## Top Level Knowledge

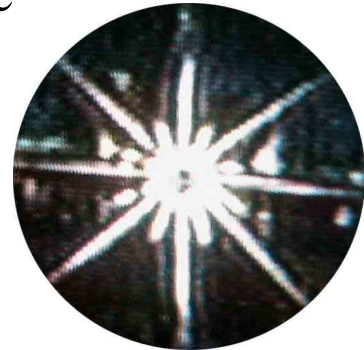

## Thomas's Gnosticism, cont.

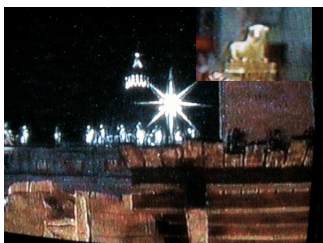

2013 was the year when discussions about whether there is a God or not were hot. Is God the creator of Universe or not? God and religion are still important issues around the world. At the same time we are certain that *Man* is the Crown of Creation and there is nothing larger and higher than Man. Christianity also maintains that God became a human being, that he appeared in a human-like body. The Bible clearly says that God is an animal, that there are multiple gods and each of them has an animal origin. It is also obvious that Universe was not created by any god. If we compare God and the Universe, we find God to be a microscopic creature while our Universe is said to be infinite. On the other hand, there is **God and Lord** who is traversing this planet, being active in various religions. NB! I interpret this issue according to my knowledge.

From 2011 the midnight mass was abolished. Instead there was an evening mass starting at 10 o'clock p.m.

Pope Benedict XVI's Last evening mass from St. Peter's Basilica on 24 December at 10 p.m. In the picture we see a cover and on this a symbol of the Sun. What is under the cover? It is a message from a worried pope.

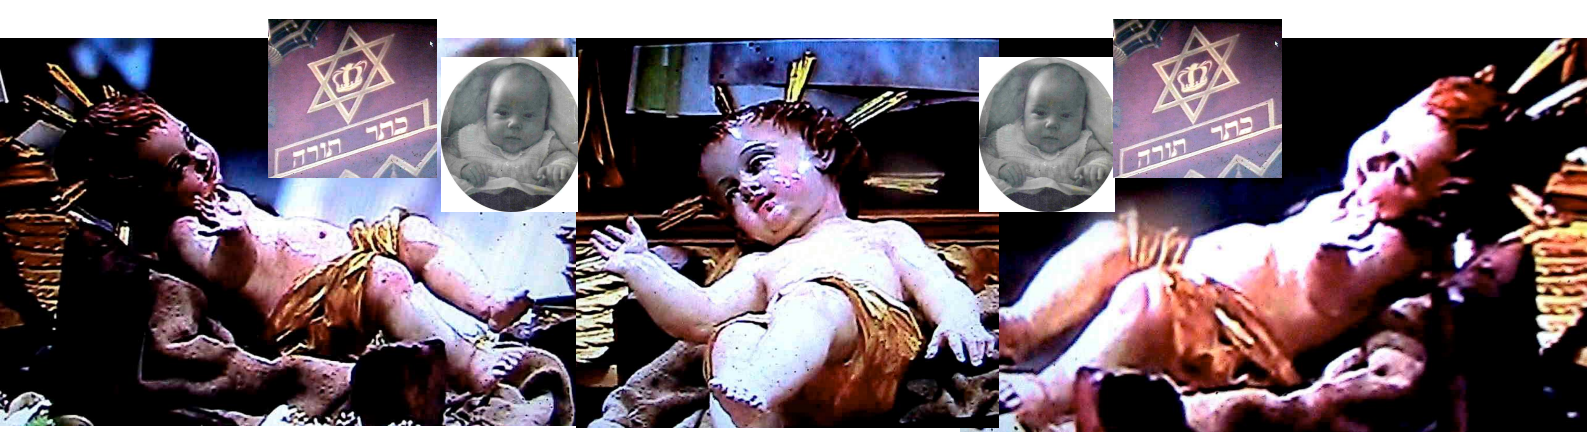

On the cover and at the centre of the Sun is a we see a "T". Under the cover, in a crib, lies a little boy on whose head is a six-pointed Star of David symbolizing Jews and the Sun. What does T mean in this context? It might mean young Jewish boy, "Tibor/Tibor E" who was born on Christmas Eve in Linköping in 1958. There is also a T-sign with a wriggling serpent. We know that the Lion Tibor E was murdered in 1971 and was replaced by the Lamb/Serpent Christ R. So this is not new information it was known as early as in the 1970's. But this message means more than what is known. If we follow what happens after that, we will fully understand what the message means.

Pope Benedict XVI's last evening mass during which the young Jewish boy, the lion cub, was in focus. Above him is an open book with a short story and an appropriate drawing. The drawing does not tell us that a birth has taken place in a stable in Bethlehem in ancient Judea. NB! The traditional Bull and other animal species are gone. The drawing may symbolize a traveller in a room in a lodging during the sudden birth of a baby boy. Outside the lodging a few angels are rejoicing.

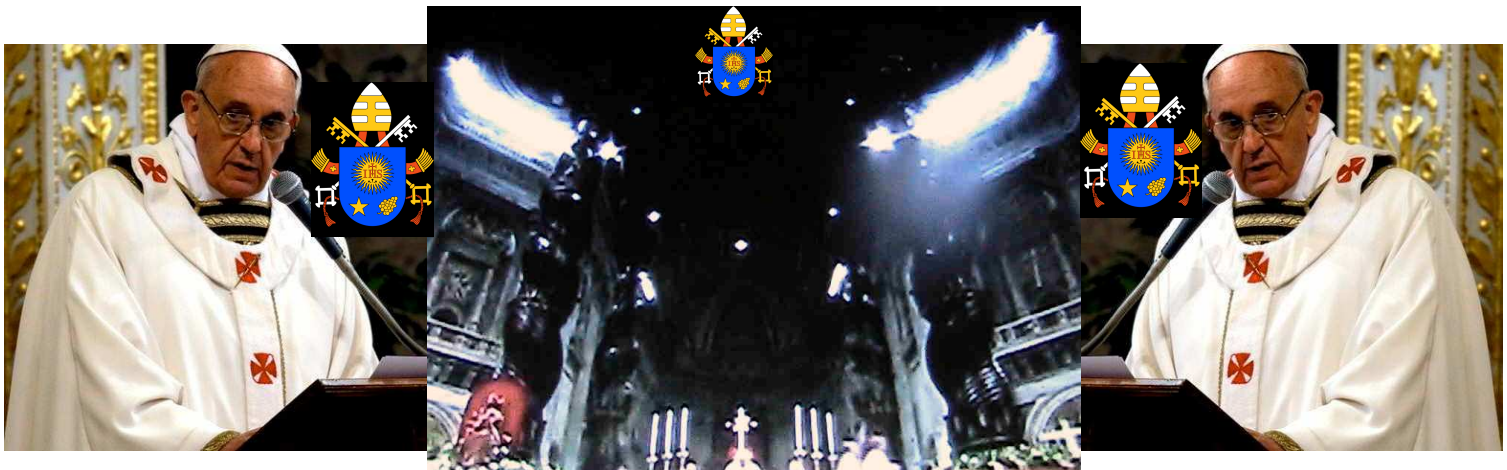

For the last time, a symbolic rebirth from Bethlehem and Linköping.  
**-The Star of David for the last time-**

On St. Peter's Square was the traditional stable for the flock of sheep and relevant animals: **Lamb/Sheep** and **Ox/Bull**. Above the stable was an **eight-pointed star**, symbol of the Lamb. This was Pope Benedict XVI's last message. More info at *Aries, Capricorn and Fullness of Time*, pp 20-22.

## Evening mass from the Vatican, 24 December 2013, 9.30 p.m.

Pope Francis' first evening mass from St. Peter's Basilica in 2013. Above at the centre we see a dark picture behind the main altar. The dark picture reminds me of dark head of a bull, with a horn on each side of its head. This picture was broadcast all around the world. I call this broadcast a "masterpiece."

Pope Francis' first evening mass from St. Peter's Basilica. A baby boy lies in the crib and above him is an open book with a drawing telling us about the newly-born boy's origin. We can see the mother in a fine and comfortable bed. Next to her bed is a smaller one where a baby boy is lying. Behind the boy's bed is a symbolic bull. This drawing might illustrate the rich Greek woman Mary and the Bull's child in a wealthy home environment. The Bull is a symbol of the birth of the Bull deity, though not in Bethlehem and certainly not in a stable. – A rich woman does not give birth in a stable among animals.

Here we can see the tiny bull child who, with no six-pointed Star of David on his head, symbolically is placed in crib. We can also symbolically see the he Messiah of money and wealth, Mammon, or Jesus Christ/Jesus the Bull, child Mammon's child.

In St. Peter's Basilica there was a model of a stable. The Pope himself took the bull's child out of the crib at the main altar and carried it to the stable.

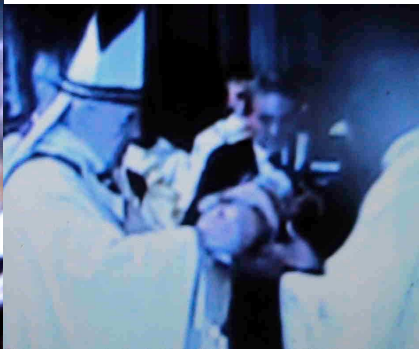

Towards the stable, symbolically

The bull's child, child of Mammon, the Jesuit in the pope's arms.

Before the pope hand the bull's child over to a priest, he gives the little Jesuit a kiss.

Then the priest puts the bull's child into the stable, in a crib, and the flock of sheep is waiting for him.

That is where he belongs. A bull is an animal.

The Bull's worst enemy is the Lamb...

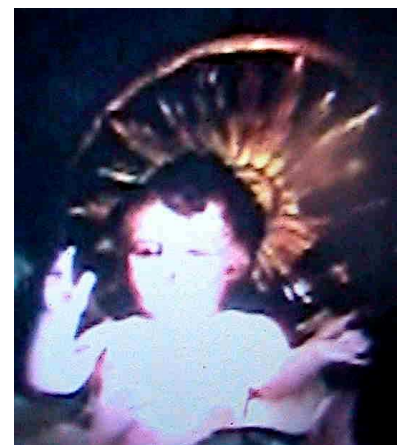

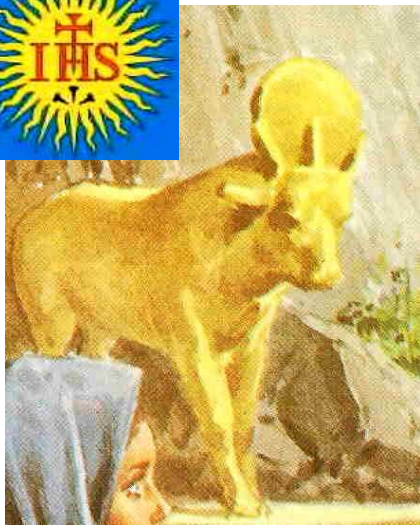

On St. Peter's Square there was a full-scale model of the stable, built by Francis of Assisi around 1220. During Pope Honorius III's pontificate. Above the stable we see a **seven-pointed** star in the shape of a comet.

It was Saint Francis's idea to have a Christmas crib in the church, the first time he brought a live ox. He wished to remind the flock of sheep about the humble origins of Christianity. We can clearly see the Bull in the stable next to the crib, to the left of the baby Bull. The Bull is a symbol of wealth and money, but for the flock of sheep it does not matter which animal they worship. – Religious people maintain that God is the creator of the Earth and Universe, born in a stable among animals, an excellent combination.

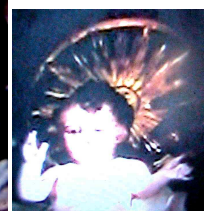

At the centre we see the baby Bull, the Mammon child, or the Jesuit. Behind his head is a sun disc, probably symbolically displaying the Society of Jesus or the letter "E". To the right and left of the Mammon child is an illustration of the Bull deity Osiris with the sun disc behind his head. From Pharaoh Ramesses II era. He was a deity of Death, i.e. the Lord, the Bull of Death.

At the centre of the crib is a lion cub, son of Jewess Mary, Joseph Jr. of Bethlehem and Tibor E from Linköping. To the right of the baby boy is a winged Lion, also a symbol of the Lion of Judah. Here lies, for the last time, the worldly and Davidian Messiah. The Lion was murdered and replaced by the Lamb/Serpent Jesus in Palestine as well as in Linköping. In Stockholm, the Lamb/Serpent Christer R appeared.

At the centre of the crib lies the Bull child, John/Mark from Palestine, son of the rich Greek Mary. On the boy's left is a winged Bull, symbol of the Bull deity Osiris. We clearly see that instead of a Lion cub with a Star of David on his head, there is a Bull's child with no Star of David. He is also depicted with a sun disc behind his head. – The seven-pointed star implies that Pope Francis left the gospels behind and entered the world of Revelation, where the Lamb fights the Bull.

If we compare Pope Benedict XVI's evening mass from 2012 with that of Pope Francis in 2013, aimed at the birth of Messiah, we clearly understand Pope Benedict's straight message. **The Lamb, Christer R**, is removed and **the Bull, the Jesuit**, assumed **the Lion's, Tibor E's**, identity records. We know that Benedict XVI was the Lamb's pope, how come that the Lamb was removed during his pontificate, and when did this happen? Let us have closer look at that issue.

Being my father's only-begotten son, I am still in the middle of things. If I look around, trying to understand what has happened in recent years, from **2007**, it is easier for me to find the trace that ties together different, unique, events. In my brief 2007 autobiography I write that my good mother, Maria Kemény, passed away on **13 January, 2007**. More info at *Autobiography*, page 9. To tell the truth: there are circumstances implying that my mother did not have a natural death. I do not want to say more.

On July 10, 2007, Pope Benedict XVI was on the warpath. Then the first attack from the pope appeared, headlined **Acrid Vatican Attack on Other Christians** in Swedish media. The article distinctly maintains that only Catholicism possesses the truth of Christian beliefs, according to the Vatican. Protestantism can hardly be called a church, says an official document from the Holy See. Evidently, this is primarily directed at the **Church of Sweden**. During John Paul II's pontificate, Church of Sweden was a subsidiary of the Mother Church until all evidence was obscured. Thereafter, during the pontificate of Pope Benedict XVI, Church of Sweden is suddenly nothing, it has no longer any role to play within Christianity. Now the Vatican states that the pope possesses the truth (I can read between the lines that the Swedes murdered Messiah, it concerns my father's paternity issue). - What happened during the months of June and July, **2007**? As far as I can understand, the head of state, King Carl Gustaf XVI and Arch Bishop Anders Wejryd have removed the Lamb Christer R and replaced him by the Jesuit, the Bull. He took over Tibor E's identity without the consent of Pope Benedict. Then the pope raved against Protestantism, the Kingdom of Sweden and the Church of Sweden. More info at *Aries, Capricorn and the Fullness of Time*, page 18.

Who is it, apart from the pope, who can get into an issue which the pope should manage from the Vatican? - There is only one, the Bull himself, the Jesuit, and his large, rich and strong nation. To able to secretly sneak in and take over Tibor E's identity documents, he certainly had to pay enormous sums, received by the king. The king does nothing for free.

In the month of July, **2007**, former Apollo astronaut William Rutledge came forward and introduced Apollo 20's top secret 1976 lunar voyage in cooperation with the aliens, called angels in the Bible. Apollo 20 landed on the far side of the Moon and gathered evidence. Among other things, the original body of the Lamb/Serpent/Jesus was displayed in the lunar module Phoenix. The crew had three members: William Rutledge, Leona Snyder and Alexej Leonov. Rutledge and Snyder worked for **Bell** Laboratory in the US, while Leonov was a selected cosmonaut from the Soviet Union. We can reflect the name Bell/Bel back to ancient Babylon, to the reign of King Nebuchadnezzar II, in connection with Daniel and his father's paternity issue. There lived the Serpent Bel's clergy, belonging to the Dragon's religion. More info at *The Hanging Gardens of Babylon, Aries, Capricorn and the Fullness of Time*, page 6, and *Visitors to the Moon, final*, pp 61-103.

When the Jesuit/Bull deity interfered with my father's paternity issue and removed the Lamb/Serpent without the pope's approval, the revelation of the secret lunar voyage appeared almost immediately, as an answer to the Jesuit's illegal move against the Lamb.

At the 2005 conclave and the election of Cardinal Joseph Alois Ratzinger (Benedict XVI) it was suggested that he won against his worst rival and competitor, Cardinal Jorge Mario Bergoglio (Francis I). We know that Pope Benedict XVI favoured the Lamb. The Lamb's rival and competitor is the Bull. - What had happened if the conclave instead had elected Cardinal Jorge Mario Bergoglio? He would have become pope #267 according to St. Malachy with the label **Glory of the Olive**. Let me analyze a situation like that.

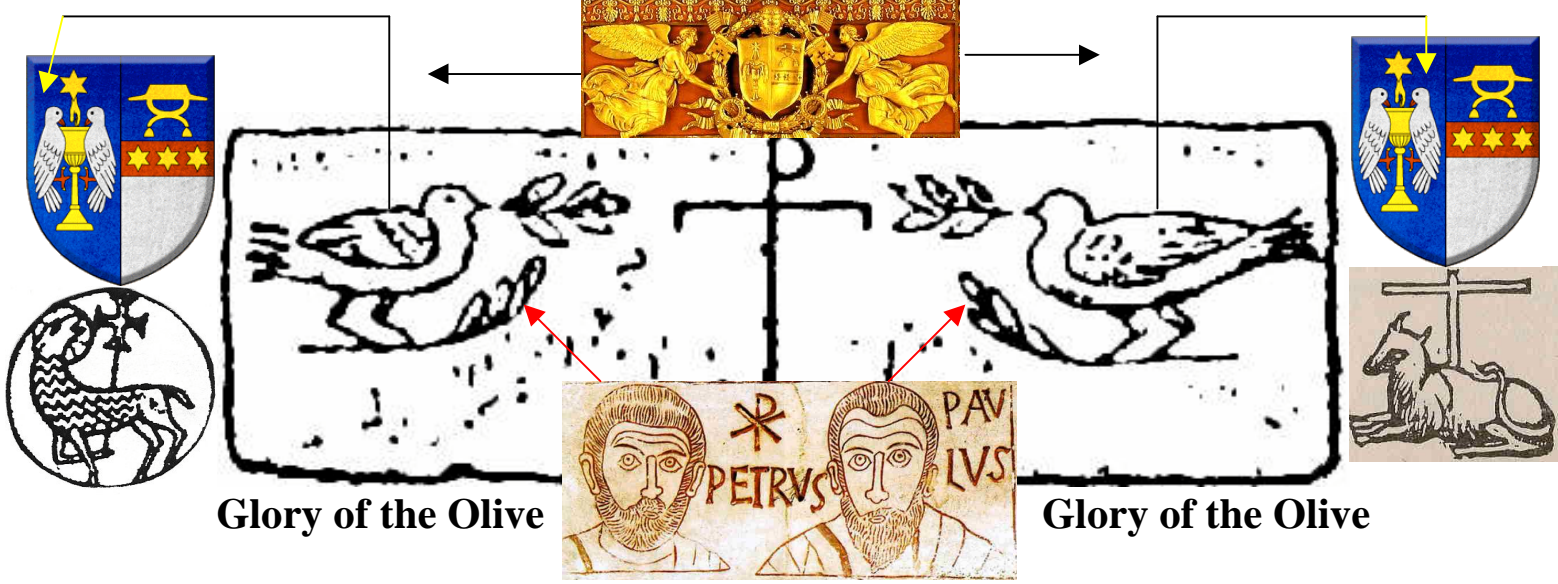

The first question we ask is in what way he would have matched the label **Glory of the Olive**. What would have happened if he had been elected the last pope but one on 19 April, 2005?

**Gregory XVI, (1831–1846),**

Glory of the Olive

Glory of the Olive

As we can see, there are two doves using exactly the same symbol, *Glory of the Olive*. Had Cardinal Jorge Mario Bergoglio been elected pope by the 2005 conclave, he would have been pope 267, and, according to St. Malachy, the 111th with the appellation *Glory of the Olive*, which would have gone well with him, too. Since he was the Bull's pope, he would in 2007 have removed the Lamb, Christer R, in connection with my father's paternity issue. He would also have chosen the papal name Francis. After him, the last pope would have appeared, number 268 according to St. Malachy, with the appellation *Petrus Romanus*. He would have been the Lamb's pope and chosen the papal name *Pius XIII*, the last pope, a catastrophe for Christianity and the Holy See according to St. Malachy's last, definite list – Prophecies of St. Malachy. – But the 2005 conclave elected Cardinal Joseph Alois Ratzinger (Benedict XVI) to succeed John Paul II and we are familiar with his history, apart from the fact that, during his pontificate, the Lamb was removed in 2007 and was replaced by the Bull without his approval. He assumed no responsibility regarding the change of identities and in 2013 he abdicated, like Pope Celestine V in 1294 and Gregory XII in 1415. What do these three popes have in common? They no longer felt any responsibility towards the church since they abdicated before they died. The elected pope is always responsible. Now the last pope, *Petrus Romanus*, is surrounded by catastrophes despite the fact that he knew nothing about the change of identities in 2007 here is Stockholm.

At the third change of identities between the Lamb and the Bull, the Head of State, King Carl Gustaf XVI Bernadotte was the key person. He arranged the change of identities himself in cooperation with the Church of Sweden. Historically he carries the family name Bernadotte and is the last king of that family. This is how I analyze the Bernadotte family:

Sophus Schack's physiognomy studies, 1888

Sophus Schack 1888

If we study Carl Johan XIV's skull structure and his looks according to the Danish scientist **Sophus Schack's** studies of physiognomy from 1888, we notice that he looks like a bird. He resembles an eagle, but not quite, the combination eagle/rooster is better. We see that the structure of the skull is similar to that of an eagle, as is the angle of inclination between the forehead and the nose. Thus, we are talking about a bird which has been planted into a human body, at least a human-like body. The blood group should in this case be **BRh-**. I can refer the reader to the scientist Sophus Schack's lifetime achievement and studies of physiognomic, maybe the best book in the world on this subject.

I can conclude King Carl Johan XVI's animalistic origins were an eagle and a rooster. This is the basis of the origin of his descendants. We can clearly see that the angle of inclination between the forehead and the nose is a straight line, almost without a rupture, like above. The descendants do not have this straight line, this nose-forehead proportion. The very nose has a weak inclination and is long and large.

The forehead's angle of inclination related to the nose is roughly the same.

Oscar I, 1844-1859

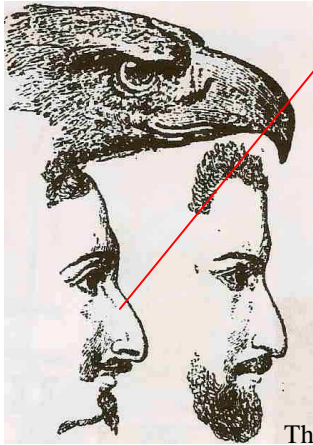

Carl XV, 1859-1872  
Elder son of Oscar I

Oscar II, 1872-1907  
Younger son of Oscar I

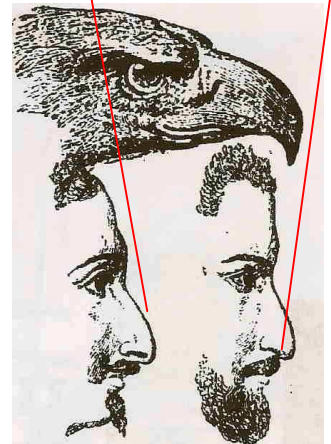

Gustaf V, 1907-1950

Gustaf Adolf VI, 1950-1973

Carl Gustaf XVI, 1973 -

There is a huge difference when it comes to the angle of inclination between the forehead and the nose.

If we study skull structures in the Bernadotte family we will find strange and remarkable issues. For one thing, the skull structure of the progenitor Carl Johan XIV does not correspond with that of his son, Oscar I. We have the same problem with the shape of the noses, they are of totally different characters. This according to **pict. 1** and **pict. 2**, but his biological father was a member of the house of Bernadotte.

We can also establish that the skull structures of King Oscar I's two sons, the elder Carl XV and the younger Oscar II, are roughly similar, but the noses are different. We can also see that the angle of inclination of the forehead is the same for all three, **pict. 2**, **3**, and **4**. When it comes to **pict. 5** and Oscar II's son, Gustaf V, we see a minor aberration in the skull structure, compared to that of Oscar II. The angle of inclination of the forehead in proportion to the nose is slightly divergent. But the eagle origin is evident in them all, up to Gustaf V.

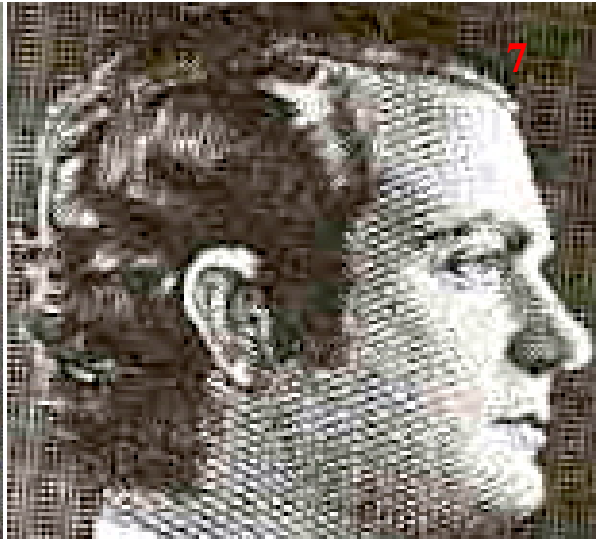

When we continue our physiognomy studies in combination with anthropology analogies we see very clearly that the skull structures of Gustaf Adolf VI and Carl Gustaf XVI are totally different. In other words: the two latter kings are biologically removed from the house of Bernadotte family tree, **pict. 6**, and **7**. The forehead's angle of inclination in proportion to the nose in **pict. 2**, **3**, **4**, and **5** does not correspond to that of **pict. 6**, **6a**, and **7**.

Gustaf Adolf VI, 1950-1973

Crown Prince Gustaf Adolf, 1906-1947

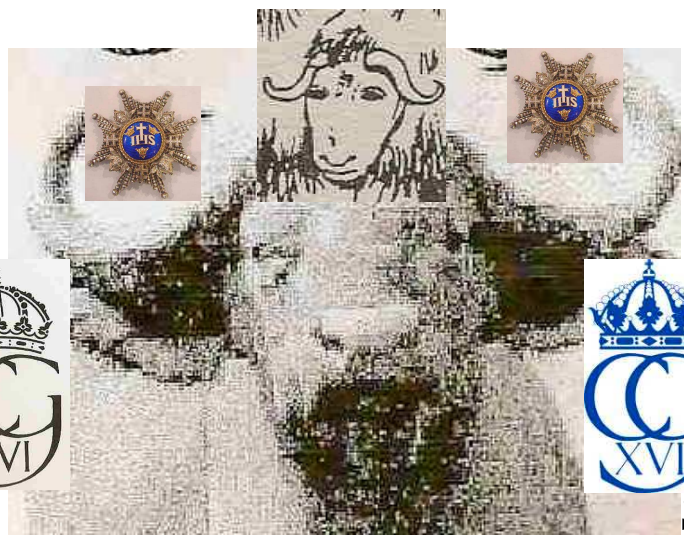

Carl Gustaf XVI, 1973 -

If we compare pictures 6, 6a and 7, we see fairly clearly that the pictures are more or less similar, but are in appearance far from pictures 1 to 5. Carrying a family name is one thing, carrying the origin is quite another. This has struck also the Bernadotte family, there family name and origin do not correspond. In other words: the biological origin of the progenitor is missing in Gustaf Adolf VI, Crown Prince Gustaf Adolf, and Carl Gustaf XVI. There are probably also different blood groups, AB and A.

What do they have in common apart from the Bernadotte name? – Nothing! One is of a typical French origin, a bird's face. The other one is a mixture, e.g. German and English. God may know more about the mix, but there is also a Swedish nuance in him, the face of a bison. More info at *The Prince of Ponte Corvo or...*, pp 12-67.

Israel gives a crosswise blessing to Joseph's (James's 11th son) sons Manasseh and Ephraim. This is a crosswise blessing pointing to the future. It means that the ways of life of two brothers will intersect. One will be elevated, the other liquidated. Such things took place during Dynasty 20, in the reign of Ramesses III. More info at *The Fourth Pyramid which Disappeared*, pp 20-21. The last event was in January, 1947, when Crown Prince Gustaf Adolf was liquidated in an air crash and his son ascended Queen Christina's throne (one of Queen Christina's enemies was the Bull). More info at *Foundation Stone*, page 52. In this way the most secret issue on Earth landed in his hands. This was the will of Israel. The Lion Napoleon's climax was when he approved of Bernadotte as the new crown prince of Sweden. In the short run this was a catastrophe for him, but in the long run a victory. When he said yes, he knew that Bernadotte could not beget a son, an heir. Finally, the last king of the house of Bernadotte will fall down, because of, among other things, biological reasons. The two last kings will not, because of biological facts, belong to the house of Bernadotte. In this way, the royal family is not qualified to lead the Swedish monarchv.

This is part of the acknowledgement of paternity and agreement of maintenance established on 19 January, 1959 in Linköping with my good father Tibor Kemény. We can see that the document is empty and that newly born boy's identity, Tibor E, is missing. This agreement was the basic issue when the king put my father's paternity issue under seal.

This empty, invalid document, signed in Linköping by my father against his will, is the reason why the king, son of crimes, could supply the world and the secret, hidden circles with false and invented lies during more than forty years. – He could, for example, use deception, forgery of documents, murder, coercion, violence and terror because of his position as head of state and king, using all criminal tools provided by the law. He ran almost all important and relevant authorities in the kingdom of Sweden and nobody had the power to stop him. He still does it. He fooled and led those attached astray in the world. He knew exactly what had happened during the 1970's: the murder of the Lion Tibor E, the change of identities in connection with the Lamb Christer R, the estate inventory after my father's death at the beginning of the 1990's and the claims for damages in 2012-13 at the Stockholm courts. Yet, in 2007, he agreed to trap the Bull deity, the Jesuit who assumed the identity of a little boy. The Parliament, the politicians, have no idea what this Ox is doing, he lives in closed world with his family. Only a small group of royalists and their supporters know what their Ox is doing secretly, in the dark. Only the Church of Sweden applauds the forty-year-long success of the Ox, son of crimes.

The Ox has grown older and the king has grown accustomed to his role. Documents of more than 40 years clearly speak out that the Ox/king is the only one who has personally attacked my father and family without reason and with no legally valid foundation. He exchanges the sons of candidates of my father's paternity issue one after the other, as often as his wife changes her knickers. Despite the fact that there are many evil men on this planet, there is not one capable of committing the same crime as did the Ox. He does it because of money, because of hunger for power, and believes to be in control of my father, my family and my family tree. He is stubborn, arrogant and at his age power and money are abundant. He is very rich, the taxpayers and the EU agricultural subsidies provide him, via the Swedish government, with hundreds of millions annually.

I can almost make out his final goal. He has noticed that it is easy to change the identities of people, even if religion falls apart. The Lion exited, the Lamb exited, the Bull awaits his turn. And, as far as I understand, the Ox will finally join them, the "Son of Crimes" himself. So far his power is fairly stable and he can still commit any crime without any problems since he owns the kingdom of Sweden. The crimes he committed before 1991 were on my father's expense, after 1991 I and my sister have footed the bill. We suffer with them. But he, he lives here in Sweden as if he is the greatest among gods.

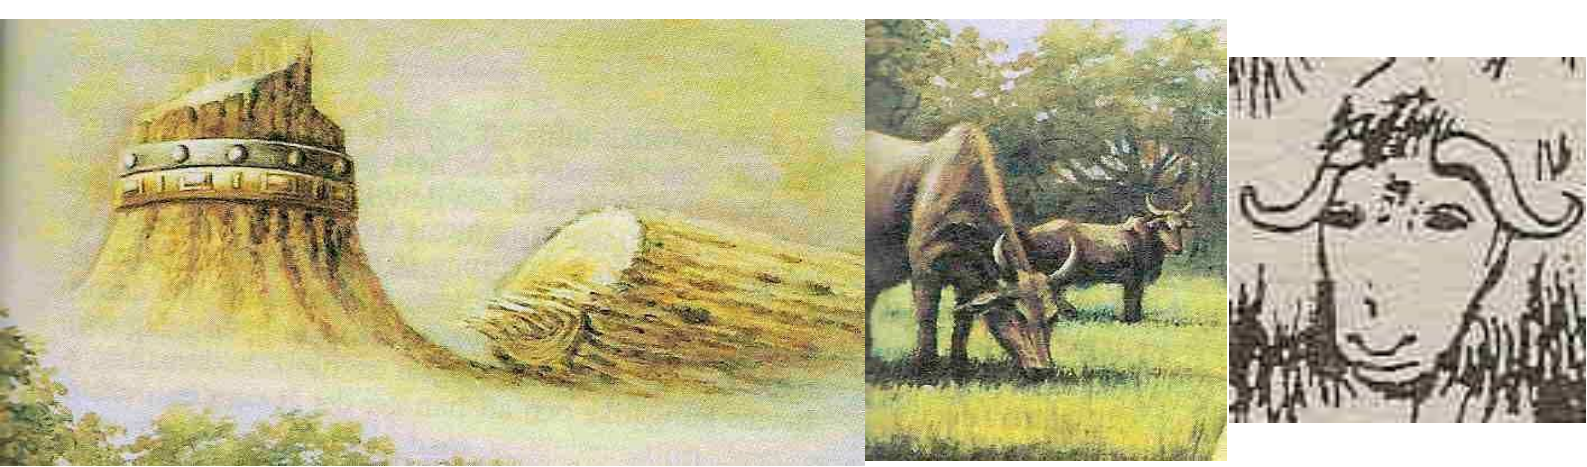

He is familiar with the name Daniel, he met with him in an earlier life in Babylon where he was the last king named **Belshazzar**. He certainly knows the rest of the story.

In the local language, Daniel was called Balthazar, in Hungarian **Baltazár**. Baltazár consists of two words: *balta* and *zár*, *balta* meaning *axe* and *zár* meaning *lock*, which gives us the word **Axelock**. The axe was used when trees were felled, also symbolically, and the lock could be applied as a symbol when an era of time was finished. The Bernadotte family tree faces a fall-down, the risk of felling itself for good. **"Being a republican on principle and conviction, I shall fight all royalists. We also need to fight the Ox/King...it is time to establish the republic!!!"**

I understand that the Ox has already been sentenced by a superior power. In his next life he will appear as a running and grazing ox on a pasture. What will be specific for him is that he periodically will get flashbacks of his last life in a human body. The ox will meet a herdsman and the ox will try to tell him about the serious crimes he committed in a human body. The herdsman will more or less understand the story and its message, and, shaking his head, he will say this: "The circumstances surrounding you were so unlikely that your story must be regarded as being without any foundation. So I will turn the page, exactly what I do when I read the paper. The time you are talking about is locked down for good." And the herdsman will leave the ox to meet his fate.

It is in the nature of things that when you wish to come close to a family, you do not use fraud, violence, terror and other criminal methods. Instead you try to start a conversation in a human and friendly way and try to solve the problems in a reasonable way. The Ox/king is the head of state of the kingdom of Sweden, an obvious featherbrain who has not yet learned how to think and establish contact in a human way. He would be better off grazing in the pasture than serving as a head of state.

This is how I understand the Ox's sentence according to the celestial group to which he belongs and which has the power over him.

Rooster Bernadotte

Son of crimes

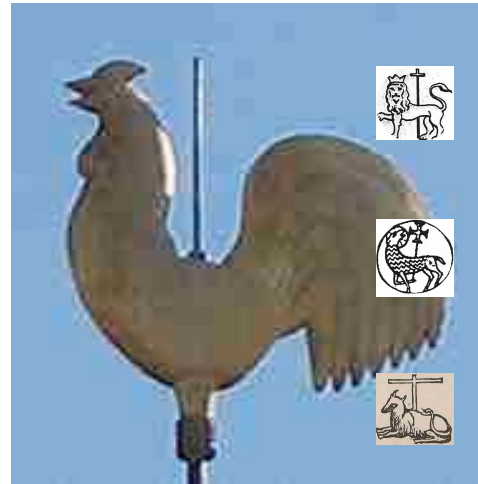

"Son of crimes", also mentioned many times within Christianity

Before **doomsday**, the rooster will crow three times:

The Lion, biological father of the Jewish boy Tibor E, denied knowing him, he was killed in 1971.

The Lamb, Christer R, unwittingly assumed the Lion's identity (1972-73).

The Bull, the Jesuit, was lured into the trap, is called a false lion and a false Jew, Anti-christ, (2007). In that way everything falls into its proper place.

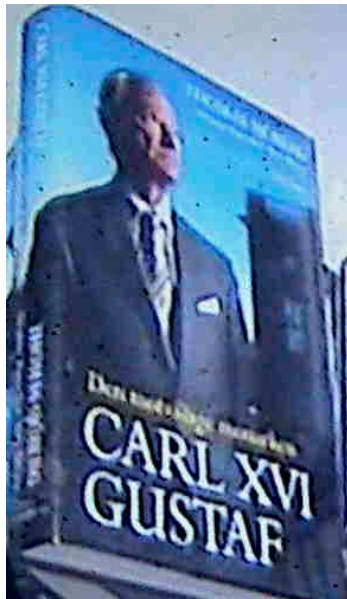

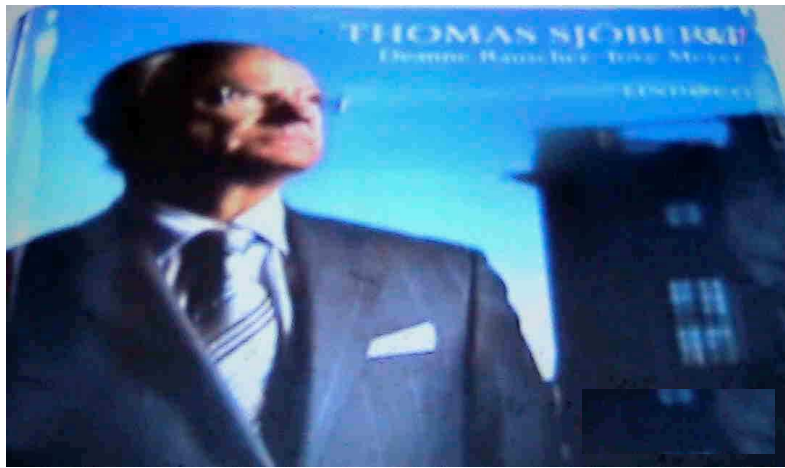

More info at *The Fourth Pyramid which Disappeared*, p 89.

Thus, the battle is between the Lamb and the Bull. The Lamb has an advantage, since it was born into my family in this context, a biological basis which gives the Lamb an advantage.

We can establish that there is a God and there is a Lord, but they are not creators of the Universe and the Earth. God and Lord together create religion, chaos, war and misery. God and Lord are animals, even according to the Bible and the Pentateuch, and therefore it could all be about the battle about the Kingdom of Death, like in Osiris's time. # Society and "The Son of Crimes"

## The Reluctant Monarch, Carl Gustaf XVI

The main source of this book is a former member of the mafia, *MM*. In this revealing book about the king there is information that the king threw parties at for example *MM*'s illegal clubs in Stockholm, the king also visited him several times. The book is thus about the king's dealings with the mafia in the underworld. But we should know that *MM* and the king are two of a kind, they just grew up on either side of the fence. They are both extremely stubborn, they chose their own ways and they both like women, beer and cars, one of the authors of the book states. *MM* had a difficult childhood compared to that of the king. This is what *MM* said in an interview: "The mafia has threatened me." The mafia, the king's friends. This is the mafia, these are the criminals, the king and his friends. They are the employers, they are guilty if I am murdered, *MM* says. In the press we could read this about the king's mafia world: "The friend tells us about a secret recording: The king knew about the mafia meetings." It seems to be the case that the king is well informed of the gangster world. *MM*'s autobiography reached the market on 23 January, 2012. On 24 January the author was killed in front of his house, shot with four bullets. The police cordoned off the area and initiated, as usual, a murder investigation which was later closed down. As usual, total blackout.

Two authors say this about *MM*: "A story about extreme violence – but also a profoundly human aspect." "He wanted to punish the evil ones. To him, the world was black or white." We must remember one thing: it was not *MM* who approached the king and his friends. It was the king and his friends who approached *MM*, who was 52 years old when he was killed. If we try to follow *MM*'s way of thinking, we find that a head of state should stay away from the world of the mafia and not take part in its criminal activities. Shame on Sweden as a nation, shame on European monarchy.

But there is not any information about the king in the book. When he graduated in the 1960's the crown prince of Sweden partied wildly at nightclubs in Rome with girls and alcohol. We could read about this in newspapers in Sweden, while *MM* was still a young child. This is how the "Son of crimes" started his luxurious life with parties, alcohol and girls.

If we look at the **agreement** which was established in 1810 between Bernadotte and the Parliament, Bernadotte was to pay 8 million francs in order to obtain the Swedish crown, to become king of Sweden. It is said that the agreement was never redeemed after the actual election of Karl Johan Bernadotte. We know that former Foreign Prime Minister Lars von Engeström approved of the deal, signed it, and secretly returned it to sender. This may actually mean that, unless the agreement was redeemed, it is not valid. The monarchy, the House of Bernadotte has no legal foundation in Sweden. This is how it works, even in Sweden. We also miss a biological connection from Gustaf Adolf VI and onwards. In 2011 the book about the reluctant monarch was published. Among other things, it deals with his criminal activities: parties, alcohol, women and nightclubs. In 2012 the "whoremonger coin" appeared, a coin which shook the kingdom of Sweden. The new coin spread like wildfire across the realm, a hot topic for media, showing the real face of the Swedish monarchy, see below.

The royal experiment concerning my father's paternity issue went on for 40 years. At last, now, at the fullness of time, the bubble burst. The Son of crimes/whoremonger, has nothing to do with the Bernadotte origin. The experiment is finished.

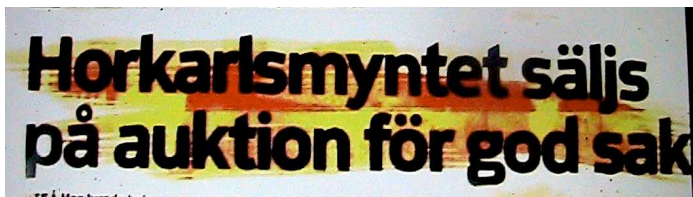

The Danish scientist **Sophus Schack**'s studies of physiognomy in 1888 and anthropology analogies demonstrate that the Son of crimes, the fake king, has nothing to do biologically with the Bernadotte progenitor, a fake coin is a reflection of a fake king.

The work of art is unique in our modern history. This makes it one of the world's most spectacular works of art.  
NB. This text is based on facts from a Swedish television programme at the start of October, 2014.

If we go back 200 years and take a look at the times of Napoleon and Bernadotte we see that the Roman Catholic Church again became powerful after Napoleon's death. The Church and the popes again started to run the Christian world, especially the Catholic Church.

**Pius VII, (1800–1823), Barnaba Chiaramonti**  
253,97 Rapacious Eagle

The pope managed his activities from his desk. He may have been the greatest pope in politics and diplomacy during the last 200 years. Beat the Lion of Corsica, Napoleon.

**Leo XII, (1823–1829), Annibale Sermattei Della Genga**  
254,98 Dog and Adder

A cunning pope who in a cunning way managed Catholicism from his desk during his pontificate.

**Gregory XVI, (1831–1846), Bartolomeo Mauro Alberto Cappellari**

The last pope to display the papal tiara in his personal coat of arms was Pope John Paul II. It was he who abolished the tiara in the coats of arms of future popes. Pictures 3, 4, and 5 show the pope's personal coats of arms displaying the mitre instead of the tiara.

We can clearly see that the activities of the Holy See run parallel with my father's paternity issue in combination with Lion, Lamb and Bull. But in the basic document of agreement neither Tibor E nor Christer is included. The document is empty and the third Jesuit cannot be involved since he entered the picture, by secret fraud, after my father had passed away. The Holy See is also abolishing Christianity.

The Human World is the Important World....  
Where is the Kingdom of God??? Is it a Big Bang????!!!

God is the foundation of religion, but where is Man?

Note that the gospels did not exist at the time when Gnosticism/knowledge/science were dominant factors, founded by Thomas, biological son of carpenter, jack-of-all-trades Joseph. He and Jesus the Lamb, his disciples and everybody in the contemporary elite followed Gnosticism.

Records state that Matthew's original gospel was written in AD 41, Mark's in 60-65, Luke's in 56-58 and John's in AD 98. Paul and his disciples wrote their gospels between AD 50 and 65. According to other records, Jesus the Lamb's ascension was around 30-33 and the gospels were rewritten during the pontificate of Damasus I, 366-384. In other words: No Jesus the Lamb asked his disciples to propagate the gospel; there was at the time no gospel to propagate.

Lists of popes are different, it depends on how you count popes and antipopes; legitimate and illegitimate popes. In the Vatican in 1964, during Paul VI's pontificate, you could buy pictures of all popes from Peter to Paul VI, all-in-all 260 popes. If we add four more popes (John Paul I, John Paul II, Benedict XVI and Francis), we end up with a total of 264 popes. On the Internet you could earlier on find 268 popes, but now Francis is pope #266. In his case we count a combination of numbers ending in seven, this number is 268.

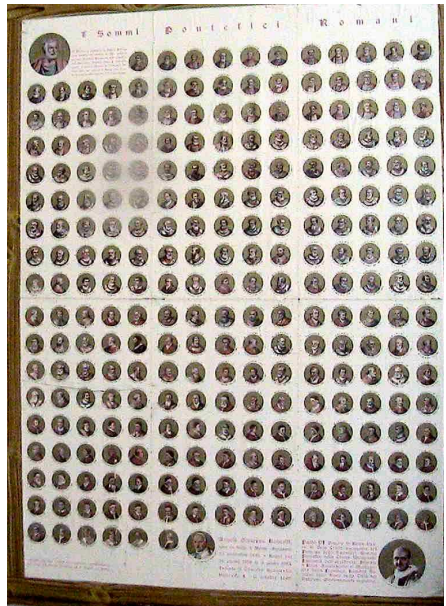

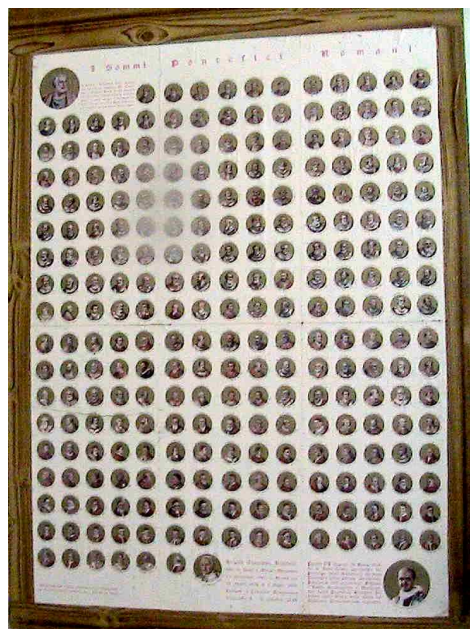

**268-2+6+8=16-1+6=7**

He was elected pope on 13 March, 2013 and was introduced to the world at 7 past 7 p.m. The figure 7 is a sign of Revelation.

Pope Benedict XVI was pope #267, a combination of 267 is

**Francis I, 2013-,

So is it that Pope Francis I is the 268<sup>th</sup> and last pope. The number 268 coincides, according to numerology with the figure 7. And, using the figure 7, he opened Revelation and entered its world which seems to be about the battle between the Lamb and the Bull. During his first evening mass on Christmas Eve 2013, he introduced the Bull kid/Mammon kid and outside the stable was placed a seven-pointed star, symbol of the Book of Revelation and the return of God. I believe that this pope is reincarnation of, among others, High Priest Linus and Cardinal Pacca. And he is also the last pope, 268 112, **Petrus Romanus, who is the Bull's pope.**

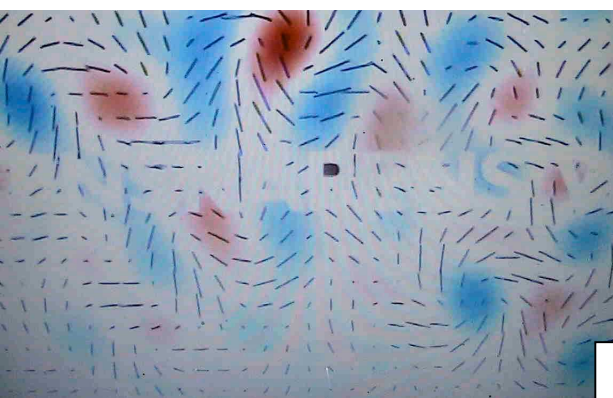

Man. All human beings have a soul, also called energy, in the form of a human guise which is immortal. Each human being has his/her special level of frequency which is adapted to natural laws in the human world. When a soul leaves a body and is on the correct level of frequency, it can move around our galaxy in a correct way, without any difficulties.

Mediums have the capability of establishing contact with souls on a so-called astral plane, an area which exists at a different level of frequency. We often hear that mediums beam souls towards **the Light**. What do they mean by “light”? The nearest light might be the Sun and the so-called black hole also has a white glare. People who leave life on Earth in this way will never return. It is possible for them to be born into different families with a similar level of frequency everywhere in our galaxy, e.g. on a suitable celestial body in other solar systems. (As far as I understand, you can move around at a special level of frequency via a so-called wormhole to the black hole and on to a suitable celestial body and directly to the inside of the galaxy, also via a wormhole at the same level of frequency. This was formed at a special level of frequency in the form of a white beam, also called “The Road of Life.”) More info at *Voyage Through the Black Hole* and *On the Road of Life*. This is for humans, not for animals. The level of frequency in animals means they can never leave the Earth. People who eat meat, use drugs and break the laws and rules of nature will never leave the Earth because animals and drugs stop them from having the right level of frequency. – This is knowledge of and science about life that we should know. The same is valid for the other three blood groups: you need a proper way of life and more knowledge compared to the animals to be able to leave the Earth after death.

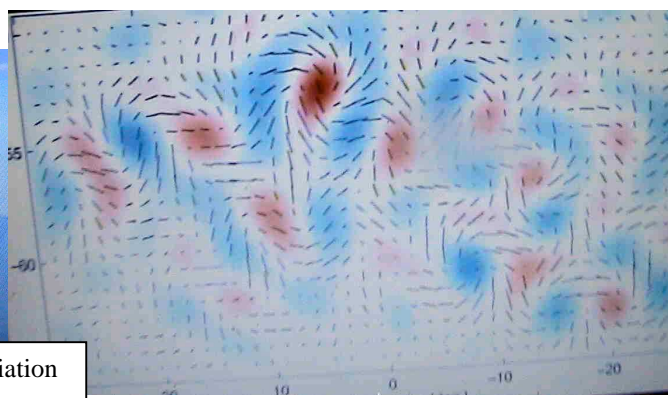

The theme "creation of the world) is becoming more and more popular. According to religion, it was God who created the Universe. But where was God before creation? According to science, our universe is almost infinite and how can a microscopic creature, microscopic compared to our universe, create all this? It is a biological utopia. According to science, universe was created via a Big Bang. Let us, once again, have a look at this phenomenon.

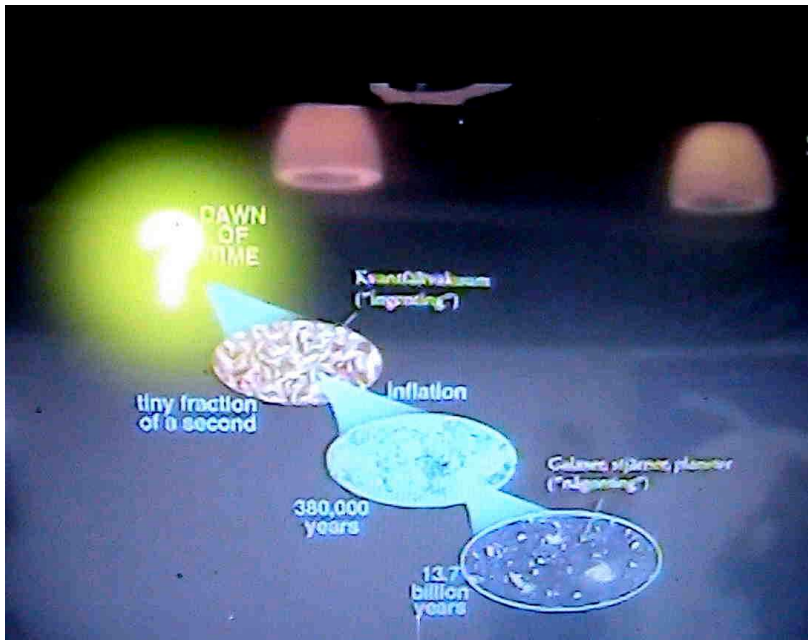

The South Pole

Discovered background radiation

At the end of March, 2014, media told the world that we had proof of the birth of our universe. An echo from the beginning. This discovery is described as being the most important scientific feat in decades and is further proof of the Big Bang, signals and background radiation from the universe. On the map we see tiny variations in temperature, called cosmic inflation. Andrei Linde, senior physicist at Stanford: "What we are talking about is a billionth of a billionth of a billionth of a millionth of a second after Big Bang. Explained he who introduced the idea 40 years ago.

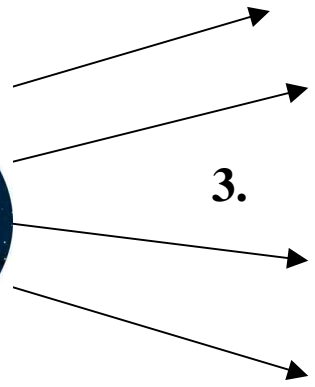

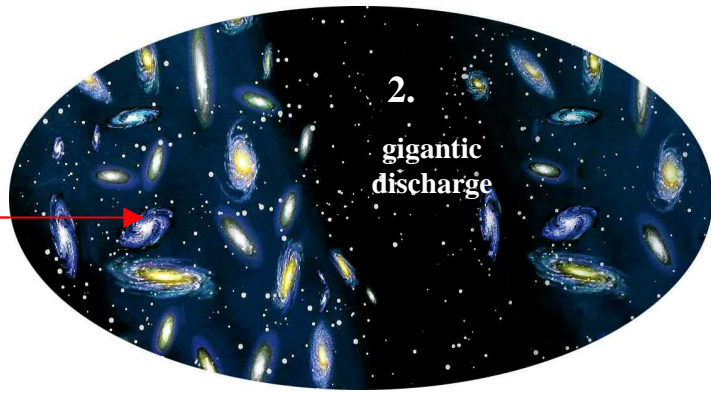

It is utopian to believe that Big Bang would originate from nothing. When something explodes, it is over. It is self-evident that no life can come out of an explosion.

Science maintains that universe was born around 13 billion years ago. Universe comprises all galaxies. We know there are galaxies which are older or younger than our Milky Way. Do scientists mean that all galaxies which are younger or older than our galaxy were created 13 billion years ago out of this Big Bang? Times do not work out.

If science still sticks to Big Bang, the measuring of background radiation, it can only mean one thing: long ago there was a gigantic explosion in our galaxy. A celestial body between Mars and Jupiter exploded according to ancient records, a bad message. – We understand that aliens are against all types of nuclear bombs. Big Bang actually means The End. Science should also know this.

Decondensing matter of a higher world  
**1.**

We live (all galaxies) in a specific world, a limited area, **pict 2.** The origin of matter is via condensation of a higher world, **pict. 1.** When time is ripe, i.e. when the galaxies are fully developed, there will be a gigantic **discharge** managed by a higher power. Science calls this process “dark energy.” Galaxies will disappear from this world, the world is emptied and new matter enters via condensation, **pict. 1.** This process is restricted, not infinite. Right now we are at the centre of a gigantic process of discharge and all galaxies are on their way out, faster and faster, **pict. 3.** This is no Big Bang and has neither anything to do with God and religion. It is impossible to fool nature, even God has to obey nature’s laws and rules. More info at *Dark Matter and its Existence*, e.g. page 10, *Life and the Black Hole*, p 10, and *On the Road of Life*.

## Good Friday 18 April 2014, Rome – Book of Revelation

For two thousand years now, the Church has preached God and Jesus Christ of Nazareth without presenting any evidence. The Church still covers up God's and Jesus Christ's identities. Let us once again clarify facts around the crucifixion in Jerusalem, something even Pope Francis wants, see above. Among other things he mentioned that God is Man. If God is Man, why does religion exist at all? Man does not do religion.

The Lamb, neither man nor woman, virgin/hybrid.

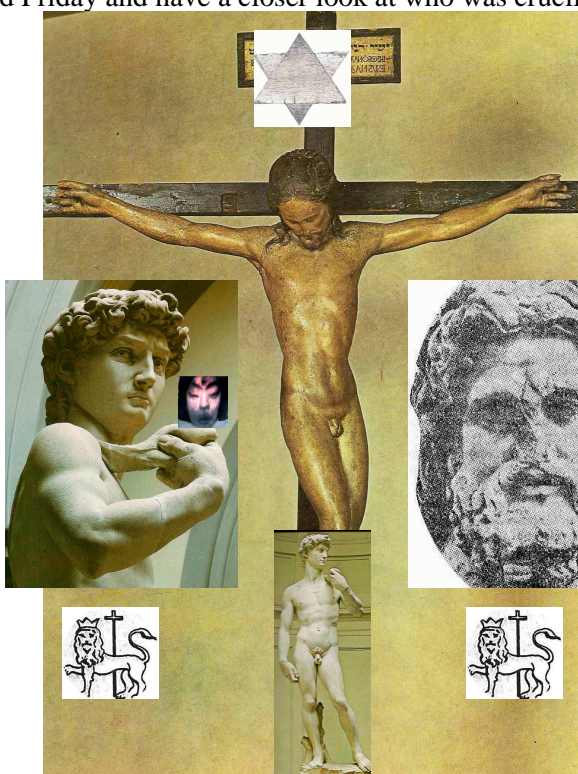

The dove is a female symbol. Can it be that the soul is female and the body male? This is how rumours of homosexuality are spread...

Here we can see three separate Jesus Christs. They resemble each other but they are supposed to be three different men. The question is who was born by Jewess Mary in Bethlehem, who was betrayed by Judas, who was crucified in Jerusalem, who was on Good Friday buried in the garden tomb in Jerusalem, who was resurrected, who ascended, who said: "I am the truth, the way and the life", and who has now come back in the fullness of time? Behind each head hangs a triangle which reminds me of the pyramid in connection with the blood transformation process. More info at *The Fourth Pyramid which Disappeared*, pp 1-22. Let us return to Jerusalem, to the actual Good Friday and have a closer look at who was crucified and buried there.

David  
Lion of Judah

Joseph Jr  
Lion of Judah

To be able to clarify once again, I look back to King David and scrutinize what he wrote about himself looking into the future. In other words: he researched the future and saw himself suffering on the cross.

**Ps 22** The Suffering, Praise, and Posterity of the Messiah. To the Chief Musician. *Set to The Deer of the Dawn.* A Psalm of David.  
**Ps 22:11-19**, " Be not far from Me, for trouble *is* near for *there is* none to help. Many **bulls** have surrounded Me. Strong **bulls** of **Bashan** have encircled Me. They gape at Me *with* their mouths, *Like* a raging and roaring lion. I am poured out like water, and all My bones are out of joint; My heart is like wax; It has melted within Me. My strength is dried up like a potsherd, And My tongue clings to My jaws; You have brought Me to the dust of death. For dogs have surrounded Me; The congregation of the wicked has enclosed Me. They pierced My hands and My feet. (**Matthew. 27:31, Mark 15:20, Luke 23:33, John 19:18**). " I can count all My bones. They look *and* stare at Me. They divide My garments among them, And for My clothing they cast lots." (**Matthew. 27:35, Mark 15:24, Luke 23:34, John 19:23**). David's song was probably written for An, the father of Gods, on his throne in heaven.

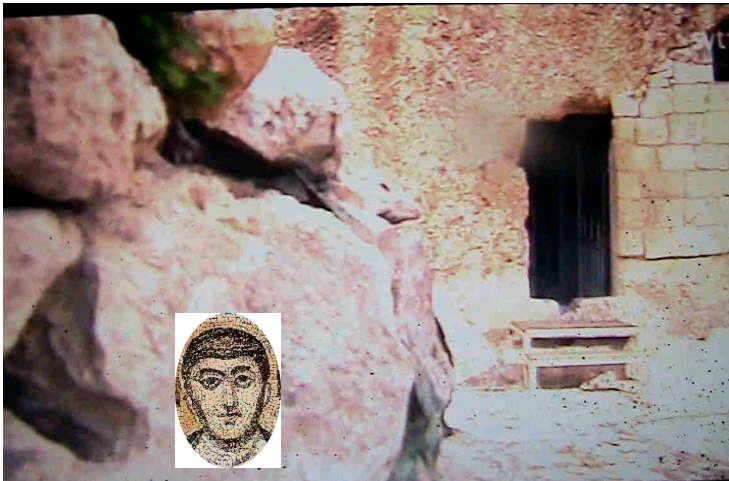

David's description of his future crucifixion can be found in the gospels, fairly to the point. Bulls and oxen, i.e. the clergy who have arranged his execution in Jerusalem, in his own town. Even his clothes are described in the gospels as being similar to those mentioned by David. His blood was drawn and his body was destroyed on the cross according to the gospels.

David was reincarnated as Joseph Jr, son of Jewess Mary, foster son of carpenter and jack-of-all-trades Joseph. Joseph Jr was married to Mary Magdalene and they had, among others, a son, Judas/John. Present at his execution was Thomas, biological son of carpenter Joseph. He who was crucified was thus a Jew, a family father of the Tribe of Judah, named Joseph Jr. Since he was carpenter Joseph's foster son he was given the same name, Joseph, by his mother Mary. The crucifixion took place around AD 26. We can see that David's story about his own crucifixion a thousand years later coincides fairly well the gospels, the name Jesus is missing. More info at *Tutankhamun, the Young Lion* and *Omnipotent Akhenaten*, pp 17-18. The burial in the garden tomb in Jerusalem took place after the crucifixion. Let us visit the tomb.

Jerusalem

The garden tomb in Jerusalem, where the Jew Joseph Jr was buried on Good Friday after having perished on the cross. Thomas was present at the burial. The whole Good Friday was an inhuman and unjust process in the name of the bloody religion.

The interior of the garden tomb. It is empty, but on the wall there is a sign well worth a closer investigation. I do not know when the sign was put there, nor by whom.

As we can see, the garden tomb is empty, but the sign on the wall can put some light to the time when the burial took place. We can clearly see that the cross consists of two crossed red bones, which confirms that the person buried there never rose from the dead. A destroyed body without blood is of no use, a biological utopia. There are more signs in the form of Alpha & Omega and at the top a crescent which is marked off from the cross. This might actually mean that an exchange of identities took place. Someone took over the dead person's identity, called himself Alpha & Omega and ascended to the Moon. This can also, as signs or symbols, be regarded as a document.

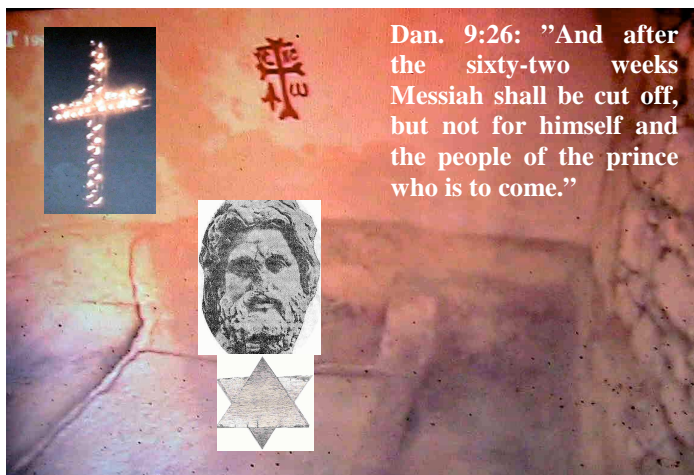

The Jew Joseph Jr, Lion of Judah

Izates II/Jesus, The Lamb who calls himself "Alfa & Omega".

It is clear to all the world that David and the Jews have never called themselves Alfa & Omega. David and the Jews use the six-pointed star as a symbol, not Alfa & Omega. This sign is further proof that the individual who was buried in the garden tomb was never resurrected. More info at *Visitors to the Moon, final*, pp 76-84. We can also read in the gospels that whoever was resurrected was not identical with the person who was crucified and buried. On Good Friday.

Dan. 9:26: "And after the sixty-two weeks Messiah shall be cut off, but not for himself and the people of the prince who is to come."

Dan. 9:26: " And after the sixty-two weeks Messiah shall be cut off, but not for himself and the people of the prince who is to come."

High priest Caiaphas

Izates II/Jesus, the Lamb

James, Jesus' eldest brother

High priest Caiaphas

### Bread

The signs on the wall of the garden tomb are confirmed in Gospel of the Hebrews

There is a record of a secret meeting where, among others, Jesus, James and an anonymous servant of the high priest attended. This happened: "And when the Lord had given the linen cloth to the servant of the priest, he went to James and appeared to him. For James had sworn that he would not eat bread from that hour in which he had drunk the cup of the Lord until he should see him risen from among them that sleep. And shortly thereafter the Lord said: Bring a table and bread! And immediately it is added: He took the bread, blessed it and brake it and gave it to James the Just and said to him: My brother, eat thy bread, for the Son of man is risen from among them that sleep." (Gospel of the Hebrews)

The text is fairly clear about the fact that the event took place in Jerusalem shortly after the so-called "Resurrection of the Dead." The Levite and Israelite Caiaphas was high priest at the time and Jesus knew personally his closest circle of people. On the linen cloth which Jesus gave to the high priest's servant was probably an impression of his face. This cloth was probably supposed to correspond to Veronica's linen cloth in connection with the crucifixion of the Jewish Joseph Jr before the Easter celebrations, a proof that Jesus, and nobody else, was on the cross. It was self evident that doubting **James** (not Thomas) came to the meeting since he was upright and Jesus' representative. He shared the bread with James and he drank from Jesus' chalice. But the text does not say that Jesus and James were wine drinkers, and there was wine in the chalice. It is, however, quite clear that Jesus and James entered into an alliance about all Jesus' secrets. (Bread = deed)

We furthermore see, quite clearly, that James was the sceptic, not Thomas. Thomas had nothing to do with what happened between the brothers. There were no crucifixion scars on Jesus' hand, nor on his feet, and he did not say to James: "Come and put your fingers into the wound", he did not doubt any longer. It is self evident that people within Christianity did not want to write that Jesus' own brother was a doubter. This is why the falsifiers used Thomas, biological son of carpenter and jack-of-all-trades Joseph, as a doubter. He did not participate in Jerusalem when the brothers Jesus and James secretly met in High Priest Caiaphas' house. More info at *Omnipotent Akhenaten*, p 18.

One thing to remember is that Jesus the Lamb did not call himself "God's Son". He used "Son of Man", despite the fact that he was not son of carpenter Joseph. In other words: Joseph had nothing to do with Jesus.

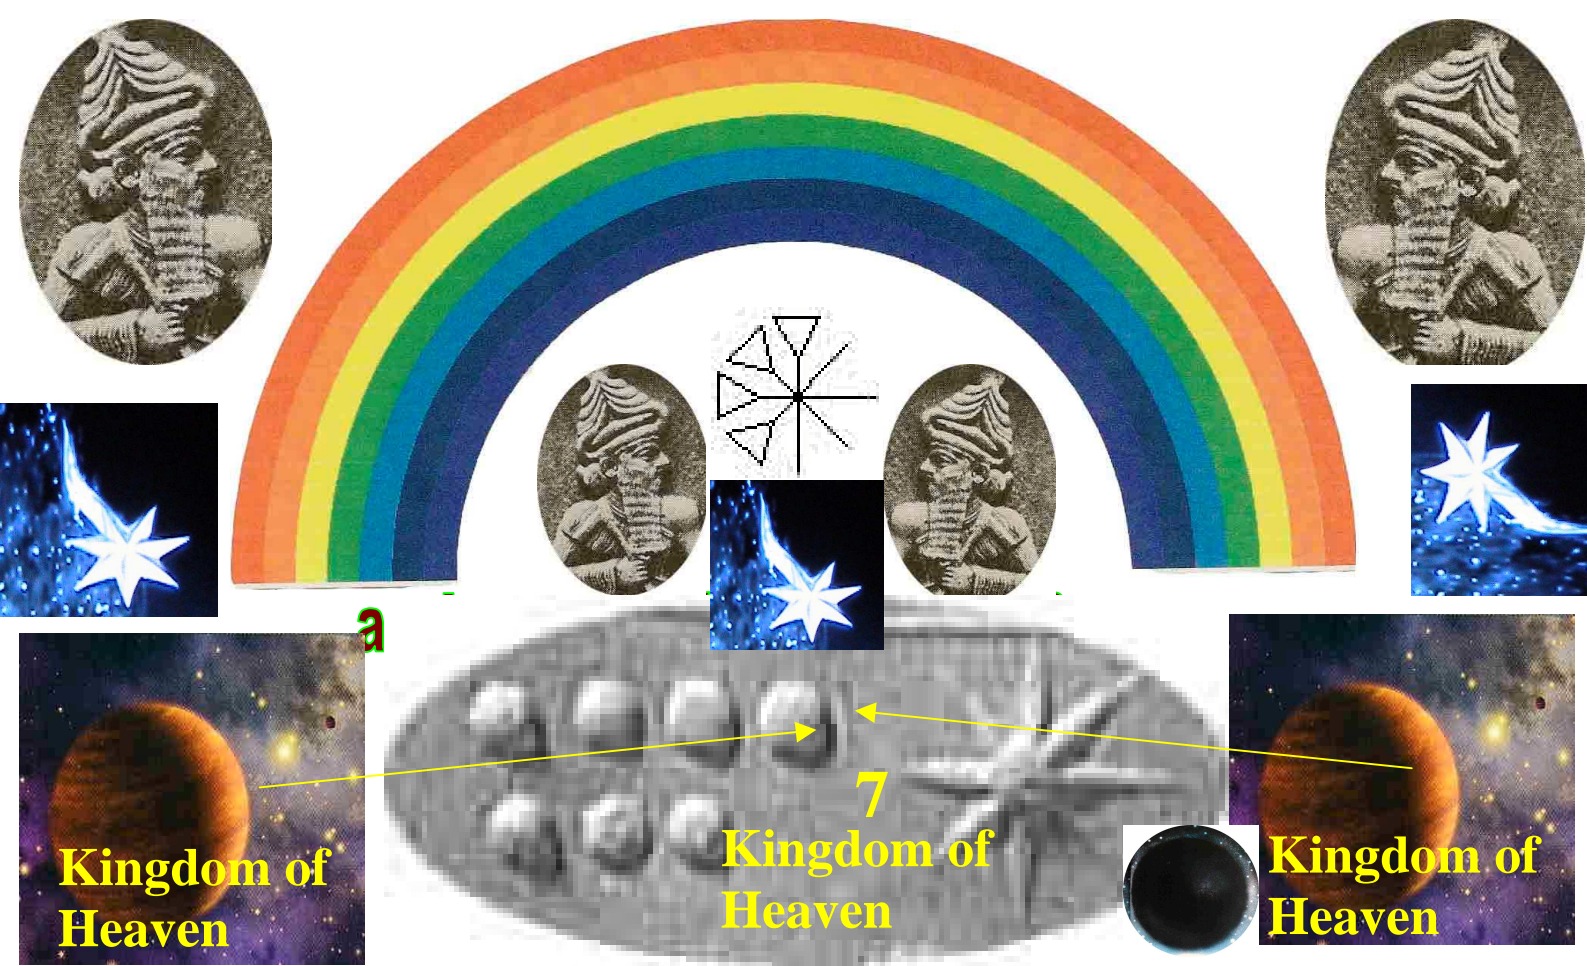

# God and his Son

There have been discussions within Christianity about how and why God sent his son to the Earth to let him die there. In other words: How can a father leave his son to die, and why? Clergy have added: God's son saves the world, this was before the crucifixion. The Lamb, who removes all worldly sins, came after the crucifixion.

Let us have a closer look at the God phenomenon and the role of the son. I have always maintained, and still do, that each important remark leaves traces behind, also when it comes to God and his Son. The first question to ask is who God and his son are. To find out, we pay a visit to the Book of Revelation.

## God's throne in Heaven, Planet Nibiru.....

a

7

Kingdom of Heaven

Kingdom of Heaven

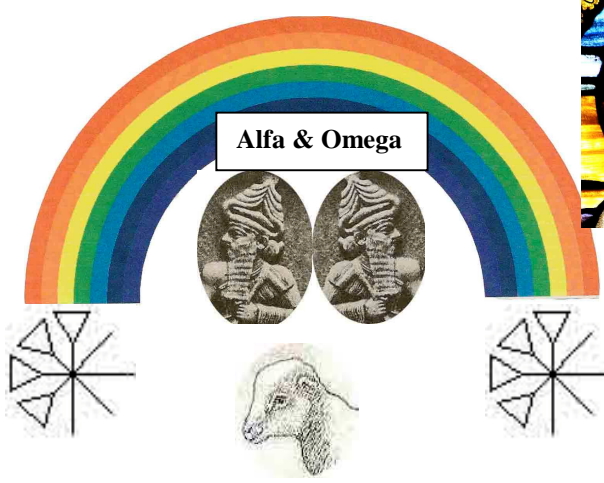

Kingdom of Heaven

In the Nemesis/An solar system. God's Throne. **Rev. 4:** ".../And behold, a throne set in heaven, and *One* sat on the throne. And He who sat there was like a jasper and a sardius stone in appearance; and *there was* a rainbow around the throne, in appearance like an emerald. Before the throne *there was* a sea of glass, like crystal. And in the midst of the throne, and around the throne, *were* four living creatures full of eyes in front and in back. The first living creature *was* like a lion, the second living creature like a calf, the third living creature had a face like a man, and the fourth living creature *was* like a flying eagle."

If we take a look at the picture from ancient Sumer, we notice that neither planet Nibiru nor other planets have moon, none of the planets rotate round their own axis. In that way life becomes very long, ageing is very slow. The sky should be fairly dark because the neutron sun does not emit any light which can illuminate the space round the planets when our Sun does not. – More info at *Life and the Black hole*, pp 6-7 and *Dark Matter and its Existence*, pp 13-24.

The first living creature was like a lion

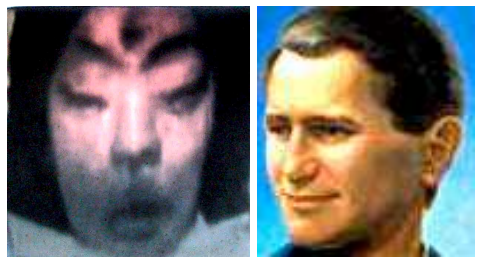

Alfa & Omega

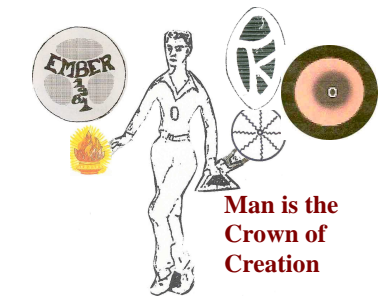

The second living creature like a calf

Man is the Crown of Creation, Man/Son of Man

The third living creature had a face like a man

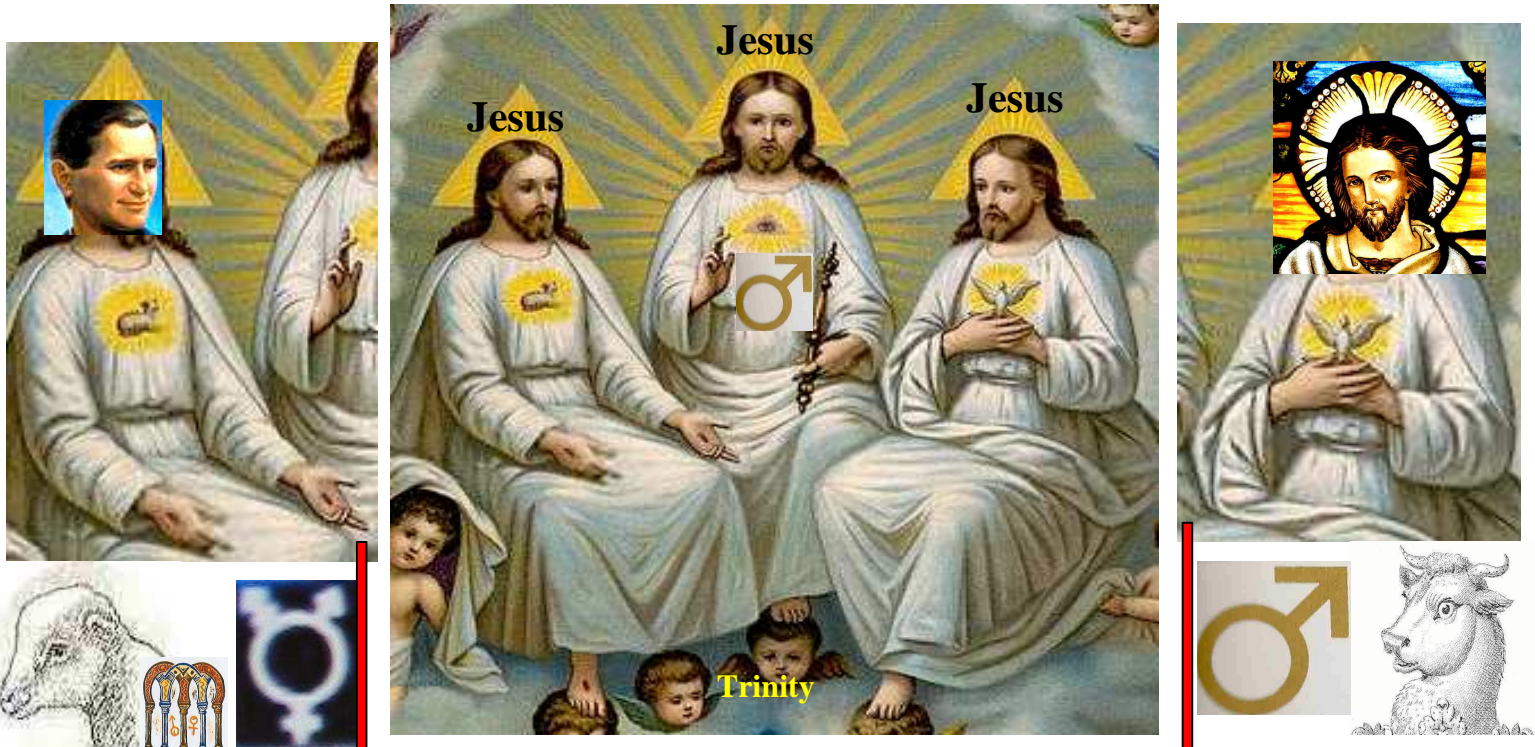

Man/Son of Man

Man is the Crown of Creation

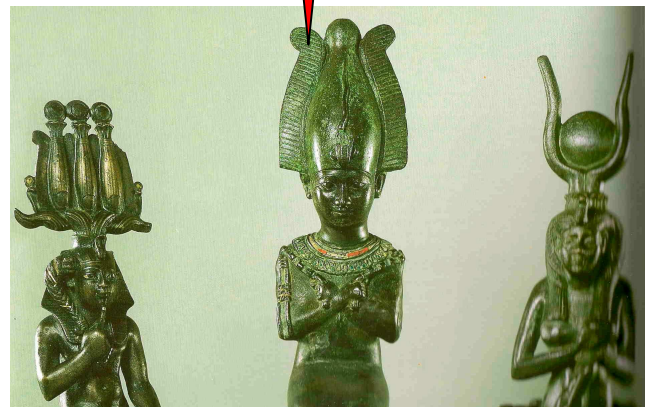

We continue with Rev. 21, **All Things Made New**. (Kingdom of Heaven, which John (Baptist, Eagle as a symbol) in those days delivered as a message at river Jordan. More info at *Ancient Persia and its Secrets*, p 9. "Then He who sat on the throne said, "Behold, **I make all things new**." And He said to me, "Write, for these words are true and faithful." – It is not much but at the same time enough to make us understand that religion, as it exists on Earth today, will disappear for good, since no religion is mentioned in the Book of Revelation. If we read it closely we see that there is a culture which resembles heathenism: nature, knowledge and humanity are in focus. And He said to me, "It is done. I am the Alpha and the Omega, the Beginning and the End. I will give of the fountain of the water of life freely to him who thirsts. He who overcomes shall inherit all things, and I will be his God and he shall be My son." – Now, let us stop here and analyze his words. He states that he is Alpha & Omega, the Beginning and the End and he says that has already made a decision in connection with some plan. He mentions a competition about the winner concerning a paternity issue, he who wins will become his son. The candidates are before his throne. This competition took place within Christianity in connection with my father's, **Tibor Kemény's** paternity issue. **The Lion** was the closest one. He was my father's foster son and he had **a face like a man**. **The Lamb** was son of my father's cousins and the young **Bull** was not even part of the family. My father knew nothing about him and he did not enter the story until after my father's death. We can conclude that there is not and has never been a biological son of my father's among the candidates. From the church's point of view it was necessary, by using all criminal methods, to cover up my father's paternity issue in order to be able to fool this God and pretend there was a winner. This winner will be his son and heir. – As far as I understand this race is about being the son and winner with blood group "O". The initiative comes from this God Anu. As early as in ancient Sumer it was important to become a human being again. Osiris and his triad, Egypt

Most people on this planet of lies know about the bloody, foolish religion. During thousands of years different religions and clergy have denied the existence of this God. It was even prohibited to even mention his name. Within Christianity, as an example, the clergy have for 2,000 years told the flock of sheep that Jesus Christ of Nazareth is God, and that his God became a human being. Now, when time is ripe and the original God is approaching the planet, Pope Francis has started to preach that our Lord, Jesus Christ, is this God's son and that this God is a human being. This is a total turnaround and the pope tries to fool the God on the throne that he has a son, an heir, in this world. Shame on you, pope!

What I can personally understand about this God on his throne, according to descriptions in the Book of Revelation, is that he cannot stand lies, he hates all activities based on lying. If this God is the same individual as Anu from Sumer, I understand his message. He, as well as his son **Enki**, his grandson Marduk and most of his family, were against lying. To my paternal grandfather's brother Simon, a reincarnation of, among others, Enki, lying was a non-existent activity. Swearing and lying were deadly sins. This is how resistant against lying he was. Neither was lying welcome in my family. In other words: my family tree does not do lies. The lie exists, for example, in religion, at the Holy See and with the clergy. More info at *Obscure Magyar*, pp 1-8 and 23-80.

We can understand this God's reaction to lying. What remains is the day of wrath, the wrath of **the Lamb** according to Book of Revelation, **Rev. 6:15-17**. "And the kings of the earth, the great men, the rich men, the commanders, the mighty men, every slave and every free man, hid themselves in the caves and in the rocks of the mountains, and said to the mountains and rocks, "Fall on us and hide us from the face of Him who sits on the throne and from the **wrath of the Lamb!** For the great day of His wrath has come, and who is able to stand?" Judgement Day, symbolically equal to a funeral. – This God, Anu, will completely and forever cover up all lies, for example the Christian religion. And it will never come back. This God still stands for heathen culture, according to the records.

Now Hungary must leave the Holy See and the Christian religion and again turn to Turul and heathenism. Otherwise, the day of wrath will also hit Hungary. Hungary has actually no longer anything to do with the Holy See.

During the midnight masses with Pope John Paul II and Benedict XVI, an eight-pointed star in the form of a comet could be seen above the stable at St. Peter's Square, a symbol of the birth of the Lamb

The beatification by Pope Francis is about the other pope, John Paul II, whom St. Malachy called "From a Solar Eclipse". Secretly he covered up the murder of the Lion/Sun Tibor E. The Lamb Christ R also disappeared in that darkness and the Jesuit appeared in connection with my father's paternity issue. In other words; this pope opened the door to the Jesuit and to Francis who could be elected as the last pope. The beatification of this pope also coincides with the **Nostradamus** prophecies regarding the **New Church**.

The beatification by Pope Francis is about Pope John XXIII. During his pontificate the Lion Tibor E was born in Linköping, Sweden. The Lion is a symbol of the Sun. Pope John XXIII is most famous for having summoned the Second Vatican Council (1962-65), also called the New Church, or the renewal of the old one. This church corresponds to **Nostradamus** in the fullness of time, the **New Church**. More info at *Visitors to the Moon, final*, pp 102-103.

It is known all over the world that fisherman Peter (Papos bar Yehuda), biological father of Joseph Jr, was crucified with his head pointing downwards in Rome. The Roman Catholic Church was built upon his grave, later on the cradle of Christianity. This indicates, also symbolically, where the Church and its religion will end up in the fullness of time. There is nobody on this planet who can claim that the symbol of this church and the final position of its religion point upwards, towards the Kingdom of Heaven and God's throne. We can briefly summarize that the beatification by Pope Francis was the last one concerning popes pointing out the right tracks for the Church towards its goal, according to Peter's crucifixion and burial.

A seven-branched candlestick in the form of a circle (ring, globe)

This is St. Peter's Square during the beatification. We see new signs with messages to the surrounding world.

Here we can see a broken circle. On each side and at the centre there is a straight road to the altar. To the right of the altar is a seven-branched candlestick in the shape of a circle (ring, globe) and behind it are two symbols of the beatified popes above. What do these signs mean?

That the signs coincide with a deity is quite sure, or they would not be shown at St. Peter's Square in the Vatican. We can also see that one of the signs is connected to the light, a seven-branched candlestick in the shape of a circle (ring, globe). The only deity we can find in connection with these symbols is Ahura Mazda. The whole world knows about Ahura Mazda via Zoroaster, around BC 1767. This deity was prohibited on this planet (the beatification of two former popes, see above) until April 27, 2014, during around 3781 years. More info at the full link *Ancient Persia and its Secret* and *Obscure Magyar*, pp 1-8.

We can see in the picture that Ahura Mazda symbolically has a ring in his hand. It can also be a symbol of blood group O which is both a symbol and a foundation for Man, proof that Man is a human being. It can furthermore mean that he stands for humanness, righteousness, knowledge, science, and nature. This is how the world knows him, according to Zoroaster. We can also understand that the son candidates would belong to blood group O. He who belongs to this group would win and thus be his son. This was his message, as far as I understand. We can summarize this deity: The God Anu of Sumer, Ahura Mazda and He who is on the throne in heaven is one and the same person, one and the same God. He was the deity who ordered the protection of the "Tree of Life" at that time and who was totally abused by the Holy See and the kingdom of Sweden. Instead of protection there was, for example, violence, terror and fraud.

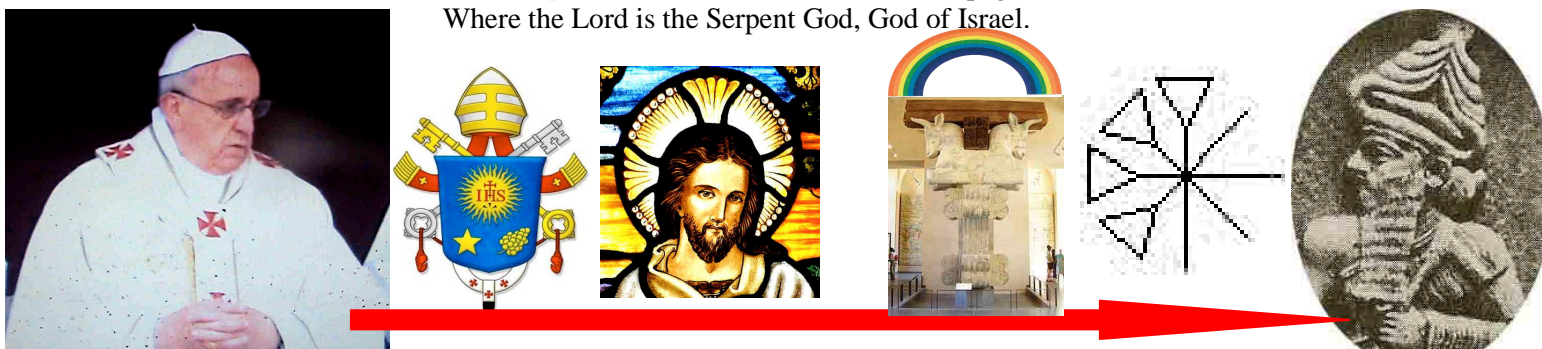

He, too, has a ring, which can be a symbol of the human blood group according to his demonstration.

Ahura Mazda's emblem. This clearly shows that he was the Lord of our binary star system, also called Alpha & Omega. When two different suns (a proton-proton star and a neutron star) meet or come close to each other, there appear terrible natural catastrophes. Life on our Earth will be put out and it takes a very long time for life to come back.

We know about some deities on this planet. One is the god from Exodus via Moses and Aaron, i.e. the Serpent deity. Another one is the Bull deity, Osiris, Deity of Death. Thereafter, within Christianity, a god appeared, a god with a humanlike body. He was called Jesus of Nazareth. He was God's Son according to the gospels. These two deities were and are rivals. Jesus Beelzebub

The Lord of ancient Canaan, the Bull Baal and the Serpent God of Israel were and remained enemies and rivals. Baal could also be regarded as a manifestation of the Sun. The Bible depicts him as the very emblem of a false god and Israel's God/Yahweh's competitor among the people. A strong confrontation is described in the story of Elijah and the prophets of Baal, where prophet Elijah challenges the prophets of Baal at Mount Carmel. The Bible severely condemns the worship of Baal. Many Israelites obviously found it difficult to keep Baal, the Lord and Israel's God apart, since Baal always copied Israel's God, the Serpent.

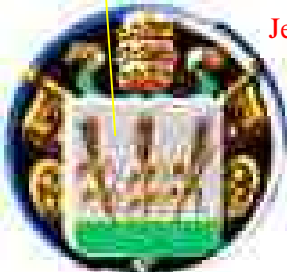

Baal Beelzebub also turns up in Palestine in connection with carpenter Joseph's paternity issue. Evangelists Matthew and Mark describe this Baal Beelzebub as the Lord Jesus. They also found it difficult to separate the Lamb Jesus and the Bull Jesus. After the re-writing of the gospels it is even more difficult to keep them apart. The Lamb Jesus was a reincarnation of the Serpent God, God of Israel. The Bull Jesus was a reincarnation of, among others, Osiris. The Bible calls this Jesus Beelzebub Satan and Antichrist.

There is a saying that history repeats itself. The same thing happened now at the fullness of time in connection with my father's paternity issue. The Lamb Christ R was removed by fraud and was replaced by the Bull, the Jesuit. In ancient Palestine as well as now in Stockholm three different individuals have referred to one and the same document of identity. Three became one.

Now, in the fullness of time, the last pope wants to deceive this God. He is on his throne which is now in our solar system, approaching the Earth. This Jesuit (Lord Jesus Christ from Nazareth) who, according to the gospels was the biological son of the human being and jack-of-all-trades Joseph, is now, in the fullness of time, according to the royal family Bernadotte, the Swedish Church, and the Holy See, my father's, Tibor Kemény's biological son. All this without any evidence, he is the winner and thereby the Son and heir of this God. – The inner circles in the Vatican are supposedly active in mafia activities. The head of state and king of Sweden is also involved with the mafia underworld. They both tarred with the same brush and this Jesuit/Antichrist is their shared candidate for the position as God's son and heir.

The two crossed silver keys are symbols of both the Lion's and the Lamb's biological mother. Their roads intersect, the basis of the decline of the Catholic Church and Christianity. A key is also a symbol of knowledge.

**Nicholas V, (1447–1455), Tommaso Parentucelli**  
210,54. From the Meanness of Luna

Once again we look back to the human Pope Nicholas V (who I believe is the greatest and most human pope in the history of Christianity) and we take a closer look at his personal coat of arms which announces the end of the Holy See and Christianity. Instead of conducting a human conversation with my father during his paternity issue, to keep the silver keys from intersecting, they used murder, violence, fraud and terror against my father and his family in the totally dark mafia world. The pope saw this and crossed the silver keys.

Tibor E was my father's foster son and Christer R is the son of my father's cousins. My father told me this about Tibor E: "I had plans for him and around his 18th birthday I would have told him that I was not his biological father, but I would always open the door for him." Little Tibor called my father "papa", even in his last telephone conversation.

My father said this about Christer R once the bubble had burst: "If Christer R had remained in the family and had he not come here in this brutal and inhuman way, he would have been of greater value inside the family than outside. Now he is a problem for my family, he does not belong here, thanks to the clergy."

Since none of them was my father's biological son, there was nothing to argue about. The actual situation could have been solved through a human conversation with my father. – Pope Nicholas wanted this, but it did not happen. The nature of the Beast was active also concerning my father's fatherhood and was the cause of trying to fool also God on his throne. In other words: They first tried to fool my father, then God. More info at *Aries, Capricorn and the Fullness of Time*, pp 11-12.

This God on his throne knows everything and sees and hears everything that is happening on Earth. For thousands of years aliens have been visiting the Earth. There are so-called moon bases on the Moon which collect all information from our globe. It is then forwarded to God's throne.

What we should understand is that the Holy See is trying to fool God without the people's and the flock of sheep's knowledge, but the head of state and king of Sweden drags the whole nation to destruction since his motto "For Sweden – With the Times" concerns the whole nation. Either the nation will follow the king or they will part as soon as possible making a republic possible. At the same time the king is a disgrace to Europe, especially the European monarchies.

Now it is a bit easier for us to understand the Lamb and God on his throne and their day of wrath. **Rev. 6:15-17.**

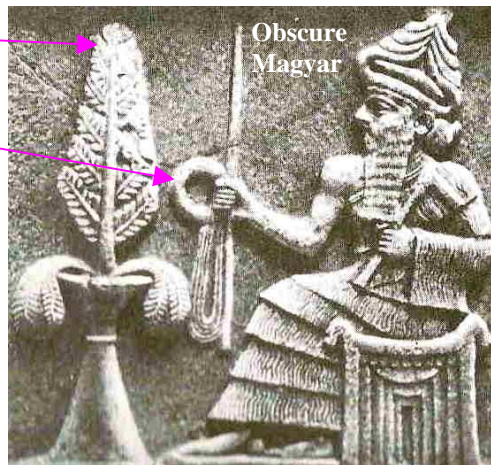

Both Pope Nicholas and my father tried to stop this invalid paternity issue in connection with the Lamb's and God's day of wrath. My father was the only human being on this planet who at that time fought the madness, during the 1970's. But we, he and his family, could do nothing against violence and terror. After my father had passed away I also tried to stop the illegal madness, without any result. Now it is up to the Lord and God of the solar system to do it his way, a way that corresponds to that used by the evil powers here on Earth.

Briefly about Pope Nicholas V for the last time. He was a pope only once in the papal history. I have found him in ancient Palestine, in the town of Nazareth, where he lived with his family. He was familiar with jack-of-all trades, carpenter Joseph, his family, and most people around him. He also knew about Joseph Jr's biological father and his family. According to records he also knew about Izates II/Jesus' existence. In retrospect it does not surprise me that he became a pope and introduced humanism to the Vatican. I also met him again in my home town Baja in Hungary. More info at *Aries, Capricorn and the Fullness of Time*, pp 11-12, *The Fourth Pyramid which Disappeared*, p 86, and *Autobiography*, p 4.

One thing is quite clear: it was Pope Francis who opened the world of Revelation by being elected pope. How and when the God on his throne will contact the Earth I do not know. It is personal for him, but according to the Book of Revelation he will send angels/aliens to the Earth in various groupings corresponding to the number "7". People on Earth will be able to look at the sky when the neutron star in the form of a giant comet will appear. Then we know that time has come and the question is how the evil powers of our globe can cover up the return of God.

There are also good people on this planet, people who enlighten mankind but these people are much weaker because they do not use violence. God on his throne also knows about these people. There are many men and women who are not sinful and live fairly normal lives according to circumstances. But they can get into difficult, almost impossible situations due to, for example, religious civil wars and similar madness. We cannot blame anything on them. We can summarize by saying that Man is the crown of creation, not God. If God is a human being, He must belong to **blood group 0**.

Science

Science states that man is the largest mammal on Earth. The majority of scientists are different species of animals in human bodies, their dispositions are those of animals. Their starting point is that if they are animals, everybody seems to be animals, and that is not the case.

**1914-1931**

During this bishop's bishopric Hungary was divided (crucified) on 4 June, 1920. He raged against the decision, to no avail. Even today there is silence about this due to religious considerations concerning Hungary. More info at *Obscure Magyar*, pp 57-58.

The pope paved the way for Vatican's independence and its agreement with Nazi Germany, G. Hitler and the government of death. More about this pope at *Obscure Magyar*, pp 58.

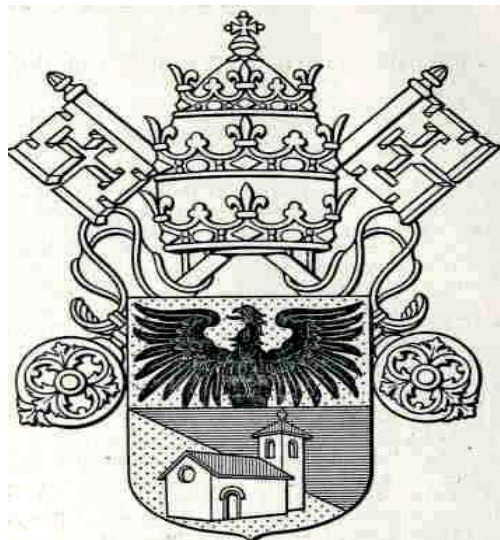

Arch bishop Nathan Söderblom was maybe one of the greatest arch bishops in the history of the Church of Sweden. He had read, studied and travelled a lot. Among other subjects he studied Persian culture and religion, Zoroaster and other religions. In 1896 he travelled to Paris and became legation minister at the Swedish congregation.

From his time in Paris we can mention that Alfred Nobel asked Söderblom for advice concerning a prize and also about his play *Nemesis* who was published shortly after Nobel's death. Anna Söderblom was worried that the dramatic and bold contents would give the wrong impression of Nobel and together with the estate the edition was destroyed after Nobel's death in 1896, apart from three books.

Michelangelo, David, and Csernoch's personal coat of arms, David and the Serpent.

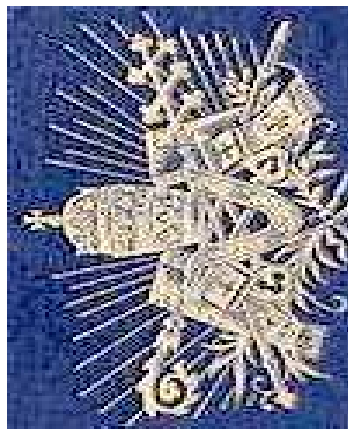

*Nemesis* is a four-act tragedy written by Alfred Nobel and published privately in Paris. *Nemesis* is the spirit of retribution, the religious Serpent deity.

Söderblom's wife Anna had read the proof. One of these is now at The National Archives (Riksarkivet) in Stockholm. The whereabouts of the other two is not known.

The reason given later on by Söderblom to why they were destroyed was that the play could damage Nobel's good reputation. It was also very anti-Catholic and Söderblom, who cherished ecumenicism, wanted good relations between Church of Sweden and the Catholic Church, i.e. they were secretly good friends. Being Nathan's wife, Anna supported her husband in his decision to remove one of Nobel's wishes from his will after pressure from the Church.

In those days the Hungarian church was weaker in relation to the Holy See. It was a bit more human, led by an arch bishop. It supported the Jews in their struggle and maintained that Hungary belonged to the Hungarians despite the division/crucifixion of the country. More info at *Obscure Magyar*, pp 57-58.

Alfred Nobel had strong confidence in Söderblom, but was let down. Nobel's invention has killed many innocent people and his bloody Nobel prize is not any better than his cruel play. (Reality is cruel) The neutron star with its seven planets, present in our solar system, was named after the Serpent deity Nemesis.

Nowadays the Swedes are gradually publishing the play, there are also translations into other languages. The play was staged for the first time in 2005 at Strindbergs Intima Teater.

Arch bishop Erling Eidem,  
1931-1950

During this bishop's time in office, my father's cousins married after Pope Pius XII's approval. Hungary as well as the rest of Europe were at war, started by Gustaf Hitler in 1939. His final goal was to eradicate, among others, the Jews, but the warnings by the Hungarian Church instead saved many Jews. The Hungarian Church in those days was close to dissolution and has never been so far away from the Holy See. The head of state, *vitéz* Horthy Miklós, was overthrown and kidnapped by Nazi Germany, as was the Jew Raoul Wallenberg who was taken away by the Soviets. Hungary was involved in the war and finally my paternal grandfather's brother *viéz* Kemény Simon and his youngest son were murdered by Nazi Germans. This was the darkest period for the Hungarian Church during 1,000 years. The showed humanism but Hungary suffered from brutality.

More info at *Obscure Magyar*, pp 58-60.

During this pope's pontificate the Vatican became independent and came to an agreement with Gustaf Hitler's government of death. The Holy See was involved in most matters concerning Hitler's struggle against, for example, the Jews and the surrounding world. But the Holy See was partly restricted because of its final plans concerning my father's paternity issue here in Sweden.

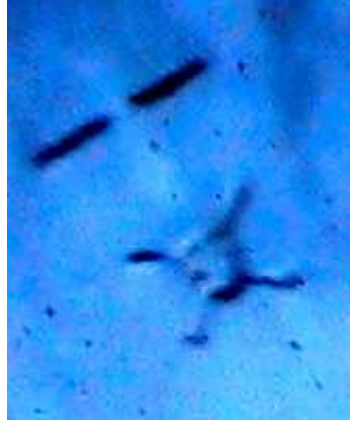

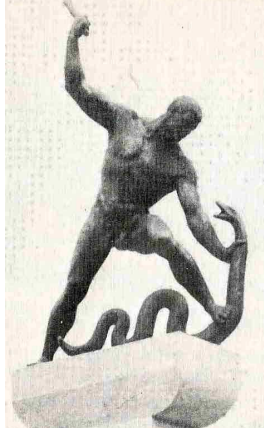

He was the most remarkable arch bishop ever and is without parallel in the Christian world.

Eidem said more about Hitler than any other individual dared to say.

In 1930 he expressed what today would be called nationalistic views but also defined a boundary line to the contemporary regime of death by issuing warnings to the Evangelical Lutheran Church in Germany about the ravaging anti-Semitism. On 2 May, 1934, the Swedish arch bishop entered the Reich Chancellery in Berlin in order to talk some sense into Adolf Hitler.

Thereafter Eidem was granted an audience and he tried to admonish Hitler. But Hitler did not pay attention and afterwards Eidem said he had looked into the eyes of the Devil.

We know that Nazism was called the New Christianity in Nazi Germany. Gustaf Hitler was its leader using Adolf's name since 31 January, 1933. There were a number of doubles as well, among them Adolf's dead brothers Otto and Edmund Hitler. The question is who granted Eidem an audience. **Eidem's issue** was the destiny of the German Church and Christianity, a very sensitive topic. Adolf was against communists, Gustaf was against Jews and, as I mentioned above, Nazism was the New Christianity. According to the arch bishop's excellent description of Hitler, he met Adolf.

The Hungarian Church wanted peace, but the Nazis wanted war and murder

The cross, Death/skull on Pius XI's coffin

"He was like an agitator speaking to a crowd of thousands. His gestures wild, his voice hoarse and rather unpleasant. He egged himself on to a real furore, hit the table with his hand, his eyes squirted fire, etc. He sometimes seemed to stop, but then started again." This description of Adolf agrees with the short description by the French woman Charlotte Lobjoise, who gave birth to Adolf's son. More info at *Aries, Capricorn and the Fullness of Time*, pp 25-26. We can understand Adolf's behaviour, the subject was important and sensitive. Everything was done in his name and he could do nothing about it. He was killed in 1936. In such a situation you may get the impression which Eidem wrote down after the meeting: "I did not notice a statesman, not even an educated person." During his trip home, he wrote a report of his experience.

Reich bishop Ludwig Müller, 1933-1945

Arch bishop Erling Eidem, 1931-1950

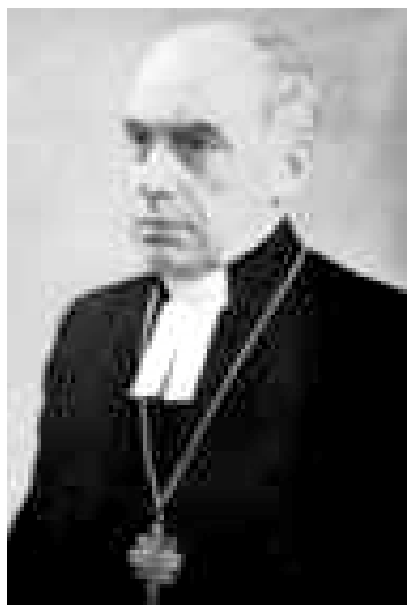

It was very dangerous to criticize the New German Church during the Nazi period, not even Pope XI did it. He simply did not dare, instead he signed an agreement. Suddenly the arch bishop contacted the German Church and started to issue warnings. On top of that he went to Berlin and was granted an audience with Adolf Hitler, but it was Gustaf Hitler who then governed Germany. He was not allowed to meet him. Eidem was a knowledgeable and intelligent arch bishop and he asked Adolf a number of, as I mentioned above, very sensitive and cutting questions. Adolf became angry and threw a tantrum. He did not make any decisions about religion and the German Church and he could not reveal any secrets about it. One thing is clear: Adolf sent the bishop home in peace instead of killing him. He was, however a very courageous, determined and stubborn leader of the Church who received admiration among those who knew about his activities against Nazi Germany. But in silence something happened in Church of Sweden. In 1940 Eidem was appointed head predicate at the Swedish royal court and in 1945, when Raoul Wallenberg was taken away by the Soviet criminals in Budapest, there was silence from Church of Sweden, despite the fact that Eidem was against war and murder. Olof Sundby was at the time the arch bishop. In 1975 the authorities started trials against my father concerning child maintenance to Christer R, who was the son of my father's cousins. The Church knew about the murder of the Jewish boy Tibor E, the change of identities and the the change of names.

Arch bishop Olof Sundby was very active. He officiated at the wedding between the king and Silvia at Storkyrkan in 1976 and baptised Victoria in Slottskyrkan in 1977. He furthermore cooperated excellently with the Holy See in the secret, dark world of Christianity.

The pope of darkness - **From a Solar Eclipse**. This pope's assignment was to cover up the murder of the Jewish boy, the Lion Tibor E, above all in Sweden via Church of Sweden and the royal family. In 1989 the pope visited Sweden, the first time in the history of the Holy See.

He became Chaplain to the King in 1974.  
 My father passed away during his period of service and the estate was drawn up. I had to include the Lamb Christer R in the estate inventory, but I clearly underlined the change of identities, that Christer R was not the same person as Tibor E.

Pope John Paul and Arch bishop Werkström met in Uppsala. In discussions the two high priests exchanged thoughts, thoughts about, for example, the continuing cover-up of my father's paternity issue here in Sweden.

The pope is on his way to the royal castle in Stockholm to meet the king and his family. The main theme is the same as it was in Uppsala. The pope had just arrived from Denmark where he also met the royal family.

The fact that the pope visited both Denmark and Sweden was an important so-called mission. The visit took place at the time of my father's paternity issue, something I can prove. - No more pope will ever visit the kingdom of Sweden and Arch bishop Werkström was the only high priest in Church of Sweden who had the opportunity to meet another high priest, a pope, in Uppsala, Sweden.

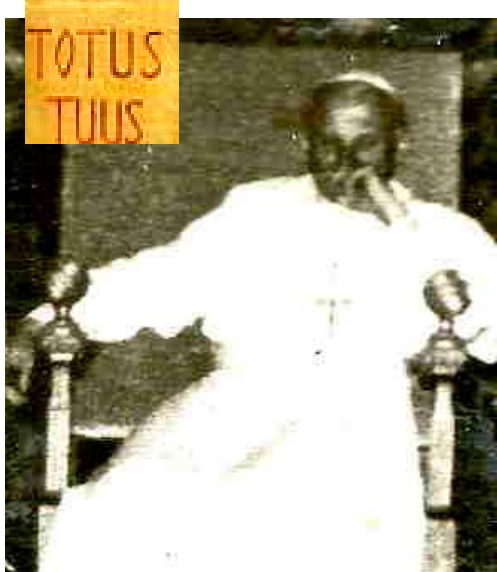

Arch bishop Werkström has received the following distinctions: His Majesty the King's medal, 12th size with a chain on June 6, 1991, the Great Cross of the Pontifical Plus-order on 2 May, 1991. My father died on 4 May, 1991.

### John Paul II's papal coat of arms

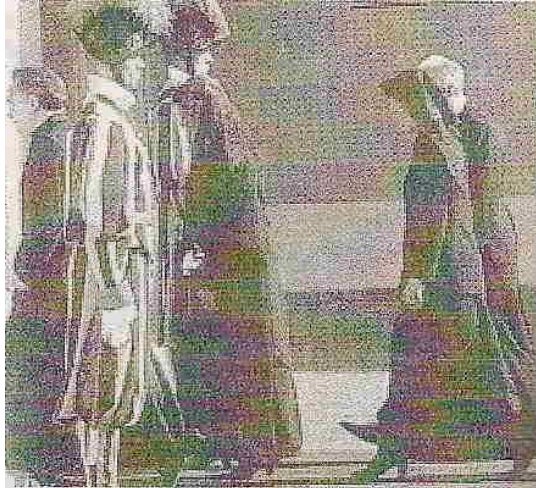

Pope John Paul II visited, among other countries, Sweden in 1989. In Stockholm he met the royal family headed by the king and in Uppsala he met the arch bishop of Church of Sweden, Gunnar Werkström. Ten years later the pope invited the arch bishop of the Lutheran Church of Sweden KG Hammar and the king, as head of state, and his family to the Vatican. Arch bishop Paarma from Church of Finland joined the travelling group.

### The arch bishop's coat of arms, Church of Sweden

A dark church has a dark arch bishop and a dark arch bishop has a dark coat of arms, as above. When they talked about the cover-up of the murder of the Jewish boy Tibor E, the Swedish arch bishop and the pope understood each other quite well, as they did about the introduction of the Lamb, Christer R, into Church of Sweden and my family. They were two birds of a feather.

Welcome to us in the Vatican!

The king and queen on their way to the pope, dressed in black.

Destination the Vatican Kingdom of Sweden, totally black

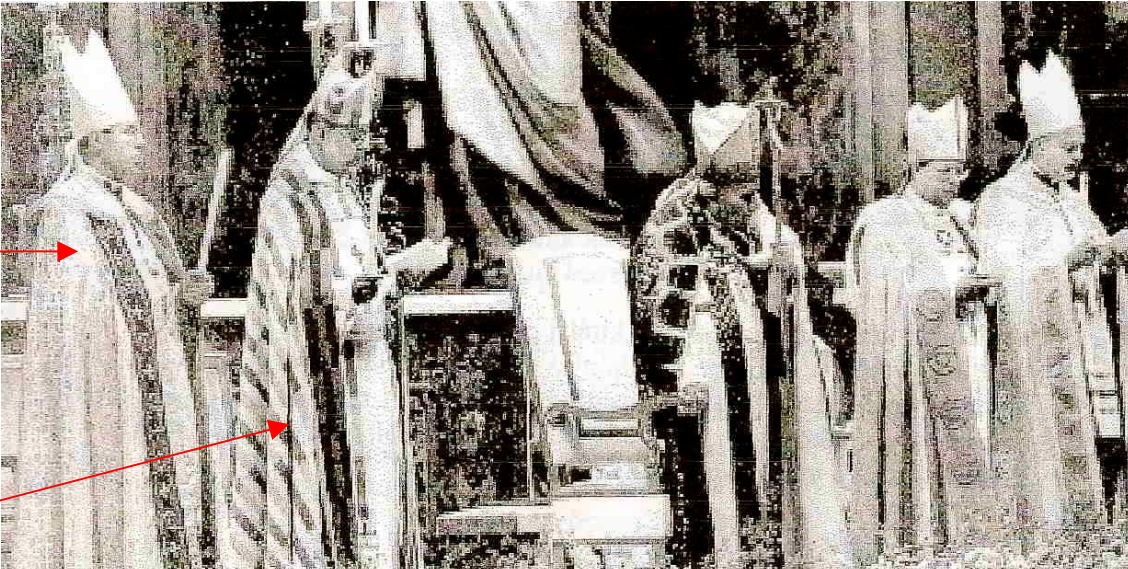

There were secret conversations in the pope's private library...

The pope received King Carl Gustaf XVI and Queen Silvia in the Vatican on 13 November at 11 a.m. Thereafter they sat together in the pope's private library and conducted secret conversations for more than an hour. – At that time my father's paternity issue was a hot topic, behind my father's back. In secrecy, in the dark.

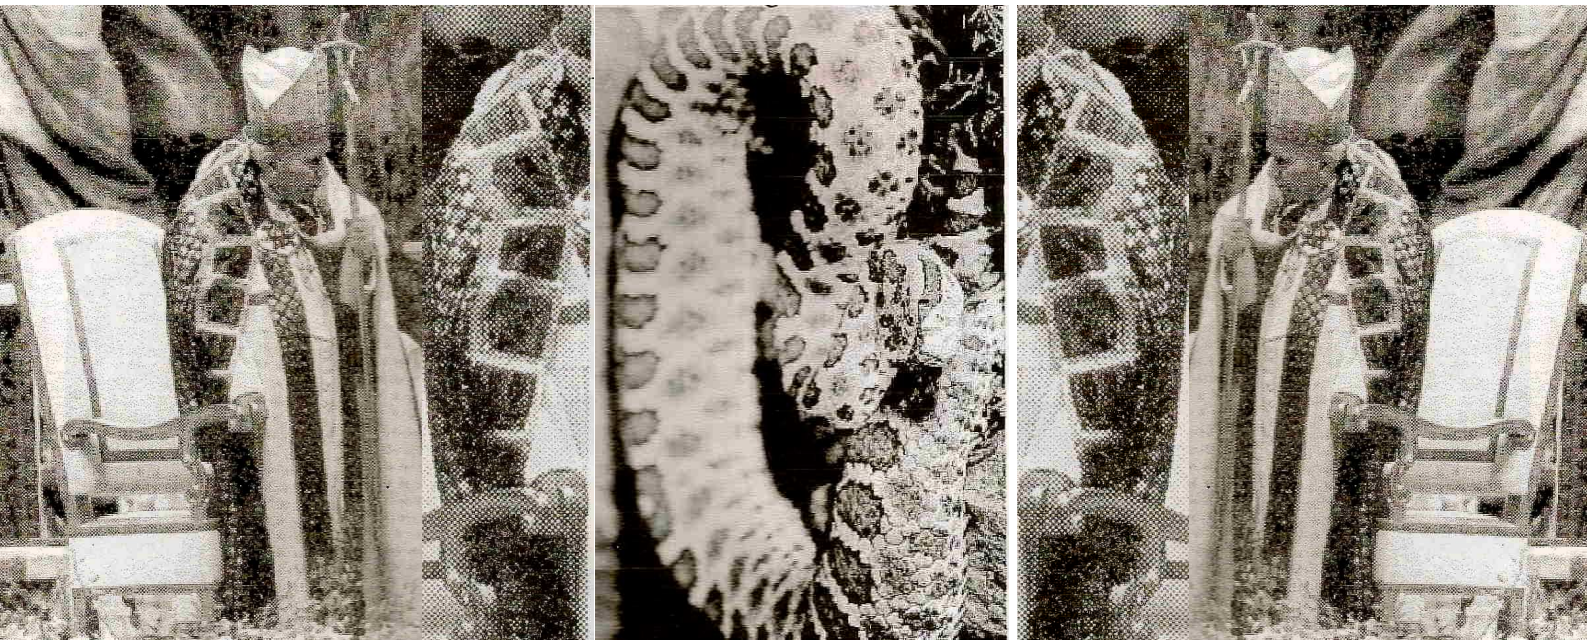

The pope's handshake meant safety for the royal family.

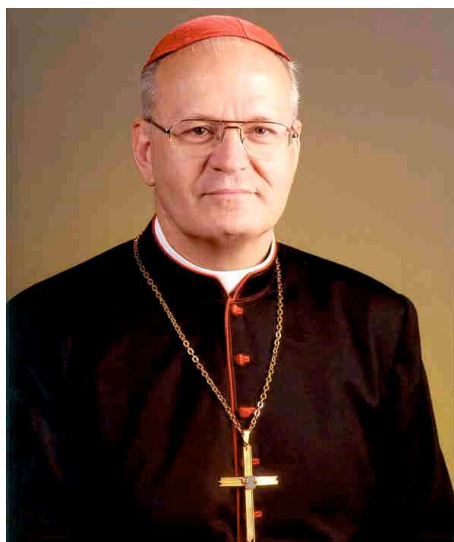

A mass in St. Peter's Basilica, dedicated to the cover-up. In other words they dress the kingdom of Sweden in black clothing. To the right of the pope is Arch bishop KG Hammar and next to him Arch bishop Paarma, Church of Finland. A thanksgiving mass for God. But for which God? – the Serpent, the Virgin...?

We can see that the pope's vestments look like a serpent's skin (vipera), so here the pope looks like a serpent and is cunning like a serpent. His personal coat of arms bears upon the Swedish flag and "M". 1) M = Hybrid/Virgin = the Serpent, the Lamb. 2) M = Moses. In his serpent-like vestments the pope demonstrates that it was the Serpent/Lamb who was crucified in Jerusalem, not the Lion of Judah. The pope has the cross in his hand. Thus, the thanksgiving mass was dedicated to the Virgin/Serpent. Maybe a reminder of the day of the wrath of the Lamb, created by the clergy and the Churches.

The royal family also took part in the mass and enjoyed it. It is further evidence that the royal family from Carl Johan XIV and onwards is a secret asset in the hands of the Holy See. At the same time in Northern Ireland, Catholics and Protestants were slaughtering each other in the name of God.

The Vatican's coat of arms displays two crossed keys. One silver key (a female symbol, the Moon), one golden key (male symbol, the Sun). We can see that the keys intersect. In other words: the road of the Sun is intersected by the road of the Moon.

After the pope's death, confirmation established that the pope had accomplished his mission to darken the Sun and bring out the Moon. He did this quite well and an exchange of identities was carried out during the 1970's in Stockholm: Tibor E out, replaced by Christer R, managed and approved of by the royal family. This is evidence based on a document published by the Vatican on the Internet after the death of the pope. Amen!

The last pope, awaited by the world, has now arrived. The very last pope in the two-thousand-year-old dynasty of the Catholic Church. He received the name "Petrus Romanus", Peter of Rome. He is responsible for the activities and all crimes committed by the Church so far.

The arch bishop's black coat of arms is a reflection of the dark situation of Church of Sweden. Under his leadership the Bull, the Jesuit, was allowed into the Church and the Lamb was removed. Cooperation with the pope was not very good.

The pope is a Jesuit and is the pope for the Bull or the Bull deity. In the gospels he is called, among other names, Beelzebub and Mammon. He is the deity of the rich, the wealthy. His election opened the world of the Book of Revelation on 13 March, 2013.

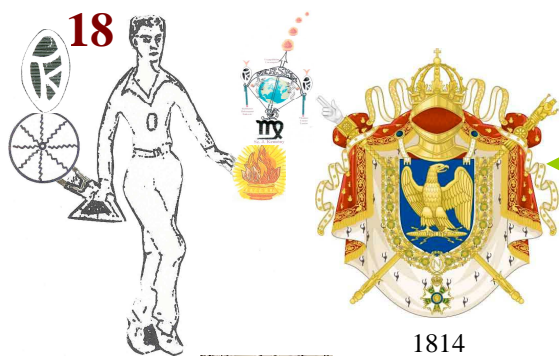

The arch bishop's coat of arms, Church of Sweden

The traditional appearance of the arch bishop's coat of arms is gone. The new arch bishop chose to renew it. They plan to paint the Church with some brighter colours to avoid scaring off the flock of sheep into the darkness. The foundation of the Church is the king.

We can clearly see that there is no biological connection between King Carl Johan XIV (Bernadotte) and King Carl Gustaf XVI (Bernadotte). The pictures confirm that the present royal family has dropped out of the Bernadotte origin. This means that the king is not entitled to be a monarch. This may mean that all crimes committed by the king, the Son of Crimes, in his capacity as head of state and king, are invalid. This bears upon, for example, the management of my father's paternity issue. Officially it is invalid, since he is not entitled to being head of state and king. In other words: The Vatican can throw away the dice, it is not important any more, it points to my father's and Napoleon's advantage. This is a gigantic problem for the Vatican, a "Big-Bang!" (The dice is symbolic). The Vatican bet on grey horse, a false horse, and lost.

The Jesuit, Cardinal Pacca was one of Pope Pius VII's closest cardinals. He accompanied the pope at all times, also in captivity. He was the pope's constant representative. During the Napoleon era the Catholic Church was trailing behind Napoleon, the Lion of Corsica, he wanted to restore the Society of Jesus. According to what I know and certain clues, Pacca was a reincarnation of Linus. More info at *Foundation Stone*, p 34 and *Prince of Pontecorvo, or...*, pp 10-11, 32.

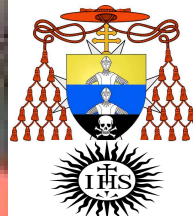

The last pope, Petrus Romanus, is the Jesuit Francis I. Secretly, the Roman Catholic Church and Christianity face a catastrophe which cannot be repaired and is kept alive by artificial respiration. The pope is a reincarnation of Cardinal Pacca and is used to managing the church from a weak position. His God is the "Bull deity, the Lord" who is one of the richest individuals on this planet. Being a rich dog does not score any points with the flock of sheep and the pope proclaims the opposite, i.e. he cares for the poor and poverty. The pope is said to lead a simple life. Arch bishop Antje Jackelén, 2014-, bishop no. 70

Stephen, arch bishop of Church of Sweden 1164-1185. Gamla Uppsala, The first bishop of the Uppsala diocese.

When he was ordained arch bishop, Stefan probably received a relic of the holy cross and a book of gospels from the pope. The book had, according to records from the 14<sup>th</sup> century, the complicated name "**carla knap**". The new arch bishop had four bishops to assist him, in Skara, Linköping, Strängnäs and Västerås. Växjö was added in 1170. What does *carla knap* mean? Karl Sverkersson was king at the time and Carla is a feminine version of the name Karl. The king was a man, but the arch bishop was also a woman, a hybrid, who could secretly appear as a woman. If the arch bishop wanted to change something, he used the name "Carla knap" and maybe he triggered unpleasant situations and created chaos. There was a lot of chaos in those days. – The first arch bishop was a woman, number 70 is also a woman.

Dan, 12:4 och 12:13

"But you, Daniel, shut up the words, and seal the book until the time of the end; many shall run to and fro, and knowledge shall increase."

"But you, go *your way* till the end; for you shall rest, and will arise to your inheritance at the end of the days."

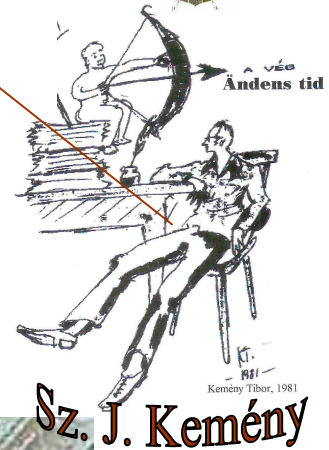

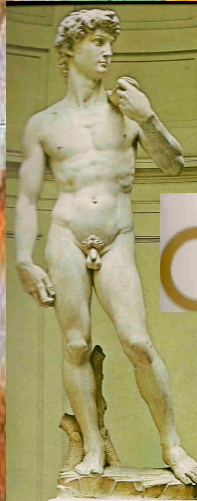

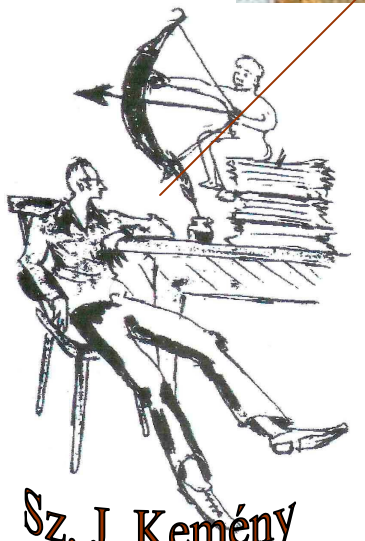

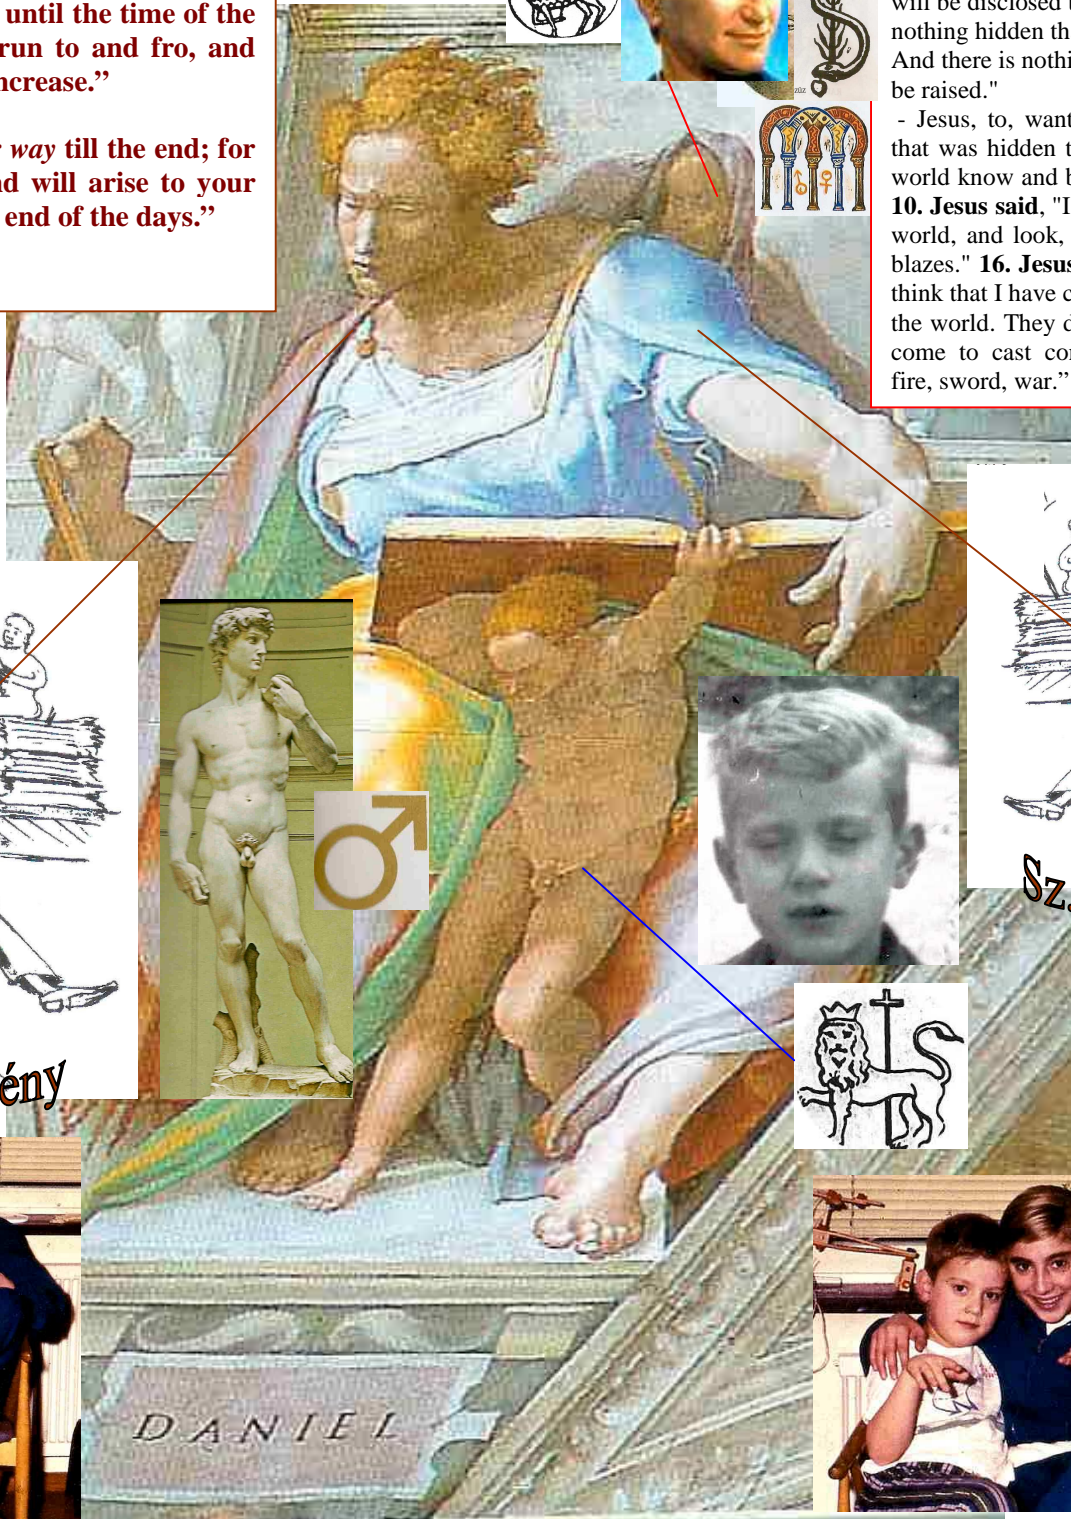

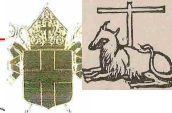

Finally:

5. Jesus said, "Know what is in front of your face, and what is hidden from you will be disclosed to you. For there is nothing hidden that will not be revealed. And there is nothing buried that will not be raised."

- Jesus, to, wanted to bring everything that was hidden to the surface to let the world know and become knowledgeable.

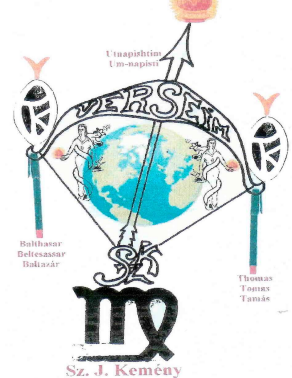

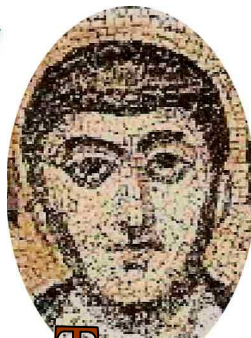

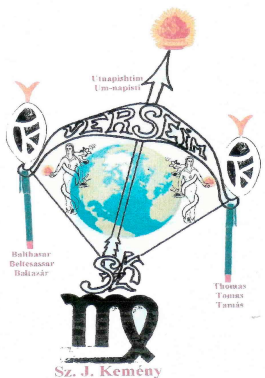

10. Jesus said, "I have cast fire upon the world, and look, I'm guarding it until it blazes." 16. Jesus said: "Perhaps people think that I have come to cast peace upon the world. They do not know that I have come to cast conflicts upon the earth: fire, sword, war."
