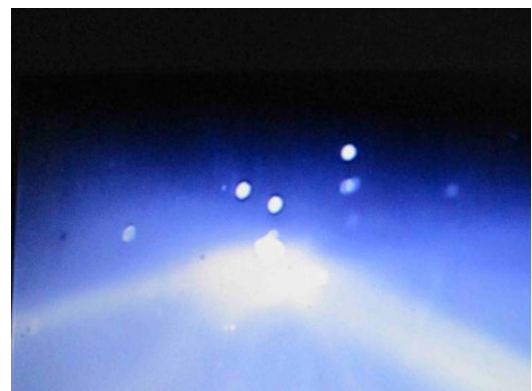

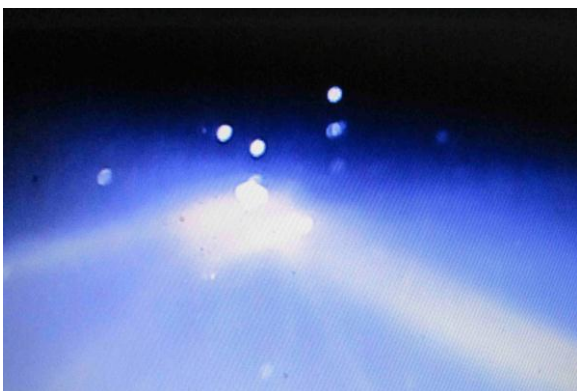

A bit strange. He had not seen it on any other negative. All L.A. Times photographers used film from the same producer. The picture above is totally different, maybe it was not taken by a L.A. Times employee. – Who can have taken it? – It is a mystery for him to solve. Maybe this famous photo was not taken by an L.A. Times photographer, then we can question the origin of the original negative. If it did not come from the newspaper – where did it come from? – The photo specialist and ex-L.A. Times photographer George Reis will solve the riddle. But first he must find out if the two negatives are identical.

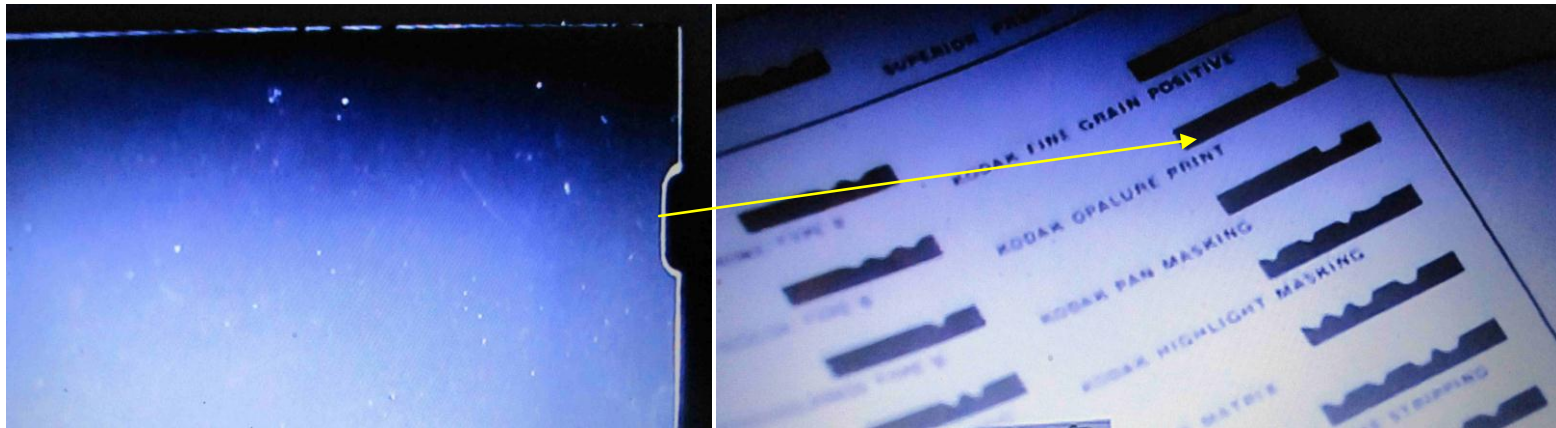

They are identical

Reis compares the two negatives to establish if they are identical – it is nice to see that they are. Yes, it is the same picture, now we know. The analysis gives the result that the touched-up photo is not a forgery. But it has more severe problems. Most people who have studied the photo have asked if there is an object where the searchlights focus. What does he say?

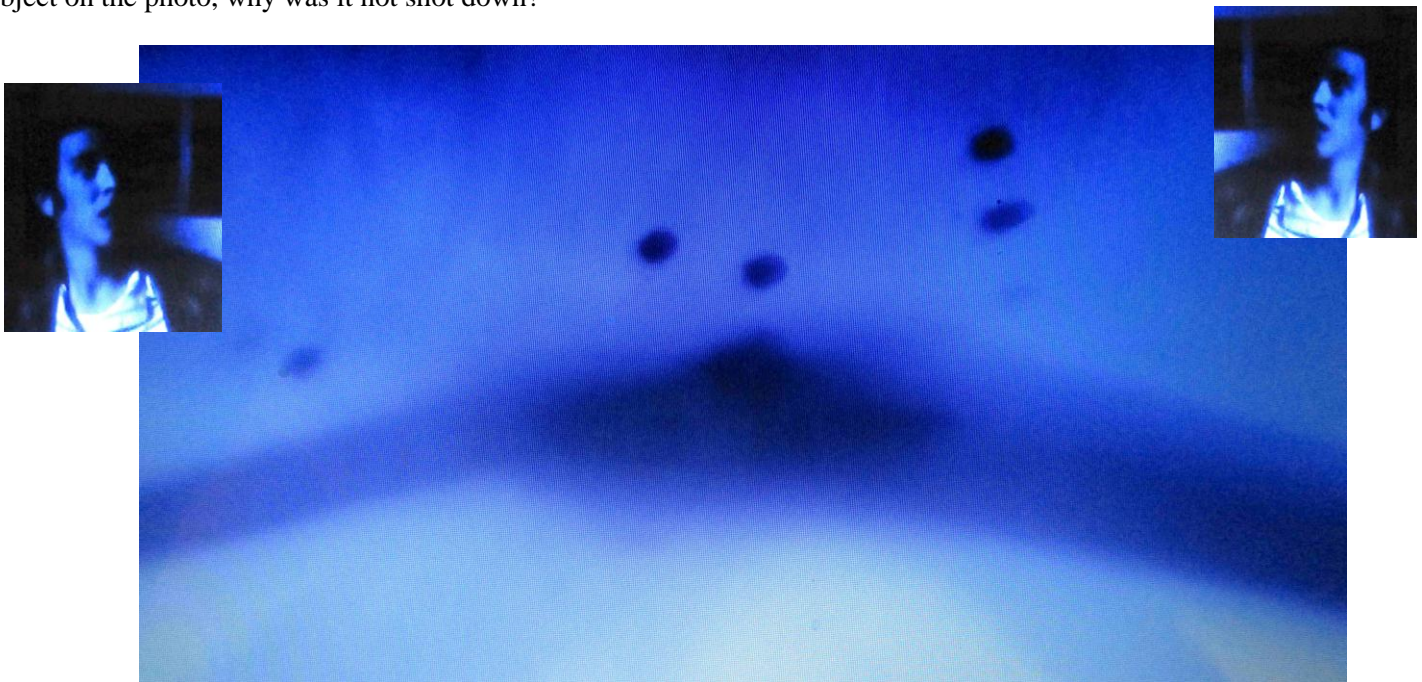

If we zoom and adjust the light and contrast we can see a condensation in that part of the photo. This might indicate that something is there, but we cannot determine the shape. It may be on the move, it may be transparent. – The photo analysis seems to have created more questions and more mysteries. Another detail people have observed is that some searchlights seem to pass right through the object, while others are stopped. Experts have for years analysed this detail. – Is there something in the air which reflects the light? – These rays may be reflexions, they may hit an object and change directions. They are brighter towards the centre, then they become weaker. This may be seen as if they hit an object, the searchlights seem to be reflexions.

But they still have one mystery to solve. When Reis saw the negative he found out that all negatives had the same notch, all but this particular one. He has a list of notch codes. They are many but in this case everything points to Kodak Fine Grain Positive film.

Notch from Kodak Fine Grain Positive

This implies that this negative is a copy. – So this negative is not the original? – No – Quite unbelievable! All research has assumed this to be the original. – So where is it? – No idea, this is a mystery. The digital analysis gives us as many questions as answers. – Are the searchlights reflected by an object? – That question cannot be answered as the original negative is missing. – Did it disappear by accident or has someone removed it? Can the original prove that the object existed? If there really is an object on the photo, why was it not shot down?

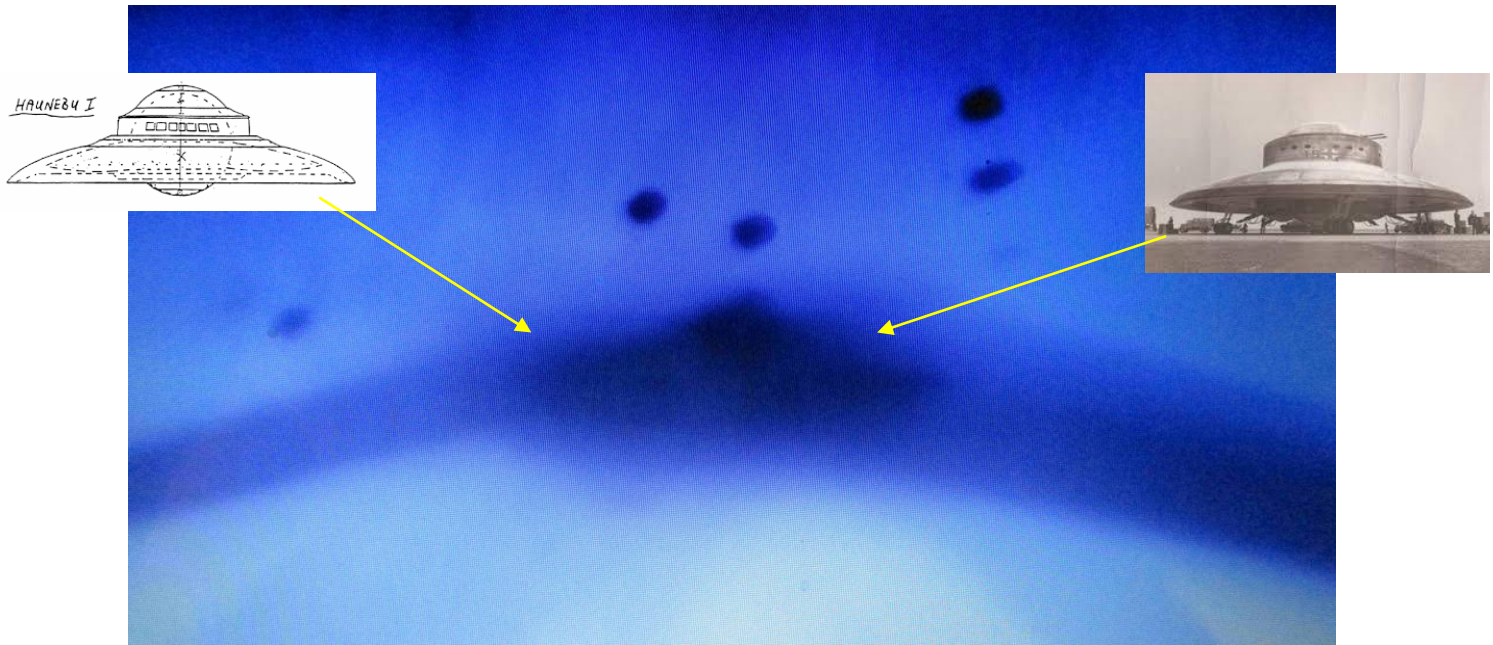

We know one thing for sure. The photo was not taken by an L.A. Times photographer. The original negative disappeared without a trace. The question is: Who was the photographer and what happened to the negative? I often state that after each event there must be clues which finally can give us a solution. If we look at the photo and the negative above (which is the best we have for an analysis) we see a large, round object which looks like a UFO/flying saucer. Behind that a number of (five) smaller round objects move in the same direction. Is there any proof that the photo is genuine? Yes, there is. We have an eye witness called Bill Tomplins, 17 years of age, who tells the story of what he saw during that night. - **'I saw a large, round object at around 1,000 feet. It stopped right above us. And I saw other, smaller objects moving close to it.'** – If we study his words carefully, we see that they and the negative above tally. In other words: the photo is genuine, not a forgery. But we still need to find out who took the photo and where the negative is.

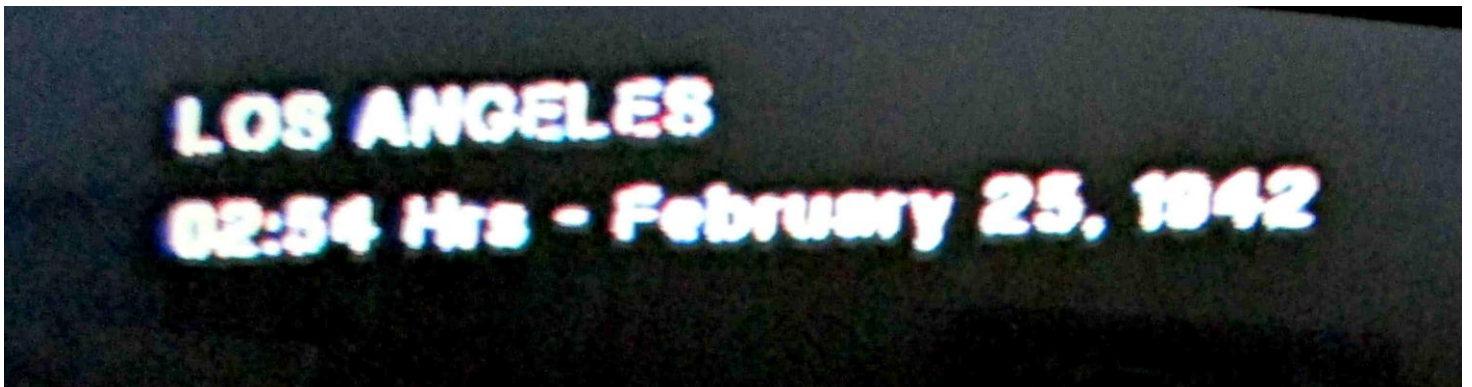

At that time, at the beginning of the 1940s, nobody talked openly about UFO and visitors from outer space. Simultaneously, in Nazi Germany, in **East Prussia**, there was a secret space base for space research and UFO, see pp 28 – 30 above. The Glocke craft were built for research at that base.

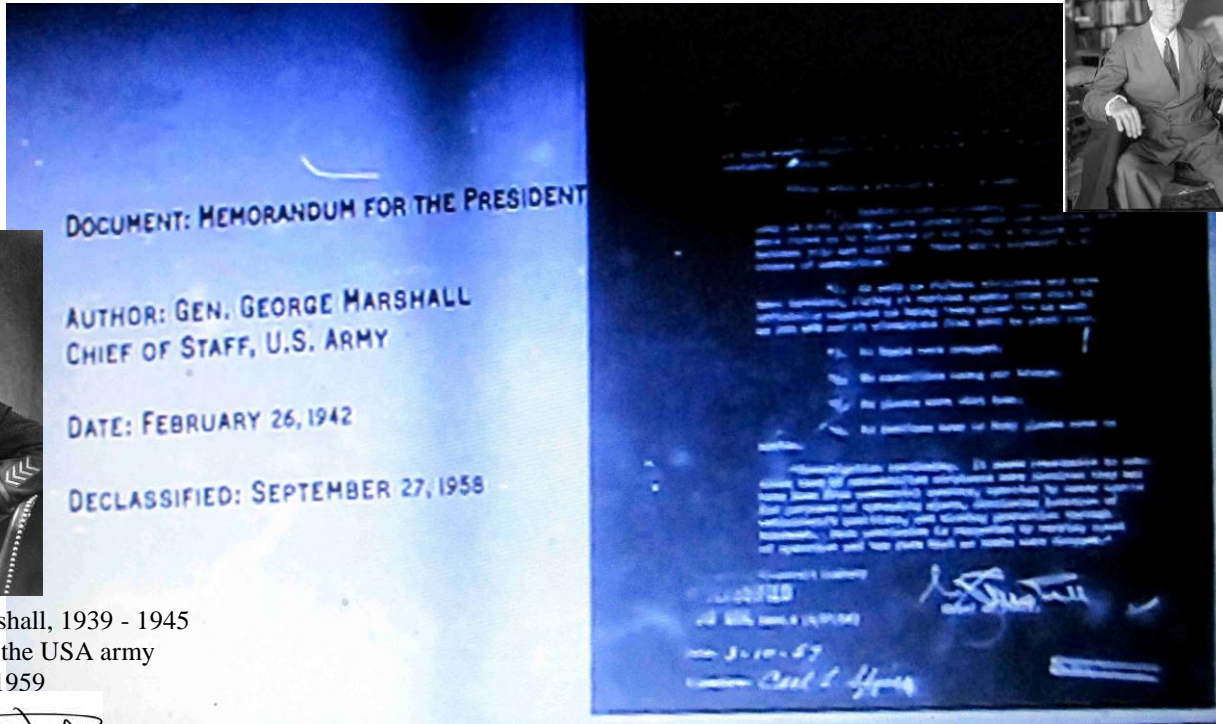

All UFOs seen in the pictures were not built in Germany. They were all re-painted with German symbols and were also guided by German pilots and aliens. These UFOs were not used in the war. We do not know anything about the number of UFOs. They started to appear in the skies and on February 25 1942, they probably reached Los Angeles in order to create chaos in the USA. I believe that G Hitler sent these UFOs to Los Angeles. The planet of origin is Venus. – These UFOs cannot be shot down, they have a protective anti-gravity system.

Nikola Tesla and his followers, among them the designer Otis T Carr worked in the US at the time. They knew about the origin of the UFOs. George Scherff Sr was Tesla's assistant. – Now we can ask again: Who was the photographer who took the picture? There is one more fairly strong lead connected to the film, namely 'the notch for Kodak Fine Grain Positive film'. The film was a product of Germany, so the photographer had connections in Germany. The man behind the camera should have known in advance about the UFO demonstration on 25 February 1942 since he was there and could take pictures. The only picture not taken by a Times photographer in this context.

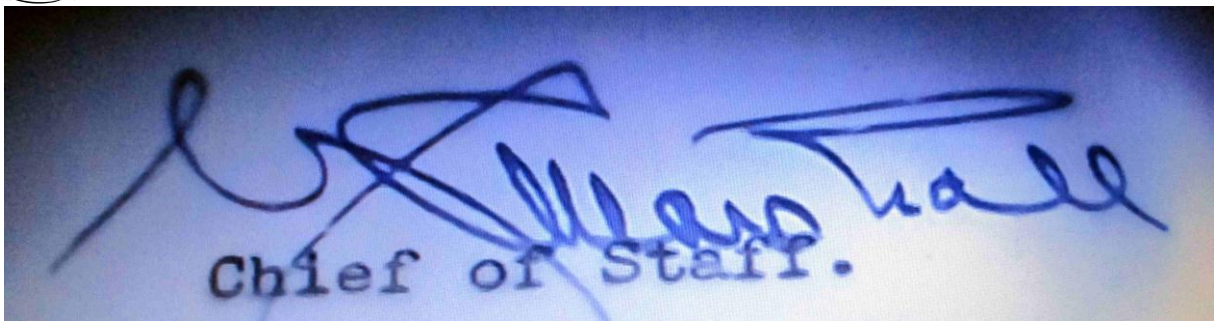

I mean that the photographer knew about Nikola Tesla and George Scherff Sr and Jr. He was there on time and could prepare during the night. He was the only one who took photos of what happened. That is why his name has been removed and the interesting negative is probably with the CIA. – The question is whether there are further clues which can back up this photo. Yes, there is a document which can answer the question.

In 2014 the document which was written by General George Marshall on February 26 was made public. It related what happened during the night and it was sent directly to President Roosevelt. He describes in some detail the Battle of Los Angeles...

TOP SECRET
EYES ONLY

Dr Robert Wood, engineer, worked for 40 years as an engineer at Douglas Aircraft Company. He believes he has a document about some crash in 1942. This document has triggered the conspiracy theories. He became interested in the Battle of Los Angeles when he received some documents which seemed to be classified. Five pages marked 'Top Secret' were handed over to Dr Wood by someone who said he was in the army. The document seems to be from the 1940s, a letter to the President. He became curious because this document implied that the US had been attacked by UFOs and that the army had shot down a couple of them. The documents seemed authentic and one of them was well known among historians: the letter from George Marshall to President Roosevelt, written the day after the Battle of Los Angeles.

But the other documents have caused controversy. When he read that the US had captured one UFO, he became exhilarated. It is a letter from FDR to George Marshall a week later which states that two craft have been apprehended. One of them in Sant Bernardino Mountains and one at sea. 'The conclusion of the Head Quarters is that the craft do not come from our planet.' 'According to our intelligence services they probably come from outer space.' This was written a week later, in March 1942, as is this: Dr Wood's documents are astounding.' But there is nothing to confirm the statement and there are no other copies of the documents.

The UFO investigator Ben Hansen is doubtful of the documents' authenticity. In order to analyse the documents, you will need the originals. This is the problem with the Dr Wood documents, we can neither test the paper nor the ink. We cannot look for details which were common in those days. These documents are the only links between the Battle of Los Angeles with the theory that alien craft were involved. Without a reliable source the authenticity can be questioned. What remains are reports of a mysterious craft in Los Angeles, soldiers are said to have fired against unknown targets, and witness statements. Bill Tompkins is one of the few who saw a saucer-like craft, something nobody had never seen before, a situation when a large extra-terrestrial military organisation arrived at our planet after the declaration of war against Japan.

I completely agree with Ben Hansen's points of view. But in his investigation I find a clue, important information connected to the investigation.

In all countries people know that if something is 'Secret' it is not for the public eye. If a document is classified, then it is secret and there is no need for copies. Dr Wood distinctly writes that these documents are classified, even 'Top Secret'. They were not meant to be handed out. I believe that the most important issue here is the Woods documents.

If we take one more look at the picture above, the best photo the investigator Ben Hansen had for his analysis, we can see that the large round object looks like a UFO. The photo and the story about *The Battle of Los Angeles* told by 17-year-old Bill Tompkins tally. Dr Wood's documents tell us that they were sent from FDR, Franklin D Roosevelt, to George Marshall. They state that 'The conclusion of the **Head Quarters** is that the craft do not come from our planet, according to our **intelligence services** they probably come from outer space.' – I will now analyse these two sentences. 'Head Quarters' is probably the **White House** or Pentagon and the intelligence service at the time was the OSS. From where did they get the information on UFO? Gustav Hitler's special infiltration in the White House and the OSS via George Scherff Sr and George Scherff Jr functioned well. These two, too, knew about the space base in **East Prussia** in Nazi Germany and could inform the White House that something was about to happen on February 25, 1942, something of short duration and harmless. At that time, UFO only existed in **East Prussia**. According to the Wood documents President Roosevelt also knew about the base in **East Prussia, Germany** – The Battle of Los Angeles was arranged in order to create chaos inside and outside the White House.

In the Wood documents we can read that the US had captured two spacecraft. One of them in the San Bernardino mountains and one at sea (no evidence provided). It is quite clear that the US did not capture two UFOs. But why was George Marshall informed about that? What is it that important people involved wanted to point out by using spacecraft, UFOs? – Was it because of the two **Die Glocke** spacecraft which then crashed in the US? They were produced in Germany, in **East Prussia**. – The Battle of Los Angeles took place two months after the USA had declared war against Japan. President Roosevelt was fairly well informed, he could not be fooled. Had he, too, met aliens? The year after this, Nikola Tesla was murdered.

As a conclusion I can summarise *The Battle of Los Angeles* like this: As far as I understand it, the Wood documents reflect the battle in pictures and text, I can visualise the events on February 25, 1942. His document is valuable, but it depends on who the reader is since we are different at various levels of knowledge. Personally, I want to thank both Dr Robert Wood and Bill Tompkins for their participation in this topic. We need people who can stand up for reality and do not try to escape into illusions, lies and the world of fairy tales. – The documents were released in 2014.

This is where President Roosevelt lived, a simple life close to nature and woods. His house is in an area which can be visited in secrecy by the aliens. I have a very strong feeling that the aliens visited President Roosevelt a couple of times, but I cannot say when.

UFO crash in 1947

Kapustin Yar, CCCP

Roswell, USA

Kapustin Yar, CCCP

Now it is 1947, five years after the *Battle of Los Angeles*. The most famous UFO incident is said to have started with a massive explosion above the New Mexico desert in July 1947.

Also in 1947, an UFO crashed in the Soviet Union.

The pictures give an idea of a crashing UFO after an explosion, in this case in Roswell. A Die Glocke-UFO.

A UFO which crashed. One half of it has sunk. The craft is white and there are symbols on it.

The newspaper also confirmed that a UFO had crashed in Roswell.

This is the only incident with an unknown object confirmed by a government.

A close-up of a crashed UFO. We see symbols which are not familiar.

Jesse Marcel, a well-respected intelligence officer, found debris of a UFO which crashed on July 8 1947 in Roswell in the New Mexico desert. We can see from the debris that it was a white UFO. The photo was taken two weeks after the crash. Debris was found in a large area of land.

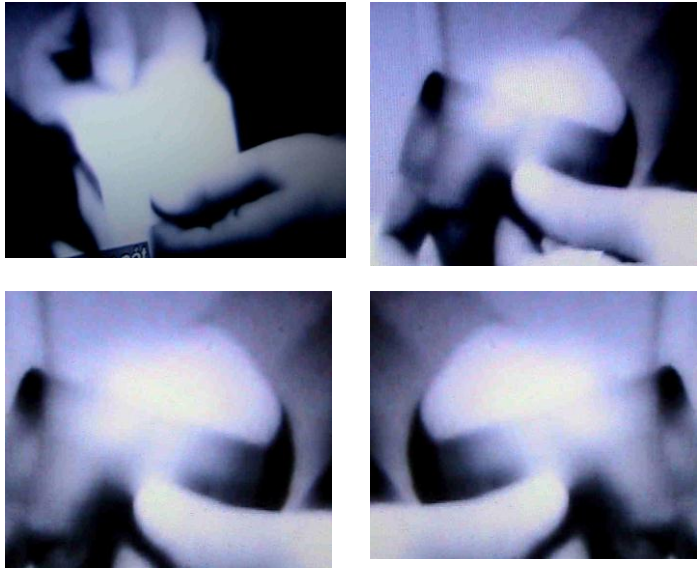

The crashed UFO surrounded by army people. This happened at some time during the late winter of 1947. Half the UFO has sunk into the soil in a forest in Kapustin Yar. The craft is intact.

According to the anti-aircraft forces they have captured a flying saucer, but debris from one was found by Jesse Marcel. He went home and showed it to his family before he brought it to his base.

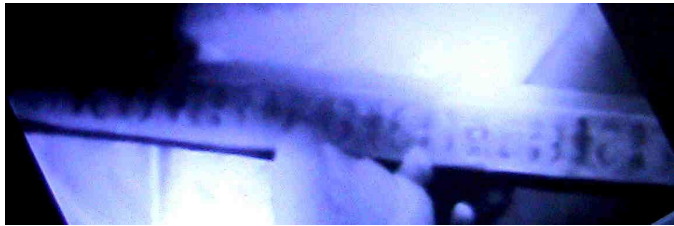

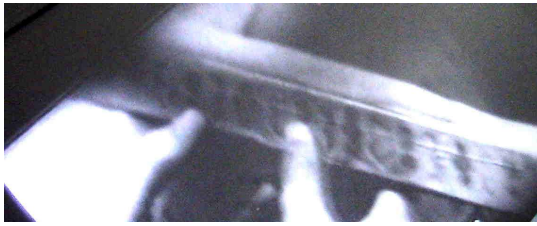

In a forest in Kapustin Yar, the Soviet Union has found a complete flying saucer buried in the soil. The material seems to be stony and the crash did not damage the craft.

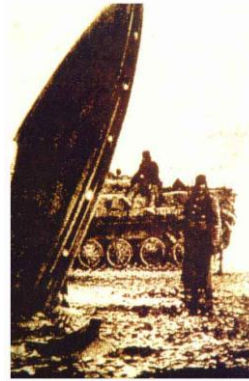

The parts could not be damaged. They tried to damage it with a sledgehammer but to no avail. It was strange debris, very strong and light. The most extraordinary material was something Marcel calls 'memory metal'.

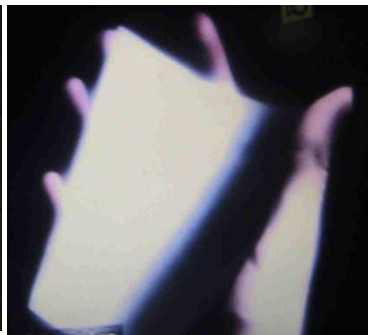

At the edge of a forest, half the UFO was bored into the ground.

Lots of symbols. Marcell calls them hieroglyphs because he could not make any sense out of them. The most extraordinary material was something Marcel calls 'memory metal'. **Memory metal in Roswell.**

In the picture we see a large amount of symbols and how the Soviet Union transport the craft. We may notice that the white colour has been transformed into a darker shade. Is it melting snow?

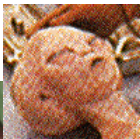

Frankie Rowe, inhabitant of Roswell.

Frankie says that her father took a piece of metal from the crash and her story tallies with Jesse Marcel's. The metal was so soft that her father could crease it in his hand and then let go – the piece returned to its original shape, there were no marks. – Frankie Rowe's father and Jesse Marcel did not know each other, they had never met. But their stories of the 'memory metal' tally.

The photo shows half a UFU with lots of symbols bored down into the ground. What is it the photo reveals and confirms? The soft, light, elastic metal is transformed into a stony, hard metal at impact.

Alien from Roswell

This how the aliens are described: They are small like children with grey, hairless skin and large eyes.

Alien from Kapustin Yar

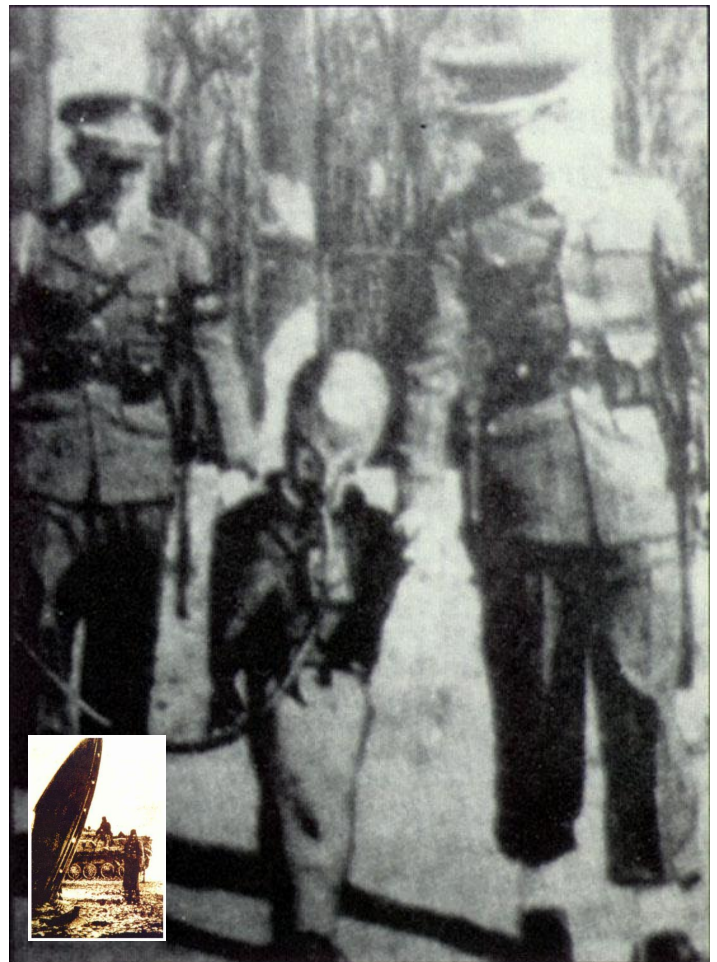

A dead and very badly injured alien after an explosion. The head, the face and the body are injured. He was probably found in debris on the ground. The alien is neither man nor woman, it is a hybrid.

The UFO researcher Donald Schmidt believes that the army secretly cleaned away the debris in 1947. During 2.5 to 3 days 50 – 60 men arrived in trucks. They lined up (sometimes on all fours), the order was that if something could not be removed, it was to be buried. Even if the site was cleaned there are certain individuals who believe that there are remains of the UFO in the desert. – The body is preserved in a museum in Roswell.

The body is still here in the museum

Roswell has become an industry

Here we see a living alien, small as a child, in the forest in Kapustin Yar. He was probably found inside the craft. The little alien is fully dressed and is taken away by soldiers. The photo confirms a tense situation, but everything was calmly carried out. We do not know what happened to the little alien, but it is probably dead by now.

The craft is certainly under control and is still secretly used for research by scientists.

Why did the UFO crash? – There are two causes behind a crash. One is when a serious problem appears in the driving system. Then the craft will explode and when a minor problem arises, the craft will also crash.

In Russia there are still people who stand up for the real thing and do not want to be associated with lies and illusions which lead to ruin.

Roswell survived the incident and has developed into a proper business. It has cemented the idea that the government conceals the truth about Roswell. All UFO researchers agree that when time is ripe, the truth about Roswell on 8 July 1947 will be revealed. – One thing is worth to remember – the US is the top nation for all those interested in UFO. The so-called 'memory metal' is not produced on this planet – but, who knows?

In the US science is divided into two groups. In one we find the scientists who are interested in humanity, reality, in the other we those who stand for the opposite: illusion, lies and fairy-tales.

After the Roswell incident – a spacecraft is said to have crashed, see above, the CIA established a secret group with the CIA director Roscoe H. Hillenkoetter. The group worked with UFO activities in the US. – I understand that this secret group, headed by George Herbert Bush, has communicated with UFO. – Thousands of sightings were documented and listed during the following years. They were suddenly ordered to hand everything over to President Kennedy.

Secret UFO report

NASA Administrator James Webb, 1963
1952 - 1968

What happened in the White House on November 12, 1963? It was all about the Moon and UFO. President Kennedy was probably engaged in conversations with the NASA administrator James Webb while reports of flying saucers came from all directions. Anyway, he as the President and supreme commander and the NASA administrator James Webb were not informed of these UFOs which for nearly 20 years had existed in and outside the US. Only the CIA knew the truth about them.

In a memo, dated November 12, President Kennedy asks the CIA to share its UFO information with NASA. The letter is dated ten days before the murder and is a sensation. November 22, 1963, at 12.20 p.m. in Dallas, Texas. Kennedy is dead. The murder of Kennedy is the most controversial and dividing case in the history of the USA. It is an old question: 'Who killed Kennedy and why?' The President of the USA is dead. During the last 50 years many theories about Kennedy's death have appeared.

After the murder many investigations into the issue were initiated. In 1964 the Warren Commission, the official investigation regarding the murder, stated that Lee Harvey Oswald was the murderer. Many people believe that there are contradictions in the theory of the single shooter. It was a crime witnessed by hundreds of people and what they saw, of course, differs. Many are sure that Kennedy had powerful enemies, e.g. the CIA. Conspiracy theories stating that the CIA had something to do with it are well documented.

But in 2010 a previously classified memo appeared, and some people thought that new motives came to light, motives supporting the CIA theory. It is a memo written by Kennedy. Ten days before the murder Kennedy wrote a letter to the CIA and ordered them to hand over all UFO documents to him. The President also ordered the agency to share the UFO archive with NASA. 'You shall share the information about the unknown, share the information to assist the NASA in their defence assignment.' – The date of the letter is exciting, NASA writes. They wonder if there is any connection between the letter and the murder. – Did Kennedy's letter provoke anxiety or possibly murder?

That idea is not very persuasive. But for the CIA, Kennedy's letter may have implied a more serious threat, the letter also contains ideas of a co-operation effort with the Soviet Union in space. As a matter of fact, it orders the CIA to initiate an exchange of information with the Soviet Union. Kennedy was interested in a mutual program to reach the surface of the Moon. 'Among the possibilities I can see a mutual flight to the Moon.' Some writers and historians suggest that the CIA raged against Kennedy's proposal to work with the main enemy of the cold war. It is a period of enormous tension between the superpowers, NASA states. One theory maintains that Kennedy was murdered by the CIA. The CIA feared that he was too soft when facing the threat from the Soviet Union. The revelation of the Kennedy memo created a media storm in 2010. It seems to contain decisive evidence in the most controversial murder investigation during the 20th century. Does the letter constitute a motive? Is it evidence? Some people have stated that it really is.

If we analyse the Kennedy letter's proposal on co-operation with the Soviet Union in space, this motive is not valid. Around seven years later NASA and the US started a co-operation with the Soviet Union regarding spaceflights and Moon research, a co-operation which still is there. Kennedy wanted co-operation without secrets, since the Soviet Union also knew about UFO.

What we need to do is return to 1947 when CIA started a secret group which commandeered all UFO reports. There is no information about this secret group, no names. In secret UFO archives there are reports and material from, for example, *The Battle of Los Angeles* and the UFO crash in Roswell. Members of the group that George Herbert Bush was one of them. He was probably also the founder of the group since he knew about the space base in Nazi Germany, in **East Prussia**, *The Battle of Los Angeles*, and the UFO crash in Roswell in 1947. Legally, Kennedy was the President and supreme commander in the US, it was very possible for him to send his opinion in a letter to the CIA. In order not to reveal the secret, the secret CIA group chose to remove Kennedy from power. This murder reminds me of the murder of President Roosevelt.

The Holy See knew about this murder as early as in 1959, when Pope John XXIII was payed a visit by the Black Madonna on April 7, 1959. According to her diary she talked about something that would take place four years later, connected to a **world leader**. President Kennedy was a **world leader** and Madonna's prophecy was about aliens and UFO. When the Pope heard this, he was terrified but he was no longer with us on November 22 1963. More info at **Industry**, *The Fourth Pyramid which Disappeared*, page 55, and *The Sun at a Disadvantage*, pp 17-18.

At the beginning of the 1970s the co-operation between NASA/USA and the Soviet Union started: **Apollo STP**, Apollo Soyuz Test Program 1975. More info at **Industry, Moon Mystery**, pp 92 – 94, **Apollo 18** 1974, **Apollo 19** 1975, **Apollo 20** 1976 and Clementine Moon project, **Clementine 9**, during the 1990s. More info at **Industry, Arrival of the Neutron Star**, pp 3 - 15 and **Visitors to the Moon, final**, pp 36-95.

1947 was a very important year and a breakthrough for UFO via the American **Kenneth A. Arnold** gave the name ‘flying saucers’ to the UFOs. More info at **Industry, Moon Mystery**, page 1, and **The Ark: The Cosmic River and its Natural Causes**, page 25.

UFO crash in Kecksburg 9 December 1965

On December 9, 1965, a UFO crashed in Kecksburg

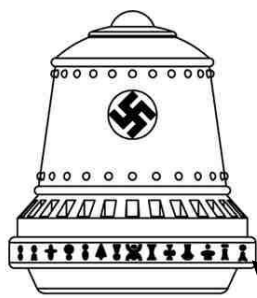

Map of the UFO crash in Kecksburg

Thousands of people in Kecksburg, Pennsylvania watched this world-famous UFO crash. The UFO looked like a bell. Police, firefighters and interested people rushed to the scene. When they arrived, they saw an object with a diameter of around 3 metres and a height of around 4 – 5 metres. It was metallic with hieroglyphs written along its circumference and it was still glowing. Dozens of people came to the site and started to surround the object but army personnel suddenly arrived and cleared the area. The object was placed on a truck, covered by a tarpaulin and removed from Kecksburg. This is what happened to the UFU/die Glocke which crashed in Kecksburg on December 9 1965.

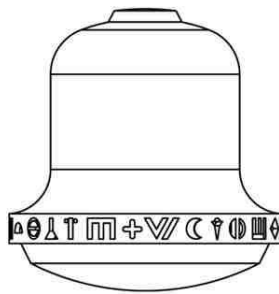

There were two small, dead members of the crew inside the craft.

NOTE: STRANGE INSCRIPTIONS WERE FOUND ON BOTH THE NAZI BELL AND KECKSBURG ACORN

We know some of these symbols, such as the letter m, + or cross, the letter V and the moon.

Memory metal from Roswell

The UFO/ Die Glocke is said to have been constructed of a very hard metal and there were hieroglyphs written along the base of the object. This observation reminds me of the Roswell memory metal.

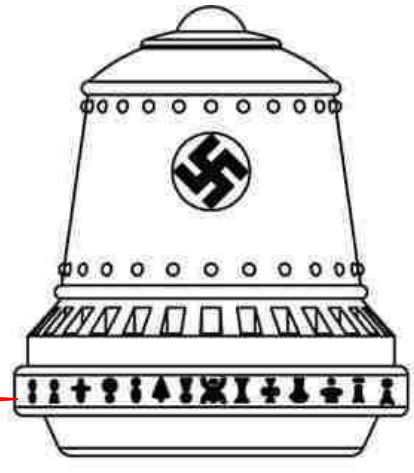

The spacecraft Die Glocke existed, but what was the intention behind this UFO? Many experts, UFO researchers and scientists mean that die Glocke was, or meant to be, a time machine. Many people know about the concept 'time machine', you can travel back and forth in time in a specially designed machine.

Die Glocke was such a UFO, but this one, called die Glocke, was constructed to make it possible to look into the future or back into history. But the main purpose was of course to be able to look ahead and be prepared. It was built for two crew members in a moveable cabin. In the cabin there was a screen which showed the future but if it was a picture, a text, or symbols, I do not know. This applied to prototype 1. There was a secret code, relevant staff called the code 'Laternenträger'. (Laternenträger means 'owner of lantern'). This means, in fact, that nobody must know the secret of this code. The lantern is used to shed light on phenomena which cannot be seen because of darkness or, symbolically, if you want to find out about future, up to now, unknown occurrences. This code is valid for the Earth and its history in our solar system.

The second part of die Glocke was a specially designed anti-gravity system in which magnetic waves appear within the frequency area which affects all movements of the planets in our solar system related to the Earth, including the neutron star Nemesis. Th code was named **Xerum-525**, according to the source. Combined with the **Laternenträger**-code it gives us information about the future. The two codes were included in the **Chronos** code. Chronos = Time. All this was called die Glocke code.

You who read this section certainly ask yourself if there area ny clues which can to some extent confirm the code **Laternenträger** which in itself is very secret. – I have found a clue. Let us have a closer look and analyse it.

This is a picture where we can see the symbol of the binary star system, a large and a small sun next to each other. Neutron star Nemesis appeared in spring, 2018. – A 'memory metal' named by Jesse Marcel – what a hit! – The memory also has a capacity to look into the future and see results which already are memories. See above, page 48.

According to the source at least seven die Glocke prototypes were produced. Prototype 1 disappeared at the end of the war, prototype 2 crashed in Germany and five of them were airlifted to the US in 1945. Two of them crashed in 1947 and 1965. We do not know anything about the remaining three craft. The intention behind all this was that G Hitler wanted to find out about the end, especially the fight between the Lamb and the Beast in Revelation. G Hitler avoided involving Sweden in the war.

In 1969, Jimmy Carter, governor of Georgia and future President of the US, said that he had spotted a UFO. Carter described how the object twinkled in different colours. It was as big as the Moon and moved around in a bizarre way. The governor of Georgia with an Annapolis degree saw a UFO. There was never an official explanation. He had no evidence, but he did not forget the experience.

Honorable Jimmy Carter

Dear Governor Carter:

For the past 17 years the International UFO Bureau, Inc. has researched the subject of unidentified flying objects, commonly called and known the world over as "flying saucers".

Negligent to say we are deeply interested in the recent sightings in and around Georgia and for this reason have several "field investigators" in the area at this time.

Reports have reached our office that you have observed the object and I am wondering if you would be kind enough to supply us with the details of your experience?

I have enclosed one of our sighting forms and will welcome any additional statements or illustrations that you care to offer.

Feel free to ask any questions you may have and if the Bureau can be of service to you or your office feel free to contact us. Until then, I remain...

Jimmy Carter's report to International UFO Bureau, Two pages

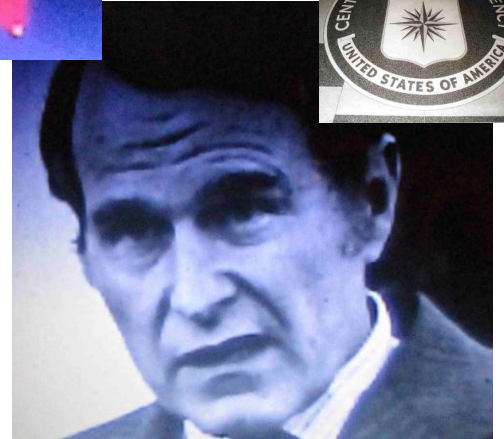

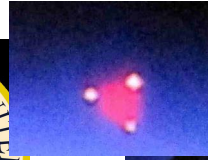

The answer from International UFO Bureau to Jimmy Carter.

He felt he had to write a report to National Investigations, NICAP, and International UFO Bureau. The report sounds like an ordinary UFO sighting, but it is not. The identity of the observer makes it unique. His name is Jimmy Carter, the future President of the US. Observers do not get more credible. As a nuclear physicist he worked for the respectable Annapolis Naval Academy before he started to work with nuclear submarines. Later on he became a prominent figure in the Democratic Party. Carter is a credible and very educated military observer. The report he wrote was written by a professional. - There was never an official explanation.

Jimmy Carter runs for the presidency and is asked: 'Will you tell people in the US what you know about UFOs?' Jimmy Carter says 'yes'. He intends to show his cards.

Jimmy Carter, President

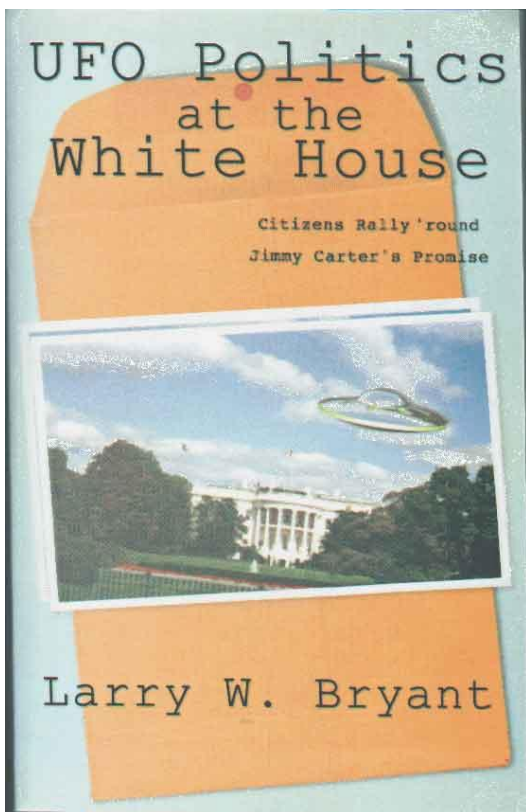

George Herbert Bush, CIA director

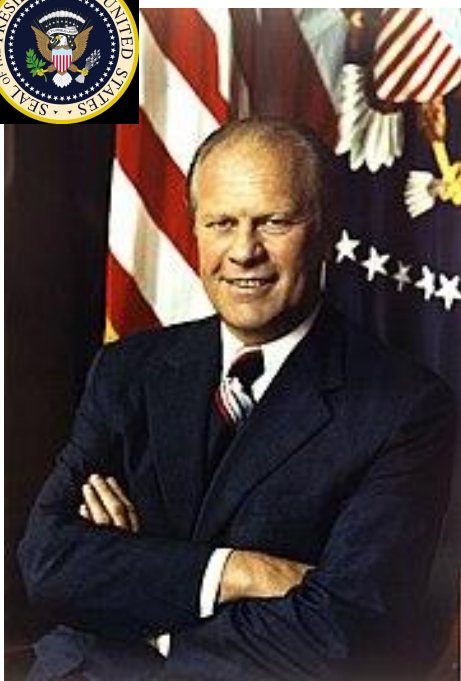

In 1977, when Carter becomes President, he asks the CIA to release reports on UFOs and extra-terrestrial life. The CIA refuses. It is almost unheard of that an agency says no to the President. Jimmy Carter asks the CIA director, George H.W. Bush: 'Can you tell us what the CIA knows about UFOs?' And George Bush, always the professional, says 'As a President, you do not need to know about this.' – The CIA does not allow the President to reveal top secret information. People are surprised when they find out that the President does not have access to everything.

'UFO secrets are more secret than what you are dealing with, despite the fact that you are the supreme commander.' H mentions that they constitute a serious threat against American security. - President Carter never again mentions 'UFO' during his time in office.

What does the CIA director Bush reveal? It is evident that the secret CIA group runs the country, not the President (except for Bush Sr and Jr) UFOs do not constitute a threat against the USA. We find the origin of the UFO in Nazi Germany and the threat is directed against the Bush Dynasty, not against the USA as a nation. – UFOs became familiar to the world as early as in 1950. There may be thousands of people who have met the extra-terrestrials. There is a lot of good information about UFO and aliens and their lives in our galaxy. – In the USA, e.g. in Area 51, many aliens worked in the 1980s, supervised by the CIA. As far as I understand The US is not threatened by UFOs and aliens, but by the Bush dynasty, the Jesuits.

If you have seen a UFO, you will never forget it. The book above by Larry W. Bryant deals with Jimmy Carter's UFO.

Gerald Ford, 1974 - 1977
President

Another President, Gerald Ford, is also interested in UFO, see his letter from 1998.

Ordinary people and UFO organisations around the world have information on UFO, they know about their origin and existence and why they are here. TV, Internet, books, and magazines are excellent media. But the Presidents of the US, who are said to be the most powerful people on our planet do not get any information about UFOs, despite the fact that they are parts of space and our galaxy, the Milky Way. – Presidents **Roosevelt, Kennedy and Carter** are unique in this context.

GERALD R. FORD

March 17, 1998

Dear Mr. Filer:

My Museum officials were accurate in indicating there was no information about Congressional Hearings on Unidentified Flying Objects. Frankly, I do not recall initiating a call for such hearings. Incidentally, your letter says I was a Senator which is inaccurate. I served 25-1/2 years in the House - never in the Senate.

During my public career in Congress, as Vice President, and President, I made various requests for any information on UFOs. The official authorities always denied the UFO allegations. As a result, I have no information that may be helpful to you.

Best regards,

Mr. George A. Filer

Republicans, an elephant as a symbol of politics

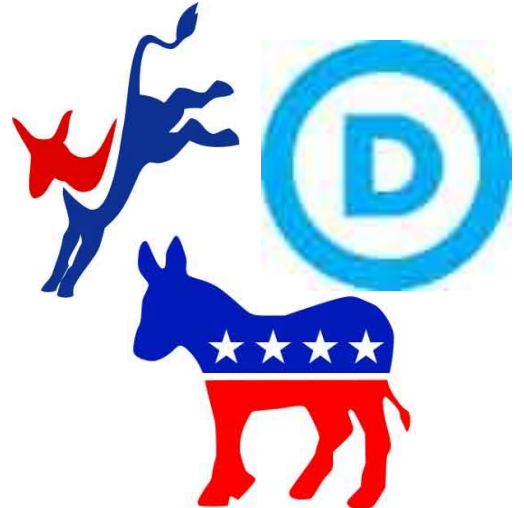

The animal symbol is an elephant. It is the biggest and maybe the strongest animal. The elephant is wise and stubborn.

If we compare the elephant with the planets in our solar system, we see Jupiter, which is the largest planet.

When it comes to **religion** we find the combination the Bull God Jupiter/Zeus.

Liberal policies
Liberal ideas

Democrats, a donkey as a symbol of politics

The donkey is a domestic animal. It is wise and terribly stubborn if you hit it or agitate it. The donkey is used as a means of transport. It can pull a cart or you can take ride on it.

The donkey also appears in **religion**, e.g. in the gospels at the birth of the Jewish little boy Immanuel/Joseph in Bethlehem.

Behind Zeus/Jupiter is the Sun. In his right hand he has the arrows and in his left he has the stork, a symbol of reincarnation/birth. His latest reincarnation was in 1946. More info at **Industry The Ark: The Cosmic Global Flood**, page 58 and pp 59 - 79.

Jupiter is the largest planet in our solar system, and the elephant is the largest and strongest animal on our planet.

The Republicans chose an elephant as a political symbol. (Where is Man a symbol?)

In this political party there are politicians who stand for reality, humanity and there are those who favour the opposite: illusion, lies, and a world of fairy-tales.

Jewess Mary and Carpenter Joseph heading for Bethlehem, where Immanuel/Joseph Jr will be born. They then head for Egypt, but are persecuted by the Bull God Herod the Great..

After the death of Herod, they returned to Jerusalem (the donkey as a means of transport). I can compare this to Linköping, 1958, when Jewess Maria gave birth to Tibor E. – History repeats itself.

The donkey, again, is at the centre of events. The Jew Immanuel or Izates II/Jesus enters Jerusalem on a donkey. The gospels clearly state that there were two different Messiahs, Saviours, who appeared simultaneously with almost the same message. More info at **Industry The Ark: The Cosmic Global Flood**, pp 37 - 44 and 45 - 57.

The Democrats chose a donkey to be their symbol. (Where is Man a symbol?)

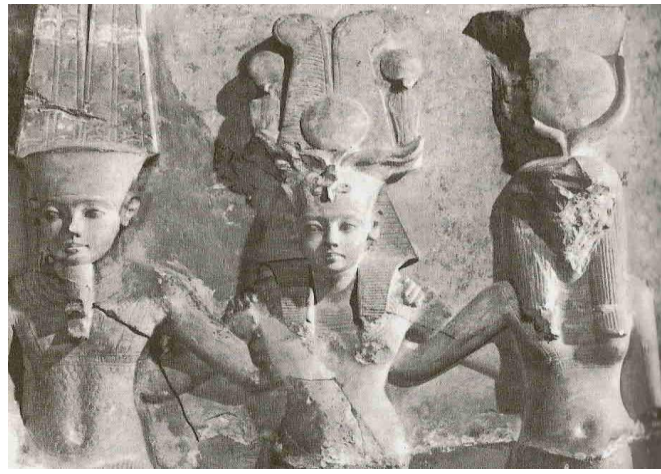

In this political party there are politicians who stand for reality, humanity and there are those who favour the opposite: illusion, lies, and a world of fairy-tales

Pharaoh = The Big House –The White House

We can without any doubt compare the Pharaoh of Egypt and his Big House with the White House in the US. In ancient Egypt there were three principal gods: the Falcon God, the Serpent God and the Bull God Osiris who was also called the God of Resurrection. The king ruled in the Kingdom of Egypt, but he was called Pharaoh, the Big House, which as symbol was moved into our galaxy, the Milky Way. The final goal for Pharaoh was to conquer our galaxy using solid knowledge. – The White House is also a large building from where the world is till ruled.

Ancient Egypt's Pharaoh Kingdom where the obelisk contained the secret about the fight for life and the royal activities. In the picture we see Pharaoh Ramesses II beside the obelisk, a symbol telling us that he belonged the human being Amun. It seems as if the obelisk behind the White House is a copy of the Pharaoh system. In the US there is a President instead of a King.

Ramesses II.

One picture shows Tutankhamun and Mut, the other picture almost the same even if Ramesses II grabbed Amun and Mut and threw Tutankhamun away. We often say that history repeats itself. Christer Philip R tries to remove the Jewish Boy Tibor E from his mother, Jewess Mary. In American history there is only one President, the Jesuit George W Bush, who several times allowed himself to be photographed with Virgin Mary.

The Bush family The Bush Dynasty

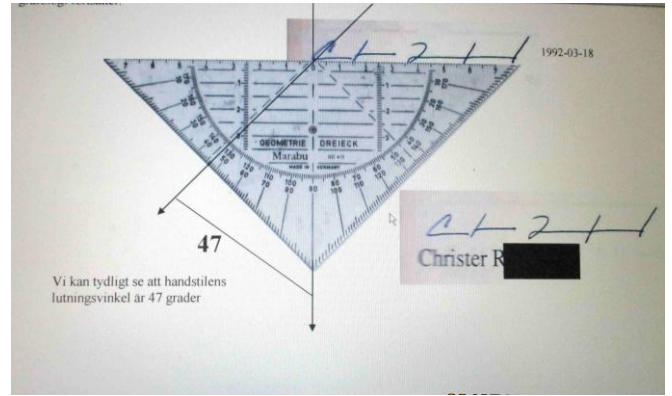

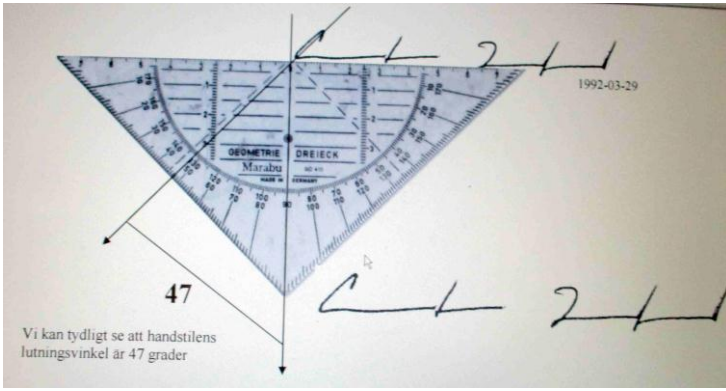

These books are well-known all over the world. The bases are Jesuits, maybe the world's most powerful and richest dynasty. The Bush family are introduced via books, the Internet and magazines by the Americans themselves with Virgin Mary as a final goal.

Signatures

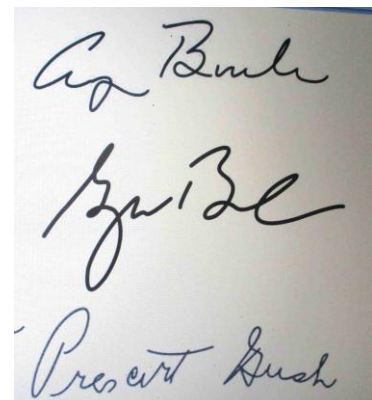

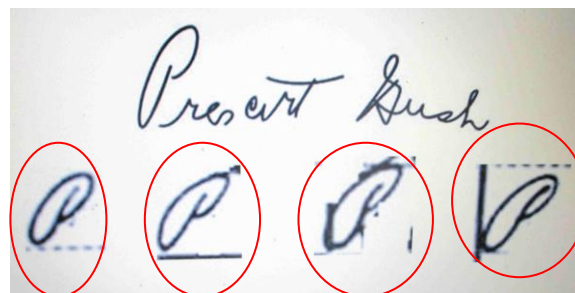

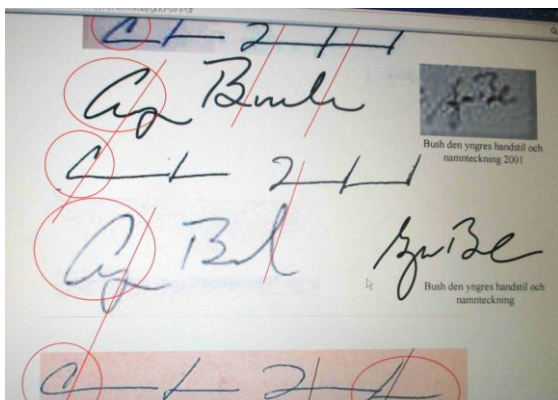

This simple method allows us to compare Christer R's signature in connection with my father's, T Kemény's, paternity issue. The handwriting and the letter C's inclination is around 47° . Krister/Christer R is my father's cousins' child.

President George Herbert W Bush's signature. The letter G's inclination is 53° and 42° . His handwriting looks like Christer R's signature and handwriting. More info at **Industry, Deity**, pp 45 - 49.

Prescott Sheldon Bush's signature. The letter P's inclination is around $56 - 57^\circ$. We can see that it does not look like George H Bush's handwriting but reminds of that of George W Bush.

P as in Prescott looks like the letters C and G in shape and inclination. P comes from various signatures during the 1910s. Anyway, we can see that the handwriting is in the family genes.

Orbán tells the whole world that he holds on to Christian values in Hungary, Hungary is a Christian nation. - But his problem is that he cannot prove that Hungary is a Christian nation. There is no document signed by Prince Géza confirming that he accepted Christianity.

King of Wisdom = God (No Creation)

The 'God' concept is highly ranked in our galaxy and few individuals carry that title. Man and God have wisdom, knowledge, life and nature in common. God and Man stand for reality and respect – lies and duplicity do not exist in God. I believe that the Pleiades possess the highest level of knowledge. – To be allowed to watch the end of this world is the top award on this planet. – I am also very proud of the awards I have received for my hard work during 18 years from the British **AI Global Media Ltd.** – More info at **Industry, Deity, Man's Will** and **Architecture Awards 2016, 2017, 2018.**

Daniel, 12:4 and 12:13

'.../ But you, Daniel, shut up the words, and seal the book until the time of the end; many shall run to and fro, and knowledge shall increase.'

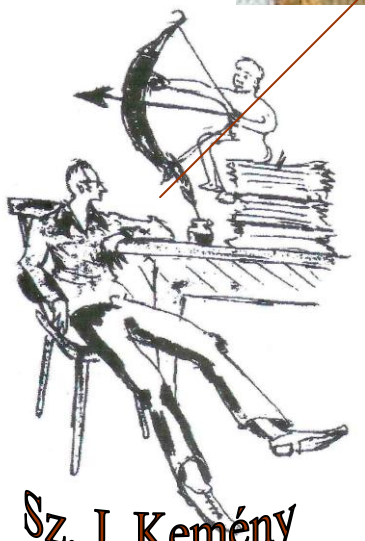

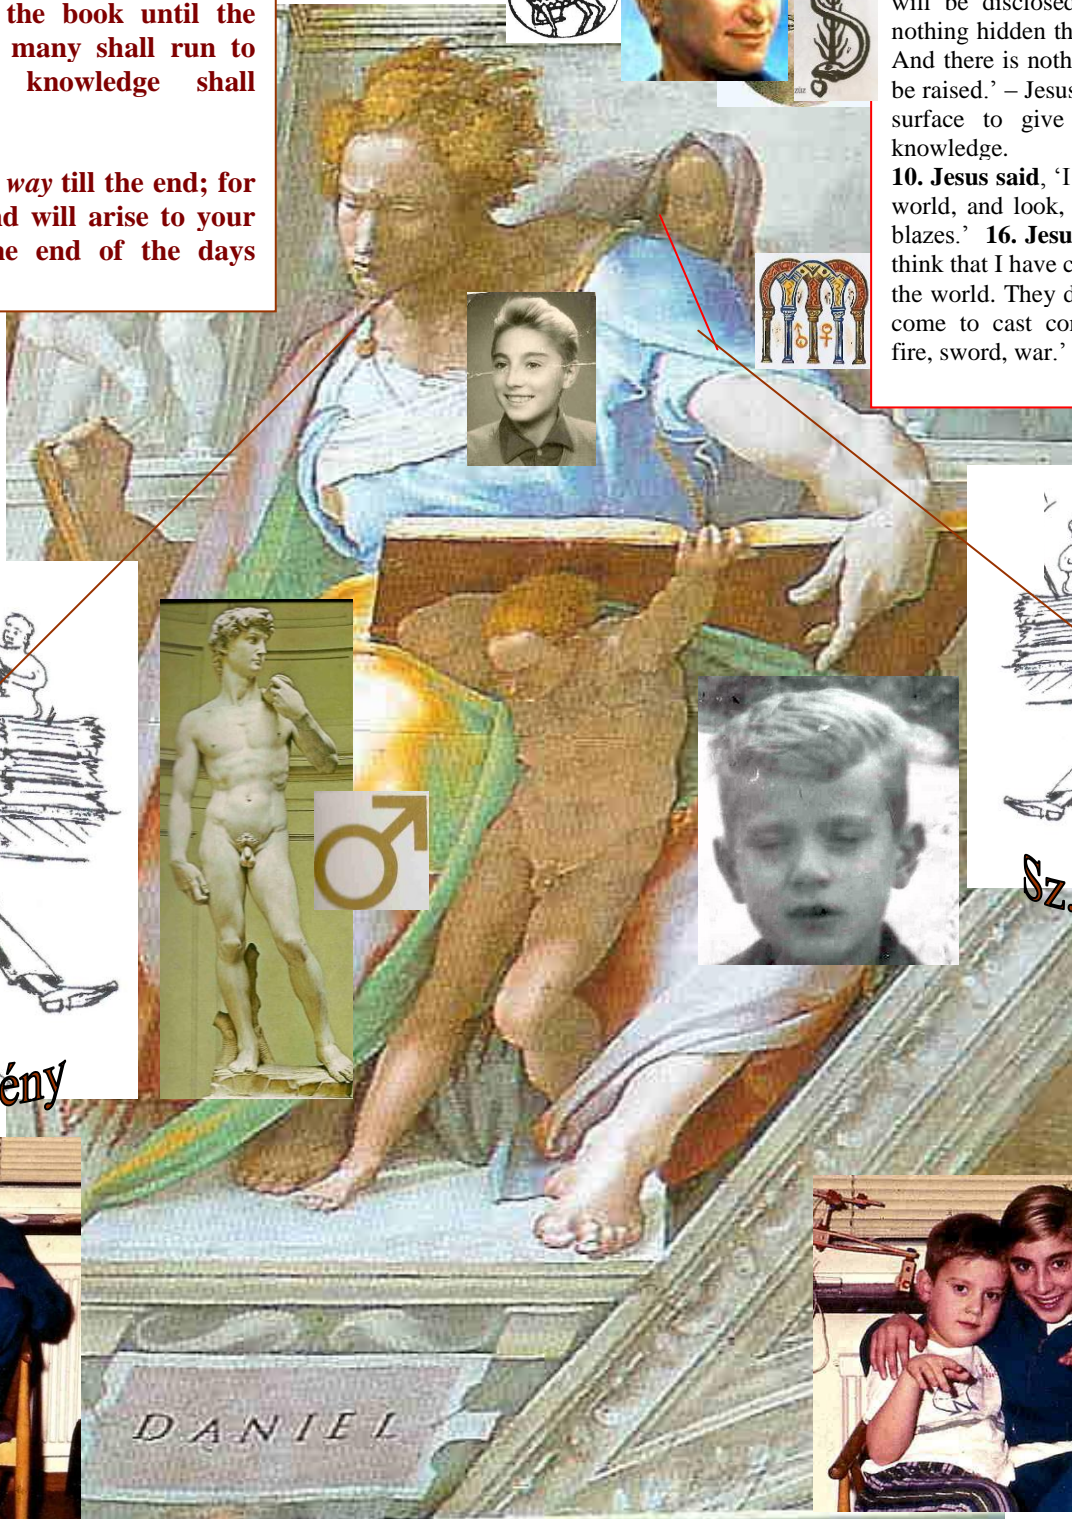

'But you, go *your way* till the end; for you shall rest, and will arise to your inheritance at the end of the days /.../'

Finally:

5. Jesus said, 'Know what is in front of your face, and what is hidden from you will be disclosed to you. For there is nothing hidden that will not be revealed. And there is nothing buried that will not be raised.' – Jesus, too, wanted secrets to surface to give the world access to knowledge.

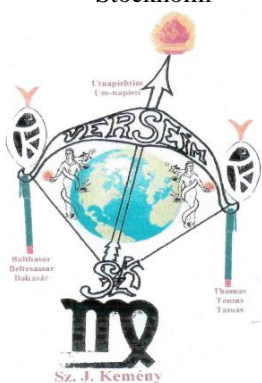

10. Jesus said, 'I have cast fire upon the world, and look, I'm guarding it until it blazes.' 16. Jesus said, 'Perhaps people think that I have come to cast peace upon the world. They do not know that I have come to cast conflicts upon the earth: fire, sword, war.'
